

Introduction

National Lottery Project Grants

Arts Council National Lottery Project Grants is our funding programme for arts, museums and libraries projects. It is always open, so we can respond to people's good ideas.

Our Strategy, Let's Create

Let's Create is our ten-year Strategy 2020-2030. It explains how we want our funding to make a difference. It includes three Outcomes and their Elements, and four Investment Principles.

We recommend reading Let's Create before you apply. This is so you're familiar with the difference that we want projects to make (the Outcomes and their Elements). It will also help you to use the Investment Principles to shape and deliver a successful project.

We will ask questions in the application form which relate to the Outcomes, their Elements and the Investment Principles. We will tell you which questions these are.

Application form

In this application form we will ask you questions about:

- your project**
- the people and communities who will experience your project**
- your planning**
- you or your organisation**

When we read your answers we will think about how your project will help to make a difference using the Outcomes and Investment Principles. We will also think about how likely it is to achieve what you want it to.

The information you give us in this application form will help us decide which applications we will fund.

Remember

The first few screens are already completed with information you've provided in your applicant profile. If you need to make changes to these screens, go back to the 'Applicants' section and you can edit your applicant profile.

Throughout the application form, any questions marked with an asterisk (*) must be answered to allow you to submit the form.

The text boxes have a character limit which includes letters, numbers, symbols and spaces. Please stick to this character limit as any additional text won't be saved.

Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need 12 weeks to process applications for £30,001 and over, your start date must be more than 12 weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 10/03/2025

Project end date: 16/03/2026

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- Be as clear as you can about what you want to do using Project Grants funding
- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

Following a year of consultation & planning, Art in the Park 2025 (AitP) explores the full spectrum of outdoor arts delivery. Engaging 9K participants & showcasing 450 creatives, AitP empowers emerging artists to test new work while providing audiences of 50K (plus 2.5K online) with access to high-quality performances. With workshop attendees, performers & a wraparound program, AitP bridges the gap between a touring platform & a cultural hub for families to engage & connect.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases

Art in the Park (AitP) is a dynamic outdoor arts platform fostering creative engagement, cultural capital, & professional development. Aligning with Outcomes 1, 2, & 3, AitP delivers innovative programming that connects individuals, empowers communities, & supports creative practitioners.

Creative People

Engages people of all ages in creative activities, nurturing confidence & long-term participation; in 2025, AITP will expand its impact through:

-Youth Development

Collaborating with Motionhouse to deliver youth-led workshops & performances, with guidance from their creative learning coordinator, culminating in a public performance

-Empowering SEND Creatives

Building on the 2024 LAMP Youth Music Stage success, students will again programme & produce their own stage under professional mentorship, fostering skills & autonomy

-Community Outreach

SPLAT will continue its essential pre-event wkshps & mnthly sessions, providing accessible opportunities for young people to explore their creativity.

These initiatives ensure engagement beyond the festival weekend, inspiring young people & first-time participants to connect with the arts.

Cultural Communities

AitP strengthens connections between communities & culture, tailoring experiences to local needs. In 2025, AITP will:

-Support Emerging Artists

Offering pathways for artists to trial new work through a paid, artist-curated open call, addressing a lack of grassroots platforms

-Lead in Sustainability

Prioritise local performers, reducing travel footprints, & using sustainable power sources while banning single-use plastics

-Extend Year-Round Engagement

Deliver a Sustenta Carnival wkshp & 30 outreach wkshps to families & schools, building skills & promoting sustainability year-round.

AITP integrates community-driven programming, fostering cultural pride & inclusion for residents & visitors alike.

Creative & Cultural Country

Supporting CPD while championing emerging talent. In 2025, AITP will:

-Innovate Commissioning

Newly partner with Imagineer to explore a co-commissioning model to fund rehearsal processes upfront, fostering stronger performer-producer relationships

-Expand New Future Creatives

Include pre-festival workshops focused on foundational music skills, to build participants' confidence ahead of the main event

-Set Professional Standards

Pay local & emerging performers industry-standard fees, ensuring financial support for creative careers

-Provide Artist Training

Offer social media & career development workshops to exhibiting artists,

enhancing visibility & opportunities.

AitP 2025:

- bridges the gap between grassroots creativity & professional performance
- creates a vital platform for innovation, inclusion, & growth.

By tracking artist development & engaging stakeholders, AITP ensures long-term impact, supports sustainability, & connects with the West Midlands' creative ecology.

Ambition, Quality and Dynamism

The next two questions are about our Ambition and Quality and Dynamism Investment Principles. You can find more about them [here](#).

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

AitP is Warwickshire's premier outdoor cultural event reaching 50,000 visitors annually. Warwick District Council (WDC) Creative Framework recognises AitP as an essential facet in its approach to integration & collaboration; in 2025 they will continue to offer dedicated festival liaison officer support.

Difficulty in funding the event last year has built in new innovation, stronger local partnerships, more robust artistic programming objectives & a framework for longitudinal tracking to elevate the AitP external communications.

6 annual economic impact reports have built hard data / gap analysis into creative portfolio development; demonstrating a continued & expanding commitment to responsive initiatives, serving the local community. New programming arising from this & the Earthen Lamp evaluation (audience satisfaction score: 4.59/5, 2024 respondents) inc:

- more wrap around outreach to sustain involvement of CYP & underserved grps
- a youth stage
- improved comms - web/ festival trails

2025 continues working with Brazil's leading carnival project, Sustenta to visibilise circular economics & since 2021, AitP has built cohesive relationships across racial & cultural divides, resulting in older/racially diverse & neurodiverse attendance all up by 4-9%.

2025 continues to offer BSL interpreters on all music stages & D/deaf/neurodiverse/Global Majority/female/disabled led work, policy-anchored at a minimum of 30%.

How will you know if you've achieved what you set out to do? Bespoke evaluation framework, Peer review, Post-event forum, Focus groups

AitP's Stakeholder (Culture) Board informs the evaluation framework developed in 2024, anchors its outreach work & programming, & renews its Impact Report & Theory of Change documents annually (published March 2025). All offered as SIK, confirmed partners:

- The Hidden Artist (ACE & Innovate UK funded) offer 1yr membership to their development platform for performers, tracking progress
- Live & Local (NPO) supports outdoor arts connectivity
- LAMP (autism in education specialists) measure long term impact
- SPLAT (local schls festival grp) measure engagement with yng ppl
- Imagineer (co-creates a new artist led booking framework) to ensure opps for artists to trial new work
- New Future Creatives (Black led music developers) track longitudinal skills development
- Key artists (Sustenta, Vital Moves, ArtLabtry) measure new work / bookings etc.

New Evaluation Framework
In 2024 AitP developed a new evaluation framework for the event & its outreach work. Board-led, reviewed in confirmed & scheduled meetings over 1 yr, co-devised KPI's assess:

- engagement & skills building for the Warwickshire community, using peer review, QR code evals, focus grps
- the customer journey for CYP; SPLAT students conduct reviews
- artistic development & commissions via a new collab with Imagineer
- 2025 AitP performance/participation Toolkit (with time allocated in the budget for Kate & Saskia Coburn, to liaise with AitP artists & work towards this content.

Environmental Responsibility

This question is about our Environmental Responsibility Investment Principle.

You can read more about this in the Being environmentally responsible section of the Guidance Library.

What are you doing to make your project environmentally responsible?

Audience travel – for example collecting data on how people travel to events or encouraging sustainable travel, Energy – for example reducing energy use or using alternative energy sources for your project, Carbon footprint - for example using a carbon calculator to forecast or better understand your project footprint, Production models - for example concept touring or local casting, Materials and resource use – for example reducing waste or up-cycling

- What are the environmental actions or targets for your project?
- Are you testing any new approaches or ideas?
- How will you evaluate and share your environmental approach?

AITP embeds sustainability at every level, aligning with Vision 2025 & ACE's Environmental Responsibility Investment Principle. Programming local professional performers reduces travel emissions, while WDC's permanent power sources minimize generator dependency. Travel initiatives include free Stagecoach travel for low-income families, a bike bus program for deprived areas, & on-site cycle check-ups by John Atkins Cycles. WDC's Better Points app promotes sustainable travel to encourage eco-friendly attendance.

Waste reduction is a core focus: single-use plastics are banned, all containers & utensils are biodegradable, & Bear Cleaning ensures effective recycling. Vendors must provide carbon footprint labeling, empowering attendees to make informed, sustainable choices.

AITP also pilots innovations like tracking Scope 1 & 2 emissions with Purple Guide standards, led by Kate, the festival director & WDC's Ecofest lead. The Sustenta Carnival stand educates artists on circular economics, while a PA supplier partnership transitions to battery-powered systems, significantly cutting generator reliance.

Evaluation includes an environmental section in the annual impact report, attendee & vendor surveys, & case studies shared with WDC & partners. AITP positions itself as a sustainability leader, reducing environmental impact while fostering eco-conscious engagement.

Reaching people

You've told us who will get to experience your project and how they will experience it.

What steps are you taking to make sure your project reaches these people?

Up to 1500 characters

- What steps will you take to make sure people are aware of your project?
- If relevant, what marketing activities are planned?

AITP continues a comprehensive strategy to ensure it reaches diverse audiences effectively. In 2025 AitP publishes its 1st qualitative impact report; connecting with new & existing partners, showcasing its value to stakeholders like Imagineer & The Hidden Artist. Outreach partnerships develop cultural agency, offering inclusive wkshps & installations at multiple levels to engage underserved communities. A dedicated inclusion officer ensures accessibility across all programmes.

Digital marketing is central, with a year-round campaign & social media drive targeting 2million+ ppl. AITP leverages its loyal artist marketplace (200 engaged followers) & general social media reach (3K X, 8.4K Facebook, 5K Instagram, & 3K newsletter subscribers). It will re-issue engaging content such as films, shorts, & reels, building on its 2024 reach of 1.5 million. A festival film, viewed 100K times online in 2024, will also be re-launched.

Print media & radio remain key, with articles in publications like the Courier & Observer & interviews with the festival director reaching local audiences. A dedicated social media officer will amplify these efforts, ensuring cohesive & effective engagement across platforms.

Collaborative outreach through projects like Motionhouse, Imagineer, & LAMP reaches barriered communities via direct contact. These efforts also visibilise AITP to non-mainstream arts audiences, increasing resilience, improving social outcomes, & enhancing representation.

Inclusivity and Relevance

This question relates to our Inclusivity and Relevance Investment Principle.
You can find more about it [here](#)

What steps are you taking to make your project inclusive and relevant?

Up to 3500 characters

Inclusivity

- How have you embraced a wide range of diverse influences and practices in bringing your project together?
- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?
- If it's relevant, how will the project team reflect the people and communities your project will reach?

Inclusivity

AITP embraces diverse influences & practices to ensure the festival is welcoming, accessible, & meaningful to all. The programming:

- foregrounds underrepresented voices, with 30% of artists being women, D/deaf, neurodiverse, disabled, or from Global Majority backgrounds
- centres initiatives such as SPLAT (youth-led) & collaborations with New Future Creatives (Black led)
- funds Sustenta Carnival to incorporate international & cultural diversity, including wkshps & parades featuring Brazilian carnival costumes.

Accessibility is embedded at every level:

- All children's wkshps are free, designed in collaboration with schls & community grps to ensure they are responsive to local needs
- Transportation barriers are addressed through partnerships with Stagecoach & local food banks, offering free transport & meal support for low-income families.

On-site BSL interpreters, digital gallery options, & programming for older people (e.g. knitting wkshps) ensure inclusivity across demographics.

Artists are diverse & representative, offering "see it to be it" role models to inspire emerging creatives from underserved communities.

Barriers such as income, disability, & language are removed through direct outreach to schls, community orgs, & underserved groups. A dedicated inclusion officer ensures accessibility requirements are met, supported by mentoring from national consultancy Sasolo. Partnerships with orgs such as WC, LAMP, & Hidden Artist expand outreach, co-designing content that reflects the needs of marginalized communities.

Relevance

AITP works closely with the people it serves, co-designing with local communities, stakeholders, & partners. Data from past festivals informs every decision.

Attendance by marginalized groups increased in 2024, with older people up 9%, attendees identifying as "other white" up from 6% to 12%, Asian attendees up from 2% in 2019 to 8%, & Black or Black British attendees at 10%.

Motivations for attendance highlight AITP's impact, with 58% attending to spend time with their community & 49% seeking inspiration.

Steering grp, a youth board, & community consultations guide planning, ensuring the festival reflects local demographics & interests. Pre-event wkshps with New Future Creatives use targeted social media to reach specific audiences. Artists & performers collaborate with stakeholders to ensure relevance, with international partners like Sustenta Carnival adding a global dimension.

Data shows that economically challenged communities in South Leamington & Warwickshire benefit significantly. In 2024, over 50 families accessed free snack bags through a partnership with food banks, & the initiative will expand in 2025. Digital platforms & low-tech solutions, like printed materials, ensure outreach to those without internet access.

The project team mirrors the diversity of the community, with a commitment to representation across gender, ethnicity, & ability. Ishia Mckenny leads PR & press targeting low-income families, while the festival director, also WDC's Ecofest lead, drives sustainability-focused programming that is responsive to local climate policies.

AITP 2025 builds on these inclusive, data-driven practices to create a festival that connects people of all ages & stages of life to transformative cultural experiences; addressing barriers & integrating diverse influences.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 10/03/2025

Project End Date: 16/03/2026

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

AitP has a dynamic team ensuring excellence by combining strategic leadership, artistic innovation, & community-centered approaches.

Director Kate Livingston provides strategic oversight, leveraging her extensive experience in cultural events to align programming, logistics, & sustainability with AitP's vision. As WDC's Ecofest lead, Kate brings expertise in sustainable event management to ensure environmentally responsible practices.

Artists & practitioners, such as Imagineer Productions and Hidden Artist Platform, contribute vital expertise. Imagineer researching on new artist-led frameworks, while Hidden Artist and Sasolo mentorship support diverse voices, track artistic development, and bridge grassroots talent with professional platforms. Their efforts enhance AitP's inclusive & innovative programming.

Specialists shape accessibility & equity. Digital marketing expert Ishia Mckenley leads targeted campaigns, engaging 2 million people annually. Sustainability advisors, including Alice Ellis from WDC's Sustainability & Climate Change division, ensure alignment with Vision 2025 goals.

Partner organisations amplify AitP's reach. LAMP empowers youth through stage programming, while the Brunswick Hub & Helping Hands foster connections with underserved communities. Cultural hubs such as the Sikh Gurdwara & Sydenham Primary School enable tailored outreach initiatives.

Costs can only be for the project period (between your project start date and end date).

Costs for caring responsibilities or costs for making your activity accessible to the people experiencing your project, including participants, can be included as part of your project budget but should not be included as personal access costs.

Only include personal access costs that you will have if your application is successful. This does not include costs relating to preparing, planning and submitting your application.

You can find more about personal access costs, and more about how we can support you to submit an application, in our Access Support information sheet.

If your personal access costs take your request over £100,000 we will still treat your application as an application for £30,001 and over

Budget - Income

Income table

Please complete the income table below with all your cash income, as well as any support in kind you will receive.

By support in kind we mean goods or services that you would otherwise have to pay for, but are being provided for free.

Remember:

- Your budget must balance. This means your total income needs to be the same amount as your total expenditure.
- Only include income that relates specifically to this project.
- Do not include personal access costs in the income table. These are automatically included in the total amount you are requesting from us.
- For any earned income you should include how these amounts have been calculated in the description field, for example:

Ticket sales (7 dates @ 60% of 100 capacity x £8 ticket price) £3,360

Income Questions

Tell us more about the match funding for your project
Up to 1500 characters

- **How have you worked out the earned income you expect to receive during the project?**
- **How likely are you to secure your expected income?**
- **How will your project meet its aims if you receive less income than expected?**

AITP employs a diverse, data-driven approach to match funding, with £136,804 already confirmed & additional income expected. Earned income, the festival's primary revenue stream, includes art pitch fees, food & drink vendor revenue, & adult workshops, all projected based on 2024 figures, which showed a 70% growth in pitch income since 2019. Private sponsorships remain strong, with £10,500 confirmed, alongside anticipated donations & trust contributions. Public funding includes confirmed support from Leamington Town Council & expected allocations from the County Council, reflecting sustained local government backing.

Support in kind, valued at over £20,000, significantly offsets operational costs. Contributions from volunteers, equipment donations, & stakeholder collaborations such as Hidden Artist & LAMP ensure resource efficiency while enhancing programming quality.

If income falls short, AITP's flexibility ensures financial resilience. Diversified funding streams, robust local partnerships, & cost-effective volunteer engagement allow for strategic adjustments without compromising inclusivity or artistic integrity. Historical successes, like a £2.18M local economic impact in 2024, validate AITP's approach, providing confidence in its ability to secure necessary income & deliver its aims.

Expenditure questions

What experience do you have of managing a project budget of this size?

I have managed a project budget of this size or larger before

How have you worked out the costs for paying people included in your budget?

Up to 1500 characters

Costs for paying people are derived from benchmarks set by relevant unions & guidelines, such as Equity, Musicians' Union, & Artists' Union England. For example, festival and artistic direction is calculated at £250 per day over 48 weeks, ensuring fair pay & elevating the role each year to build in better programming & wraparound support. Specialist roles like inclusion officers, site coordinators, & musicians are based on industry-standard rates (£200-£250/day), offering value while maintaining quality. Workshops and performance costs are informed by historical data, e.g. Motionhouse workshops at £500, reflecting fair pay & consistent expenditure trends. Contingency planning ensures any deviations can be absorbed without impacting commitments to pay fairness.

How have you worked out the other artistic or creative costs included in your budget?

Up to 1500 characters

Other costs align with historical data, supplier quotes, & competitive comparisons. Marquee hire (£14,680) & generator hire (£2,040) are informed by previous contracts with suppliers, ensuring consistency. Security services (£1,872) & first aid (£1,200) are calculated based on 2024 rates, ensuring the festival meets health & safety standards. Additional costs, like seating hire (£525) & power for workshops (£30), reflect precise needs for programming and community engagement. This ensures all creative costs are proportionate & aligned with AitP's inclusive mission.

How have you worked out the costs of making your work accessible?

Up to 1500 characters

Accessibility costs reflect specific needs identified through community consultations & evaluations. Key measures include BSL interpreters (£3,918) & digital accessibility tools (£600). Costs are benchmarked against prior festivals, ensuring a fair balance between coverage & value. Free transport options for low-income families and accessible workshop spaces are central to inclusion. These costs (2.43% of the total budget) demonstrate AitP's commitment to equitable access while maintaining fiscal responsibility.

How have you worked out the costs of developing your organisation included in your budget?

Up to 1500 characters

Development costs focus on enhancing organisational resilience & strategic growth. Initiatives include festival reviews by Earthen Lamp (£3,200) & consultation for strategic planning (£2,300). Mentoring costs (£1,080) reflect guidance from national consultants, ensuring the team builds long-term capacity. Costs are based on tailored quotes & recommendations, representing 4.48% of the total budget, ensuring sustainable future growth without compromising current delivery.

How have you worked out the costs of marketing and developing audiences included in your budget?

Up to 1500 characters

Marketing costs leverage established metrics & historical data. Social media management (£1,800) targets a 1.5M reach, based on 2024 performance. Brochure design & printing (£3,449) and festival photography (£1,000) ensure professional representation across platforms. Campaigns focus on underrepresented communities, using paid digital ads & partnerships to engage new audiences. Marketing accounts for 5.79% of the budget, striking a balance between outreach & cost-effectiveness.

How have you worked out the costs of the overheads included in your budget?

Up to 1500 characters

Overheads are calculated based on operational needs, using historical expenditure & current quotes. Insurance (£1,813), site supplies (£386), & bookkeeping (£1,350) ensure smooth festival delivery. Licenses (£297) & park hire (£1,000) are mandatory, reflecting consistent operational costs. Representing 2.61% of the total budget, overheads are lean yet sufficient to meet administrative requirements.

How have you worked out the environmental responsibility costs in your budget?

Up to 1500 characters

Environmental costs (£3,400) reflect AITP's commitment to sustainability, with a focus on waste management & eco-friendly practices. Additional bins & maintenance address increased festival attendance, based on 2024 usage data. Efforts like biodegradable materials & reduced reliance on generators align with ACE's environmental principles, ensuring sustainability without excessive spending (1.83% of the budget).

How have you worked out the costs of expenditure listed as 'other' in your budget?

Up to 1500 characters

Other costs (£7,586) include essential services like toilet provision (£2,586) & contingency (£5,000) for unforeseen expenses. These costs reflect festival priorities, ensuring readiness for unexpected needs while maintaining value for money.

How much of your total project budget is being spent on International costs (such as visas, carnets, freight, travel, accommodation, per diems)? £0

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Artistic R&M

R: Programming may not resonate with underserved groups.

M: Data-driven programming, informed by 2023 figures (7% increase in older attendees, 5% rise in Global Majority participants), ensures inclusivity.

Partnerships with Imagineer & Hidden Artist reflect local needs.

R: Lack of artist diversity undermines inclusivity.

M: 30% representation of women, D/deaf, neurodiverse, disabled, & Global Majority artists. Open submissions & mentoring for emerging talent further enhance inclusivity.

Programming R&M

R: Logistical challenges disrupt international collaborations.

M: Sustenta Carnival is integrated into existing frameworks, with two years of testing in place.

R: Insufficient community engagement.

M: SPLAT & LAMP initiatives, alongside targeted outreach campaigns, ensure engagement with underserved groups, particularly through free & youth-led activities.

Inclusivity & Relevance R&M

R: Accessibility measures may not meet all attendee needs.

M: A dedicated inclusion officer ensures accessibility through measures like BSL interpreters, free transport & meals, & knitting workshops for older attendees. Sasolo mentoring informs robust policies.

R: Barriers like cost & cultural disconnect limit participation.

M: Free workshops, transport, & meals address cost barriers. Diverse programming & artist representation provide relatable role models for marginalized communities.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

Financial R&M

R: Budget constraints threaten key program components.
M: Partnerships with WDC, BID Leamington, & sponsors secure funding for essentials like participation work & inclusion initiatives.
R: Rising costs challenge sustainability goals.
M: Permanent WDC power sources reduce long-term costs. Biodegradable materials & battery-powered systems minimize expenses while supporting environmental goals.

Production R&M

R: Logistical delays disrupt production.
M: Local partnerships (e.g., Bear Cleaning & PA suppliers) streamline logistics. Project manager oversight ensures deadlines are met, with contingency plans in place.
R: Environmental impacts undermine sustainability.
M: Scope 1 & 2 emissions tracked via Purple Guide standards. No single-use plastics, carbon footprint labeling, & sustainable travel initiatives align with Vision 2025.

Outreach R&M

R: Limited awareness restricts audience reach.
M: Year-round marketing campaigns target 2M+ annually through digital platforms. Media coverage (e.g., 100K YouTube views) & partnerships amplify visibility.
R: Outreach fails to connect with marginalised communities.
M: Local schools, food banks, & youth organisations guide inclusive outreach. Data shows improved attendance in 2024 (e.g., Asian attendees up to 8%, Black attendees at 10%), shaping future engagement strategies.

AitP’s comprehensive R&M strategy ensures artistic relevance, financial stability, & inclusivity, fostering community engagement while addressing barriers. By combining data insights, stakeholder collaborations, & proactive planning, AitP remains resilient & impactful in its mission.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

We will not use this information to assess your application. For specific programmes, we may use this information as part of our decision-making process. Where this is the case, it will be stated in the Applicant guidance, and we will ask you to ensure this information is up to date before submitting your application.

If you do not know some of the information or you would prefer not to provide it, you can fill in the 'Not known/Prefer not to answer' box. Should a member of senior management also sit on your board/council, please only count them once.

Dear Sir / Madam

[Warwick District Creative Compact](#), a strategic leadership group for the creative sector in Warwick district, would be delighted if Arts Council England would support **Art in the Parks Festival's** application to Arts Council England, which will enable this exciting, and important festival to Royal Leamington Spa in 2025.

For 11 years, Art in The Park Festival has been an important and valued event in the town's cultural calendar and has helped deliver multiple strategic priorities outlined in Warwick District's Creative Framework, a five-year strategy that aims to accelerate creative sector growth and maximise its impact across Warwick district through partnership and collaborative working.

Art in The Park Festival will contribute to the 'Engagement' strand, by providing residents and visitors to the area with opportunities to engage in a broad range of free, inspirational arts and culture activities. Associated engagement opportunities will provide a 'Voice' to the creative people, community groups and organisations in the district, and contribute to 'Placemaking'. We anticipate that it will also address the 'Innovation' strand as the programme will explore and address a range of complex themes and ideas through a multitude of disciplines.

We are excited that the 2025 event aims to be more environmentally focused and event more inclusive than previous years. We are also delighted to hear that programming, marketing and outreach activity will be developed with special education needs and disability (SEND) in mind.

Warwick District Creative Compact will actively support **Art in the Park Festival** with lobbying and advocacy through its Members' networks and channels, ensuring that it is connected to and supports other strategic initiatives and projects in the area for mutual gain, and act as a critical friend during the planning and development phase.

Yours sincerely

Re: Leamington Art the Park Festival Application 2025 – Letter of Resounding Support

Dear Madam / Sir,

I am writing on behalf of the BID Leamington Board of Directors to express our support for the bid to secure funds to support the continuation of the **Art in the Park Festival in 2025**.

BID Leamington is a not-for-profit organisation whose role it is to promote and enhance the town centre in Leamington Spa. It is funded by local businesses to deliver events, promotions and enhancements throughout the town. A big part of this is done in partnership with local event organisers and volunteers including the team who organises the Art in the Park Festival. BID Leamington is also a founding member of the **Warwick District Creative Compact** established with ACE support in 2020.

Over the years we have seen this event grow into the incredible festival it is today. Now it is one of the biggest events in the town centre and **attracts thousands of people of all ages** over two days. Research suggests this brings millions of pounds to the local economy, which is an important part of sustaining a thriving town centre.

However, perhaps the **greatest value for us** is the massive amount of creativity it showcases and the commitment that the organisers have made to ensuring this event is **free for the public to attend**, which is **only possible with ACE funding**. This means the creative world is **more inclusive** and **accessible to everyone**, which we feel contributes to creating a more **cohesive community** where local people feel a **strong sense of belonging**.

Another very important aspect of this event is that it is not just 'two days'. The organisers work on it **year-round** and in the lead up to the event they **run community workshops** in many locations, **bringing people of all ages and background together** to make and create in preparation for the festival. We have also met with the organisers to discuss creative approaches to involving local town centre businesses and promotion.

The commitment that the Art and the Park team have made to **supporting the local creative community** and **fostering a sense of community** is immensely inspiring and we feel should be applauded and of course, supported. **Your support and the support of others is critical to ensuring events** like this can continue to be accessible to all. We are also convinced they are a huge part of **ensuring our community remains** resilient to the significant **cultural, environmental and economic challenges facing society**.

Please do not hesitate to contact me if you have any questions.

Yours Sincerely

Stephanie Kerr
Executive Director
on behalf of the BID Leamington Board of Directors

Leamington LAMP thoughts on Art in the Park Festival, Leamington Spa.

Art in the Park has taken over from the Peace Festival as Leamingtons main summer season art and culture event, with broad appeal for both families and the general public. It's considerable growth over recent years has been matched with excellent management and implementation. This can clearly be seen by anyone attending or working at the festival.

The festival has given LAMP the opportunity to take traditional activities e.g print making and large scale communal painting to a very broad cross section of the community, but also original, exploratory and experimental participatory projects such as our self generated sensory music from bio-data / human sequencers jamming with plants, & large scale mural painting.

We have also introduced a youth music stage which is giving the students autonomy to work with festival director, Kate, to produce an amazing youth music stage.

The festival should be commended for engaging the cross section of cultures represented in the programming. LAMP itself is proud to have been funded for two years where we have created work opportunities for regional artists, and also artist assistant places for young SEND creatives through our connection with alternative education provider LAMP Learning.

Each year the festival leaves LAMP artists and young assistants on a high following a thoroughly enjoyable experience. We're pretty sure all our visiting participants have a fabulous time too.

As a local resident and arts business representative it's reassuring to see this festival bloom to its potential as a regional beacon of best practice.
