

Introduction

National Lottery Project Grants

Arts Council National Lottery Project Grants is our funding programme for arts, museums and libraries projects. It is always open, so we can respond to people's good ideas.

Our Strategy, Let's Create

Let's Create is our ten-year Strategy 2020-2030. It explains how we want our funding to make a difference. It includes three Outcomes and their Elements, and four Investment Principles.

We recommend reading Let's Create before you apply. This is so you're familiar with the difference that we want projects to make (the Outcomes and their Elements). It will also help you to use the Investment Principles to shape and deliver a successful project.

We will ask questions in the application form which relate to the Outcomes, their Elements and the Investment Principles. We will tell you which questions these are.

Application form

In this application form we will ask you questions about:

- your project**
- the people and communities who will experience your project**
- your planning**
- you or your organisation**

When we read your answers we will think about how your project will help to make a difference using the Outcomes and Investment Principles. We will also think about how likely it is to achieve what you want it to.

The information you give us in this application form will help us decide which applications we will fund.

Remember

The first few screens are already completed with information you've provided in your applicant profile. If you need to make changes to these screens, go back to the 'Applicants' section and you can edit your applicant profile.

Throughout the application form, any questions marked with an asterisk (*) must be answered to allow you to submit the form.

Faggamuffin Bloc Party (FBP) platforms LGBTQ+ DJs, MCs, musicians & performers of Black/Caribbean descent across London & the UK. Virginia Wilson founded FBP: a queer, Jamaican DJ & event promoter, prominent in London's LGBTQ+ nightlife scene.

FBP carves out an emancipatory space in Carnival for Queer/Trans artists of colour. FBP events are dynamic, fast-paced & colourful, with diverse music & dance performances, celebrating the influences in Queer African Caribbean, Carnival & sound-system culture, inc:

- Jamaican & Trinidadian Master of Ceremony (MC) customs; Patois language/tonality, dancehall, reggae, soca & calypso music
- UK/Black-British music (Rap, Grime, Funk & Bashment)
- LGBTQ+ underground club cultures & music (Jersey Ballroom, Voguing & House).

Public participation in FBP Queer Carnival & adjacent creative industries is via:

- 4 public events at Southbank's Meltdown Festival, Carnival Pride, Notting Hill Carnival Party & Hackney Central Soundsystem; enhancing visibility of QTBIPOC artists at high-profile events
- platforming 6 DJs, 1 MC, 3 dancers & a carnival group (3 performers "playing mas" in masquerade regalia)
- 100 hrs of free studio time in Black History Month with a panel discussion & live-stream for emerging DJs & artists, removing financial barriers to creative practice
- 3 MC masterclasses with 3 FBP artists & 4 DJ workshops with 2 resident DJs; supporting underrepresented artists to develop specific skills & sustain their creative careers.

Amidst this, FBP will undertake significant org development, increasing capacity & scaling their positive impact on artists in the community through deep communicative & investigative methodology with clear KPI's that improve the response to QTBIPOC artists' needs, thus building pipelines to cultural/social capital via:

- 6 open volunteer roles for emerging artists across all events & wkshps; increasing opps for upskilling & professional dev in creative industries
- mental health resource signposting; boosting awareness & dialogue around QTBIPOC identity, heritage, & social justice
- development & launch of Faggamuffin's 1st website, publishing 1st impact report & solidifying their unique artistic policies; explicitly describing the impact of increasing QTBIPOC cultural engagement
- feedback sessions & focus grps with artists & stakeholders; responding to the community's specific needs & fostering a sense of belonging & solidarity between traditional Carnival advocates & the contemporary LGBTQ+ artists of FBP
- documentation & archiving of events, live-streams & wkshps via. video/photography, tracking FBP's legacy & contribution to carnival & soundsystem culture
- Connecting invited stakeholders in Manchester & B'ham (cities with significant African/Caribbean diasporas).

FBP develops & sustains careers for QTBIPOC artists; elevating & evolving

Carnival culture from its traditional roots by unapologetically Queering the space.

Ambition, Quality and Dynamism

The next two questions are about our Ambition and Quality and Dynamism Investment Principles. You can find more about them here.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?

- You can write this in full paragraphs or in bullet points

FBP was ACE funded (under £30k NLPG) for Hackney Carnival in 2018 & again in 2021 for the emergency response grant. Their Hackney Carnival stage featured inter/national multidisciplinary, multi-genre artists, attracting 3000+ audiences, demonstrating the wider appeal of Queer Carnival & the importance of FBP's survival as a creative ecosystem. This project builds on both these iterations, expanding FBP's reach, output & impact.

FBP's activities are inspired by the need for openly "out" creative spaces in the UK's carnival soundsystem, created by & for LGBTQ+ people of colour, with a focus on Queer/trans Black people. With this iteration, FBP will solidify their legacy, archive, & multi-disciplinary storytelling within wider Carnival culture.

Since 2018, Faggamuffin Bloc Party has completed over 35 events, reaching 10k+ audiences annually, working with 100+ artists, and supporting a massive nightlife/live music ecosystem.

FBP's 2024 activities marks an ambitious step up in scale & quality:

- 4 major public events, especially after COVID-19, expanding audience reach
- launching a website as a digital platform for artists & an archive.
- the production of their 1st full impact report & artistic policy for target cohorts (LGBTQ+ Afro-Caribbeans); documenting their impact & setting out minimum standards for best practice within the subculture
- deep, longitudinal support (studio-time & workshops) for DJs, MCs, dancers & artists (emerging to mid-career).

How will you know if you've achieved what you set out to do?

Surveys (online or in-person), Bespoke evaluation framework, Peer review, Post-event forum

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

FBP will measure its success through an evaluation strategy comprising of:

- 1 Town Hall community forum for stakeholders (elders, co-founder, advisory board, local authority, etc), discussing the needs of target audience/artists & future strategies for growth
- reviews b/w the lead artist & assistant producer after every event
- surveys & feedback forms for artists & audiences measuring level of enjoyment, comfort, accessibility & quality of music/event production; participants incentivised with a 10% discount to the next FBP event
- filming events to capture audio-visual representation of the Carnival aesthetic & in person feedback.

FBP's growth target for Hackney Carnival is a 33% increase from 3000+ attendees to 4000+ in 2024.
Other events will be deemed a success if they exceed 75% capacity; indicating increased public interest in FBP.

FBP's website will host a digital platform for DJs, with traffic goals of 10-20% increase/month & a 10-20% increase in 2025 bookings.

FBP draws learnings from previous productions to create their 1st impact report & artistic policy; this iteration elevates their mission to increase the cultural capital of LGBTQ+ Afro-Caribbean carnival artists. FBP's legacy building will:

- increase multidisciplinary entanglements between music, performance art & dance
- provide employment opps & increased resources to a range of creatives - DJs, MCs, visual artists & graphic designers, dancers, masquerade costume makers & more

Environmental Responsibility

This question is about our Environmental Responsibility Investment Principle.

You can read more about this in the Being environmentally responsible section of the Guidance Library.

What are you doing to make your project environmentally responsible?

Alternative travel and transport for people involved in your project, Audience travel – for example collecting data on how people travel to events or encouraging sustainable travel, Carbon footprint - for example using a carbon calculator to forecast or better understand your project footprint, Training and development – for example climate literacy or mentoring, Production models - for example concept touring or local casting

Please click the 'Save' button below after you have answered the question.

Tell us more

Up to 1500 characters

- What are the environmental actions or targets for your project?
- Are you testing any new approaches or ideas?
- How will you evaluate and share your environmental approach?

Faggamuffin Bloc Party is a grassroots organisation run by predominantly queer/trans, Black creatives. They are under-resourced & statistically less likely than their white, straight, corporate counterparts to have the resources to deploy towards comprehensive environmental actions.

This project marks FBP's 1st attempt at implementing environmental policies. The impact of FBP's events is deeply tied to the practices of the host venues. FBP will gather data from a small sample of 75-100 attendees to assess their travel habits, cross-reference with venue's information about drinks/catering & plastic usage, measure waste produced, energy consumed, carbon footprint & make recommendations for future events for areas of improvement.

FBP's production process will reduce environmental impact through:

- written information on call sheets for artists/DJ's that encourage usage of green transportation methods (walking distances, nearest public transport options)
- Waste management during production - work with venues to prioritise recycling & reuse of any physical set building/event dressing materials, include recycling bins during public events
- Backstage practice: no single-use plastics
- source catering locally for each event's diems, reducing the need for travel.
- using digital marketing methods over print media

This project is FBP's 1st implementation of environmental policies in production, using Julia's Bicycle as a resource for strategy.

FBP are supported by their collaborators (host venues/larger carnival events) to combine audiences & expand reach. They will also tap into their vast ecosystem, leveraging the networks & fanbases of their artists & partners to disseminate information about FBP's events, ticket sales & website launch.

Partners, such as Meltdown Festival & Hackney Carnival, will leverage their inhouse marketing teams & strategies, including mailing lists, social media, print media & PR. FBP also have a 300+ mailing list of highly engaged audience members & regular attendees.

FBP's marketing strategy is part of creating a Queer subculture within Carnival. This will include communicating their philosophy, personal stories & examples of work through a slick visual & sonic language that becomes embedded within the culture. To communicate FBP's values will make extensive use of social media through:

- short clips, photos, recordings, using music of the resident DJ's & archival footage
- paid adverts on social media platforms (IG, FB, tiktok & Twitter)
- the combined over 200k+ instagram followings of Lead Artist Virginia & main collaborators (Nottinghill Carnival & Southbank Centre)
- a predefined posting schedule & copywriting throughout the duration of the project

FBP will work with PR company John Doe PR to develop & deliver a PR campaign supporting FBP's website launch & significantly upgrade their branding/public facing media.

Inclusivity and Relevance

This question relates to our Inclusivity and Relevance Investment Principle.
You can find more about it [here](#)

What steps are you taking to make your project inclusive and relevant?

Up to 3500 characters

Inclusivity

- How have you embraced a wide range of diverse influences and practices in bringing your project together?
- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?
- If it's relevant, how will the project team reflect the people and communities your project will reach?

FBP's events prioritise the artistry & experiences of LGBTQ+ individuals of Black Afro-Caribbean descent. It encourages cultural participation, expression of cultural identity & spiritual practice (for e.g, Jouvert & Jab Jab).

According to 2021 census data:

- ~ 1.4m Black & Mixed Afro-Caribbeans in London
- ~7% of London pop. 7% LGBT.

Based on this data, there are ~ 100k LGBTQ+ Afro-Caribbeans in London.

FBP celebrates Carnival culture outside the traditional framework. LGBTQ+ Black Afro-Caribbeans experience a complex, triple-threat alienation comprising of:

- racial-sexual violence & exclusion from dominant, white-British culture
- persistent homo/transphobia from the Black community; driven by religious beliefs & regressive laws imposed by European imperialism
- dominance of white, cis, gay male tastes within the LGBTQ+ community; leading to gentrification & poor representation.

The sheer diversity in Caribbean culture further complicates this: for eg., the concept of "machismo" (exaggerated masculinity) is deeply ingrained in Latin Caribbean life; the resulting patriarchy further reinforces queerphobia.

FBP creates spaces for openly Queer forms of cultural practices. By broadening the scope of Caribbean cultural heritage & Carnival practices beyond tradition, FBP takes steps to include further members experiencing other kinds of marginalisation (disability, class & mental health, etc.)

FBP's target & existing audiences comprise a diverse range of normative & non-normative arts audiences & a plurality of identities:

- fans of UK rap, hip-hop, grime, bashment, dancehall, soca, etc.
- "club kids", or nightlife party-goers
- LGBTQ+ Black Afro-Caribbeans
- Wider LGBTQ+ community
- Wider Afro-Caribbean community
- Carnival ecosystem, including masquerade bands, organisers, educators & participants.

FBP will time their activities to match the seasonal nature of cultural activities, leveraging peaks in audience interest, increasing the project's relevance & covering all its bases. The 3 main seasons are:

- Pride, May-September
- Carnival, overlapping with pride summer activities; culminating with Notting Hill Carnival (late August)
- Black History Month in October

In the creative industries, events management, & nightlife, LGBTQ+ people of colour experience discrimination & barriers to employment, especially to mid-level & senior management roles. The following inclusion methods will be used to remove barriers to entry & participation:

- 100 hours of free studio sessions for emerging QTBIPOC DJs during Black History Month; removing financial barriers to artistic practice
- BSL interpreters for Southbank Centre, Carnival Pride & Notting Hill Carnival;

increasing accessibility for D/deaf audiences

- Signposting of mental-health resources for artists in this community; increasing awareness & knowledge of coping with neurodivergence & working in high-octane, high-stimulation environments

- creation of minimum standards through artistic policy; with targets for diversity & inclusion.

In the spirit of “by us, for us”, FBP is led by Virginia Wilson, a neurodivergent DJ & event promoter of Mexican-Jamaican descent. She identifies as a lesbian. The rest of FBP’s staff, including producers, resident DJs, MCs & performers are all Queer & Afro-Caribbean. The workforce directly reflects the target audience; reinforcing the positive social outcomes of seeing yourself represented, celebrated & accepted.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 06/05/2024

Project End Date: 30/11/2024

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

Faggamuffin are supported by a vast ecosystem in the Queer Carnival scene.

FBP's main team is comprised of:

- Virginia 'Gin' Wilson; Lead artist, event producer, DJ & community organiser
- Seyi Osi; assistant producer, working across all events

FBP's resident artists & DJs bring their identities & individual practices as DJs, MCs & dancers to the project, building FBP's audience & pushing Queer Carnival culture forward. MC's bring their formidable skills in live rap performance, improvisation, storytelling & are integral to setting the overarching mood of a FBP event. DJ's bring their repertoire of blending UK grime, pop, bashment, rap with dancehall, reggae, soca & other forms of Caribbean music. Dancers & carnival masquerade performers are integral to fleshing out FBP's visual aesthetic & language.

FBP are supported by a plethora of partnered venues & institutions who offer both their spaces & their mentorship as event producers. Notable mentions include:

- Southbank Centre; hosting FBP at Meltdown Festival
- Earth Hackney
- Village Underground
- Glasshouse Common Press
- Pirate Studios; offering 100 hours of free studio time for musicians

FBP are supported in their organisational development by:

- Something to Aim For; a charity working closely with Gin to manage workload
- Sasolo Arts Development; a consultancy specialising in grassroots arts organisations
- UK Black Pride
- John Doe PR
- JPInterpreters; an LGBTQ+ friendly BSL interpreter.

Budget: How much are you applying to us for?

We need to know how much money you are applying to us for.

We'll ask you to tell us how much money you'll have to spend on the project (the income) and what you will spend it on (the expenditure). We'll also ask you to think about any challenges for your project and explain how you will respond to these.

Whilst we understand that budgets can change over the life of a project, this information allows us to see how you've planned your budget and how realistic it is that your project will deliver what you want it to.

Please read the Budget section of our Guidance for Applicants for help on completing your budget.

Please tell us the total amount you are applying to us for, including any personal access costs (£): £49,000

How much of this request is for your/your collaborators' personal access costs (£)? £0

What do we mean by 'Personal access costs'?

*If you, or any of the core team of people you are delivering the project with, experience barriers because you identify as:

there may be extra costs relating to your access needs. These would be to:

- help you deliver the project; or
- for the online management of your grant.
- Some examples are: a BSL interpreter, a notetaker, or specialist tutor for admin support, or counselling costs.

Costs can only be for the project period (between your project start date and end date).

Costs for caring responsibilities or costs for making your activity accessible to the people experiencing your project, including participants, can be included as part of your project budget but should not be included as personal access costs.

Only include personal access costs that you will have if your application is successful. This does not include costs relating to preparing, planning and submitting your application.

You can find more about personal access costs, and more about how we can support you to submit an application, in our Access Support information sheet.

If your personal access costs take your request over £100,000 we will still treat your application as an application for £30,001 and over

Income Questions

Tell us more about the match funding for your project
Up to 1500 characters

- **How have you worked out the earned income you expect to receive during the project?**
- **How likely are you to secure your expected income?**
- **How will your project meet its aims if you receive less income than expected?**

Confirmed Income:

- Virginia's fees from DJing 2023 (£250/DJ set, x 8, £2000)
- Donation from Something to Aim for; the charity supporting Virginia with mentoring & management (£2000)
- Faggamuffin existing reserves (£2000)
- Southbank Centre fee for Meltdown Festival event (£3000)
- Funding from Hackney Council; Pride 365 (£1000)
- Presales of tickets to Carnival Pride (25% sold of 375 tickets £10 each; £1250).

Total confirmed income: £11,250

Expected Income:

- Grant funding from Clifford Chance (£2000)
- Ticket Sales from Carnival Pride (~50% capacity of 720 = 375 tickets x £10, £3750)
- Notting Hill Carnival Party Ticket Sales (70% turnout of 720 cap: 500 tix @£10, £5000)
- Fee for Hackney Carnival (£1000)

Total expected income: £11,750

Ticket sales are based on a conservative estimate of 70-75% turnout of capacity. Considering nearly 2 million people visit Notting Hill Carnival every year (BBC), this goal should be reasonable and easily met. Fee for Hackney Carnival is pending confirmation as the event is happening later in the year. Grant funding from Clifford Chance will be confirmed in March 2024.

If the project makes less money than expected, FBP will dip further into reserves & contingency to cover costs.

Virginia has managed events for over a decade - producing sell-out events of this scale for FBP since 2018. All estimates are based on previous iterations & are likely to exceed ticket sale expectations.

Expenditure table

Please complete the expenditure table below with all your cash expenditure.

Remember:

- Your budget must balance. This means your total expenditure needs to be the same amount as your total income.
- Only include expenditure that will be spent between the start and end date of your project.
- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Include example breakdown for expenditure, for example: Artist fee (£300 per day x 30 days) £9,000

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

RISK 1: Creative risk - carnival practices are profoundly linked to historical narratives, such as the legacy of the Transatlantic slave trade, the Windrush generation & broader patterns of diaspora movement. FBP seeks to subvert & “queer” some of these traditions; cultural insensitivity & mis-representation could be experienced by some more traditional community members, particularly elders.

R2: Creative risk - backlash from both within & external stakeholders to carnival; particularly transphobic backlash. Due to the current political climate, Queer/Trans hate crime & tensions are heightened. FBP's events are incredibly public & participating artists/audiences are at considerable risk of violent or hateful language/actions.

R3: Potential withdrawal of key artists/collaborators due to conflicting commitments or general disorganisation.

R4: The FBP team are juggling other aspects of their creative & professional careers while executing this project. Burnout within the team, particularly within leadership is a risk factor due to the size & scope of the project

R5: Interpersonal grievances within the production team: the LGBTQ+ community is still comparatively small - particularly within nightlife. Interpersonal “drama” often crop up due to dating, relationships & friendships mixing into a creative workplace.

R6: Risk of injury to dancers & performers during stage sets.

R7: Notting Hill Carnival & carnival events are wildly popular - overcrowding at public events & associated healthy & safety risks of summer events (overheating, dehydration, excessive alcohol conception) are magnified as audiences & participants dance & partiake in alcohol consumption.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

MITIGATION 1: The project will implement clear & accessible channels for feedback/grievances/concerns from stakeholders regarding respecting & protecting cultural expressions & the intellectual property of marginalised communities. FBP are at very low risk of exploiting or misappropriating cultural elements of Carnival as the leadership team & all the artists are LGBTQ+ Afro Caribbeans. This is a group that already has meaningful ownership over their culture.

M2: FBP will implement 2 safeguarding measures - a “safer spaces policy” that will be communicated ahead of an event to potential audiences including behavioural policies, & working with participating venues/hosts to ensure there is enough supervision on the entrance, the dancefloor as well as at the end of every event to deal with potential disruptions.

M3: At least 75% of FBP’s team comprises of regular collaborators & audiences with a track record of reliability. FBP will also have back up artists on hand to fill in DJ or dancer slots. Lead Artist Virginia’s massive network will help fill in any potential gaps.

M4: FBP are supported by the charity “Something to Aim For” who will provide mentorship, guidance & support with management tasks. FBP have worked with them regularly for 2+ years. FBP will also be hiring extra event producers to be onsite for the day of the events.

M5: FBP are implementing a strict “no dating” policy within the team for the duration of the project. This boundary will be reinforced in contract agreements to avoid unnecessary conflict & “drama”

M6: FBP & participating venues will have public liability insurance with coverage over 10M to cover any risks of injury during performances. Dancers & performers will test the stage & see the venues before event day.

M7: FBP will work with venue partners to ensure events are not over-capacity & all bars have free, accessible water throughout the event.

Safeguarding

You acknowledge that safeguarding is important in all projects working with the public. You acknowledge that if your project is funded you must sign up to Terms and Conditions that require you to have appropriate policies and procedures in place – and to put them into effect where needed – to support the safe delivery of the project.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

We will not use this information to assess your application. For specific programmes, we may use this information as part of our decision-making process. Where this is the case, it will be stated in the Applicant guidance, and we will ask you to ensure this information is up to date before submitting your application.

If you do not know some of the information or you would prefer not to provide it, you can fill in the 'Not known/Prefer not to answer' box. Should a member of senior management also sit on your board/council, please only count them once.

4. Subsidy Control

The Subsidy Control rules are the new legal requirements that apply to the award of subsidies in the United Kingdom with effect from 11pm 31 December 2020. They have largely replaced EU State aid rules.

Where a "Subsidy" is present as per the definition of subsidy set out in the Subsidy Control Act 2022 ("the Act") then it is necessary for the award to comply with requirements set out in the Trade and Cooperation Agreement with the EU (and in due course those further requirements set out in the Act).

A "Subsidy" only exists when the following cumulative characteristics are present (only tick those that apply):

- **financial assistance which is given, directly or indirectly, from public resources by a public authority; and**
- **confers an economic advantage on one or more enterprises; and**

- is specific, that is, is such that it benefits one or more enterprises over one or more other enterprises with respect to the production of goods or the provision of services; and
- has, or is capable of having, an effect on —
 - (i) competition or investment within the United Kingdom,
 - (ii) trade between the United Kingdom and a country or territory outside the United Kingdom, or
 - (iii) investment as between the United Kingdom and a country or territory outside the United Kingdom.

If awarded, do you believe that your request for public funding meets all the necessary criteria to be classed as a "Subsidy"? No

Where a "Subsidy" is declared you will be required to provide further information to establish whether the "Subsidy" would be considered lawful.

5. Tick the relevant box if any person involved in the project or writing the application:

I am happy to be contacted by Arts Council England, or by a third-party organisation on behalf of Arts Council England, for feedback to help evaluate the programme.

To whom it may concern,

I'm writing in support of Virginia Wilson's Arts Council application to secure funding for Faggamuffin's 2024 programme, both as a professional working in the music industry and as an individual who is committed to showcasing QTBIPOC folk through arts and culture.

I am a Music Programmer at Village Underground and Earth, two leading grassroots music venues based in Hackney, East London. Across the venues we predominantly work with external promoters, taking a particular fervor in supporting those that platform emerging artists, promote diversity and foster inclusion. I am an avid supporter of independent promoters and believe that they play a vital role in shaping the landscape of the UK music industry.

I have worked with Virginia on several occasions since I took on my current role at the venues in 2021. We have worked together at Village Underground on the UK Black Pride: Halloqueens event in 2021, as well as Faggamuffin Carnival Pride events in 2022 and 2023. We have another Carnival Pride event penciled for this year.

At Earth we have worked together on a UK Black Pride after-party event in Earth Hall in 2023 and have an event confirmed in collaboration with Sistermatic in for Earth Kitchen in February 2024. Virginia's relationship with the venues as a promoter through Faggamuffin goes back to 2019. Since then she has worked to bring 3000+ people through the venues, making meaningful connections for the QTBIPOC community.

Faggamuffin's events make up an integral part of our programming and we are proud to have worked with Virginia and her colleagues to increase the visibility of QTBIPOC folk. From the initial discussions regarding event ideas right through to event delivery and debrief, the experience working with Faggamuffin has been nothing short of exceptional. Whilst we do not operate LGBTQIA+-specific spaces, Faggamuffin have been instrumental in helping us develop our safe space policies for different communities including the QTBIPOC community that their collective values are built upon.

With our venues situated in Hackney it is especially important for us to collaborate with collectives like Faggamuffin and give back to those that make up the borough's rich culture. The work that Faggamuffin does is crucial to raise awareness around the resilience and freedom that is expressed through music. For that reason I wholeheartedly support the bid for Faggamuffin to secure funding for their 2024 programme.

As a professional working in London, my experience working with Virginia and Faggamuffin has been invaluable. I recognise the importance of supporting marginalised communities more than ever and it is experiences like these that help me affirm my commitment to making meaningful and impactful work.

Yours sincerely,

Neil Ellis

Subject: Something To Aim For supports Faggamuffin Bloc Party's Arts Council England application

Dear Gin,

I am writing to express my enthusiastic support for Faggamuffin Bloc Party's application to Arts Council England (ACE).

Something To Aim For (STAF) is a structural support agency. We believe that the quality of culture and the creative industries is undermined if a significant proportion of current and potential creators, collaborators, and audiences are alienated from it and are unable to effectively and safely participate. We recognise those with identities that now hold significant cultural capital, and whose voices are critical to addressing systemic inequality, due to their lived experience, are more likely to remain at risk of sector drop out without sustainable mechanisms and models to support them. We are committed to bringing about our vision of change by authentically reflecting marginalised and under-represented artists and people in mainstream UK culture.

STAF has supported Faggamuffin Bloc Party (FBP) since 2020, in areas such as strategic guidance, mentorship, and administrative assistance, providing a framework for you to advance your creative and operational goals. STAF wanted to engage with you and FBP because it is abundantly clear to us how much FBP has to give, and has already given, to the arts and cultural landscape of the UK. FBP shares STAF's vision of change. The work FBP does not only brings under-represented communities together and to the fore, but also provides job opportunities to freelance cultural practitioners who share different intersectional identities. By creating spaces of queer joy for those who have previously gone unrecognised and unwelcomed, FBP is a force for progressive good.

We are excited by the proposed programme of activity that you have planned for 2024 and look forward to helping you deliver it.

Yours sincerely,

Janet Tam, Co-CEO & Executive Director

Dear Sir / Madam

Letter of support for Faggamuffin Bloc Party ACE Project Grant

I am writing in support of an application from Faggamuffin Bloc Party to ACE's Project Grants, for their programme of activity in 2024.

Hackney's Cultural Development Team has a strong relationship with Faggamuffin, and has known the group since its inception back in 2018, when it developed out of conversations led by Queer People of Colour.

The first event the group performed at was Hackney Carnival in 2018, creating an extraordinarily important and successful contribution to that event, creating a bespoke platform for queer black artists and a targeted offer for the QTBIPOC community as well as all other carnival-goers.

Since that first collaboration, the Culture Team has worked closely with Faggamuffin, and has sought to involve the group in a range of other relevant programmes such as Hackney Carnival 2019 and 2022; our annual LGBTQIA+ History Month; our annual Black History Month; and in our Trans Awareness Week, which started in 2023.

The group is of strategic importance to Hackney, not only by creating opportunities to celebrate the work of queer black artists in our most high profile events and programmes, but also due to their capacity-building work with other artists. For example, a current project being

delivered by Faggamuffin as part of Hackney's LGBTQIA+ programme offers vital opportunities for mentorship and collaboration to interested DJs, MCs, dancers, and producers.

Furthermore, Faggamuffin are able to elevate the debate about inclusion and ensure that issues pertinent to the QTBIPOC community are actively discussed. Previously, panel discussions in our cultural venues organised by Faggamuffin have attracted significant audience numbers, effectively raising awareness of and interest in the work of artists from the QTBIPOC community.

The programme outlined in the ACE bid is ambitious and supports Faggamuffin's development into a sustainable and relevant organisation that plays a vital role in promoting the work of QTBIPOC creatives.

In summary, this project strongly relates to the Community Cohesion dividend of Hackney's Arts and Cultural Strategy and I am delighted to endorse their application.

Yours faithfully,
