

Introduction

National Lottery Project Grants

Arts Council National Lottery Project Grants is our funding programme for arts, museums and libraries projects. It is always open, so we can respond to people's good ideas.

Our Strategy, Let's Create

Let's Create is our ten-year Strategy 2020-2030. It explains how we want our funding to make a difference. It includes three Outcomes and their Elements, and four Investment Principles.

We recommend reading Let's Create before you apply. This is so you're familiar with the difference that we want projects to make (the Outcomes and their Elements). It will also help you to use the Investment Principles to shape and deliver a successful project.

We will ask questions in the application form which relate to the Outcomes, their Elements and the Investment Principles. We will tell you which questions these are.

Application form

In this application form we will ask you questions about:

- your project
- the people and communities who will experience your project
- your planning
- you or your organisation

When we read your answers we will think about how your project will help to make a difference using the Outcomes and Investment Principles. We will also think about how likely it is to achieve what you want it to.

The information you give us in this application form will help us decide which applications we will fund.

Remember

The first few screens are already completed with information you've provided in your applicant profile. If you need to make changes to these screens, go back to the 'Applicants' section and you can edit your applicant profile.

Throughout the application form, any questions marked with an asterisk (*) must be answered to allow you to submit the form.

The text boxes have a character limit which includes letters, numbers, symbols and spaces. Please stick to this character limit as any additional text won't be saved.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need 12 weeks to process applications for £30,001 and over, your start date must be more than 12 weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 02/08/2024

Project end date: 20/12/2024

"Queerolé Cabaret" (QC) is a Flamenco-informed showcase project, led by Patricia Langa; integrating multidisciplinary artists' skills, co-developed in artists wkshps & R&D sessions, culminating in a final cabaret show at Stanley Arts, London.

The project centres a fusion of Flamenco artistry & Queer culture; amplifying diversity & celebrating unique artistic perspectives, it positively contributes to the cultural landscape. Fostering engagement, collaboration, creative expression & dialogue via partnerships with local orgs it ensures accessibility, sustainability, & inclusivity.

The final event, hosted by Paulina Lenoir & Patricia Langa, centers inclusive pedagogical & presentational methodology; encompassing an eclectic array of live performances devised via R&D & dramaturgical mentorship, from Carl Harrison. The show is rooted in Queer & flamenco folkloric hxstory; a visibilising platform to celebrate the rich cultural heritage of these communities.

QC sustains & develops careers for marginalised artists in the cultural sector, specifically supporting Queer, learning disabled & underrepresented artists.

Showcase dev: wkshps & R&D with 10 multidisciplinary artists (dancer, vogue artist, drag king & queen, flamenco dancer, clown, singer, puppeteer, kathak dancer & costumier) develop new interdisciplinary work; embodied dramaturgical work informs the scripting with mentors, to enhance creative expression. A new duet by The Rhythmics, created by & ft. artists from Corali Dance Company (CDC); individuals with learning disabilities, reflects QC's dedication to inclusivity, contributing to the cultural fabric of the performing arts ecology.

Process:

- event production: final cabaret show sustains under represented artists careers & de-silos markets for marginalised practitioners
- costume development: a collaboration with Lambdog & Sustenta Carnaval, crafts environmentally aware costumes for artists, informing a new sustainable production model for those experiencing intersectionality, systematically excluded by lack of funding
- visual work: a showcase of visual art, co-created with CDC & cabaret artists, adds an interdisciplinary developmental element.

Community engagement:

- inclusive, & informed by Sarah Archdeacon from Corali; further collaborating with partners such as Raze Collective, Queer Croydon, Romancero Books, & Duckie embeds the work in a responsive hyper local environment working to support participants, treating artistic quality & community engagement with equity. Learning flamenco with a Queer/accessible pedagogical lens offers skills building, & discounting show tickets ensures a broad reach & longitudinal impact on the key cohorts as they see professional representation of the work they have explored.

Ambition, Quality and Dynamism

The next two questions are about our Ambition and Quality and Dynamism Investment Principles. You can find more about them here.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
 - Is this project helping you or your organisation learn or try new things?
 - If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

Eric Longa's (EL) journey into the Queerolé Cabaret project was inspired by a deep dive into Flamenco's queer history, informed by a DYCP grant in 2021. This led to the creation of the film "QUEEROLÉ!" & establishment of the EL company; a platform to share hidden Queer/ Flamenco hystories.

The discovery of Kazuo Ono's Butoh piece (Japanese dance theatre from late '50s) "Admiring La Argentina," filled with Flamenco motifs, further defined EL's vision to showcase how diverse styles can embody Flamenco's essence.

The evolution of Queerolé Cabaret as a platform for diverse artists to explore Flamenco from various perspectives, mirroring its original fluidity was born.

The org dev & RnD process will now:

- redefine Flamenco's multicultural roots, connecting multidisciplinary artists in a collaborative, socially engaged process to foster cultural exchange & enhance artistic development
- work with community grps & orgs reflecting Flamenco's collective idiomatic devising process, emphasising inclusivity, embracing Queer communities
- mentor EL in 5 sessions (5 mentors) improving project delivery & leadership; ensuring the project's integrity & company's future success, leveraging ACE investment
- consult with Corali's director, to chart a new course for EL, improving accessibility & inclusive audience / participant engagement / development.

How will you know if you've achieved what you set out to do? Surveys (online or in-person), Bespoke evaluation framework, Post-event forum, Focus groups

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

Queerolé Cabaret provides learning & reflection opportunities through collaborative efforts & inclusive productions, to uncover hidden histories in folkloric works, & enhance outcomes for marginalised artists. A creative oversight committee, with essential partners & participant stakeholders, ensures external oversight on procedures, protocols, monitoring & evaluation plan. An idiomatic, devised process assesses the project's social impact, ensuring quality work without compromising its integrity.

The 'aspirational facets' of EL set KPIs tied to outcomes, assessing each component's effectiveness within the GLO/GSO framework, with criteria adjusted in real-time to monitor project reception.

KPI 1: integrating new proficiencies and inclusive methodologies (multifaceted artists and performers)

KPI 2: increasing access, well-being & fostering a sense of belonging among local community organisations

KPI 3: challenging assumptions & norms regarding cultural boundaries, to enhance societal and cultural resources within communities

KPI 4: increasing long-term cultural engagement & opportunities, with consideration of Queer and Flamenco perspectives

KPI 5: scaling up & ensuring sustainability by investing in leadership skills

KPI 6: networking to enhance the project's position within communities & industries

KPI 7: investing in mentorship & project management expertise for effective oversight & income stream diversification, opening new career pathways.

Environmental Responsibility

This question is about our Environmental Responsibility Investment Principle.

You can read more about this in the Being environmentally responsible section of the Guidance Library.

What are you doing to make your project environmentally responsible?

Audience travel – for example collecting data on how people travel to events or encouraging sustainable travel, Energy – for example reducing energy use or using alternative energy sources for your project, Carbon footprint - for example using a carbon calculator to forecast or better understand your project footprint, Training and development – for example climate literacy or mentoring, Production models - for example concept touring or local casting, Materials and resource use – for example reducing waste or up-cycling

Please click the 'Save' button below after you have answered the question.

Up to 1500 characters

- What are the environmental actions or targets for your project?
- Are you testing any new approaches or ideas?
- How will you evaluate and share your environmental approach?

Environmental actions for the project include:

Reducing waste:

- encouraging the use of reusable water bottles to reduce plastic waste
- digital sharing - production documents via Drive to reduce printing
- decreasing printed materials: marketing strategy prioritises online channels, just 300 flyers distributed at Stanley Arts promoting community wkshps & final event, 10 printed posters for venue, 250 postcards, to engage the audience & gather feedback
- implementing limited physical advertisement materials & maximising online promotion.

Minimising carbon emissions:

- promote public transport / eco-friendly taxis for participants & audiences
- ensure wkshp materials are recyclable / reusable
- host digital meetings & choose Southbank as a central point for in person mentoring.

Consultancy for approach:

- Jennifer Taillefer educates on lowering production impact
- work with Sustenta Carnaval will repurpose costumes sourced from Rio carnival

Reporting & evaluating the environmental approach:

- monitoring plastic usage, CO2eq emissions, & the mitigation of repurposed materials to check progress against KPI's
- findings shared through the website, project report & social media.
- the project's sustainability efforts will be integrated into social media posts, broadening reach & raising awareness.

Inclusivity and Relevance

This question relates to our Inclusivity and Relevance Investment Principle.
You can find more about it [here](#)

What steps are you taking to make your project inclusive and relevant?

Up to 3500 characters

Inclusivity

- How have you embraced a wide range of diverse influences and practices in bringing your project together?
- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?
- If it's relevant, how will the project team reflect the people and communities your project will reach?

Queerolee Cabaret is addressing the national issue of under-reporting all types of hate crimes, as highlighted in the Croydon Borough Profile Report (2021). Given the steady increase in hate crimes, particularly racist & homophobic incidents, in London over recent years, fostering inclusivity in communities is imperative. The project is supporting LGBTQ individuals, creating safer & more inclusive spaces for all community members, by:

- teaching accurate information about the reality of being lesbian, gay, bisexual, or transgender in a creative setting
- creating stronger relationships with a wider range of people
- decoding gender role expectations & stereotypes.

QC foregrounds an inclusive pedagogical approach, via mentorship from Corali Dance Co; the production modalities embrace diverse influences to engage artists & community from the Queer community, individuals with disabilities, & diverse ethnic & socio-economic groups.

To ensure access, carefully selected venues in Croydon & SE London accommodate diverse needs, providing central & accessible locations for participants:

- Stanley Arts in Croydon for most activities
- Southbank Centre for mentoring
- Siobhan Davies Studios for workshops with Corali Dance Company
- studio space at Ample Space in Hackney Wick for professional artists' wkshps.

Removing participation barriers:

- providing information on public transport options & ensuring wheelchair accessibility
- offering financial support for transportation costs for individuals with specific accessibility requirements
- BLS interpreter for final show.

To ensure relevance & embed the project, community consultation has guided project design & planning through consultations with stakeholders, including artists, community groups, & venue staff; utilising the data-driven insights to shape project development & outreach strategies tailored to the project's locale & cohorts. This has informed the development ideas, e.g.:

- creating a template for future outreach & scalability to other cities, theatres, & spaces to broaden impact, with inclusivity at the heart
- displaying visual art pieces from community wkshps at the cabaret event to embed stakeholders & celebrate participant contributions
- establishing partnerships with orgs like Raze Collective, Duckie, Queer Croydon Fin de Fiestas, Agudo Dance Company, Gayzpacho & Festival Queer Literature in Spanish, to leverage the devolved triage channels they offer.

Development & mentorship is offered by & to representative artists; dramaturgy by Queer artist Carl Harrison supports excellence in the dissemination of Flamenco & its Queer history; cabaret mentorship from experts like Fernando López ensure representative artists are centred & empowered when developing leadership skills & consultations with industry professionals.

Creative Case for Diversity

- artists are upskilled & de-siloed; to express themselves artistically with greater impact, creating a show model that has future possibilities, e.g. gatekeepers such as the South Bank & Sadlers Wells are invited to final showcase to

increase the visibility of lesser-known aspects of Spanish history & promote dialogue about diverse cultural narratives for a more inclusive future.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 02/08/2024

Project End Date: 20/12/2024

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

We will not use this information to assess your application. For specific programmes, we may use this information as part of our decision-making process. Where this is the case, it will be stated in the Applicant guidance, and we will ask you to ensure this information is up to date before submitting your application.

If you do not know some of the information or you would prefer not to provide it, you can fill in the 'Not known/Prefer not to answer' box. Should a member of senior management also sit on your board/council, please only count them once.

Dear Arts Council England,

I'm writing in support of Patricia Langa's application for her Queerole project, which I would urge you to fund.

Daniel and I (co-directors of Thick & Tight) were mentors and rehearsal directors during Patricia's early development of Queerolé through her DYCP project. She ran this project in a highly professional, caring and thorough way, drawing together lots of collaborators, engaging in discussions around gender and sexuality in the history of flamenco, and considering ways to make the dance and cabaret sector more equitable and kinder. The work Patricia created as a result of this DYCP was beautiful, very original and performed with absolute dedication.

Having known Patricia for 18 years, training and working together in many contexts, I have come to know that this dedication, originality and thoughtfulness is typical of her. I have no doubt that Patricia would be capable of managing this Project Grant, treating collaborators well, initiating important conversations within the sector and developing her rare artistry. I believe there would be a strong appetite for her work from audiences.

Daniel and I are thrilled to be invited to be project advisers and mentors. In the past we have supported Patricia to collaborate with Jackie Ryan, a member of Corali Dance Company (UK leader in dance by artists with a learning disability). Patricia and Jackie worked wonderfully together and it's really exciting for us to see that this collaboration will continue here, bringing Jackie onto a new platform. As well as working with Patricia to develop her creative work, we're particularly keen to support her in the role of director of her own company. We will share the work we have done in recent years to create Thick & Tight's company policies and procedures, ensuring accountability, transparency and a strong company ethos, which Patricia is interested in learning about.

As a queer-led company, it is a huge pleasure for Thick & Tight to be invited to support other queer work, especially a project run by someone we have such respect and admiration for.

If you have any questions, please don't hesitate to get in touch.

Thank you,

Signed

Ample Space

117 Wallis Rd, London E9 5LN

<https://www.amplespace.co.uk>

04 March 2024

Dear Arts Council England,

Ample Space Studios Ltd. is an independent small business based in Hackney Wick. Established in 2021, we offer a quality and affordable multi-disciplinary studio space for performance and visual artists.

Our purpose is to enable independent and minimally funded artists the opportunity to create, rehearse and play within a safe, professional environment. Co-founded by professional dance artists, our goal is to enable fringe, grass roots and community lead artists and companies the same opportunity to create art as larger bodies. In offering this, we hope to empower counterculture and variety within the UK's cultural sector. In the three years of operation, Ample Space is proud to have hosted over 1,000 dancers, actors, musicians and other artists at professional and community level.

One such artist is Patricia Langa, now the founder of the company Eric Longa. Using a portion of their DYCP funding in 2021, Patricia hosted a three month developmental residency in the studio. The creative working relationship formed between Ample Space and Patricia when housing the creation of a work so deeply rooted in community and history encapsulated the company's artistic and social ethos.

As a secondary consequence, the working relationship formed with Patricia at this time aided the company's initial establishment and development, enabling it to continue to grow in its ability to facilitate the London cultural arts sector in subsequent years. The works which have been created and jobs produced by the studio during the previous three years are therefore in part a result of Patricia's initial investment and trust in Ample Space.

For this, we are hugely grateful, and place utmost value on continuing our relationship with Patricia and their company.

Dear Arts Council England,

Having worked with Patricia on various projects over the past five years, I have always known her to be dedicated, passionate, diligent and caring. Most recently, we worked together on the development of a duet which sits under the umbrella of the Queerole project and I witnessed her artistic practice and her directing skills. She was very clear with her ideas, often checking in on the other people in the space - care taking. As well as this, she drives the rehearsal with great passion and verve making her an inspiring person to both listen to and learn from. The project seemed to be culturally enlightening for all involved, both as a historical research engine and a physical practice underpinned with a social message. It is vital that this project comes to life as it will have a lasting cultural impact on all those involved - performers, participants and audience.

Dear Arts Council England,

We believe Patricia's project has the potential to significantly increase awareness of the queer aspect of flamenco, and make this art form more accessible to the queer community. This aligns perfectly with our company's mission of bringing flamenco to a broader audience in London, challenging stereotypes, and educating people about its roots as a community art form through our social events. Over the past two years, we've successfully introduced flamenco to new communities and individuals who experienced it for the first time through our efforts.

We wholeheartedly support Patricia's work and are enthusiastic about further leveraging the power of flamenco to foster community cohesion. We're committed to continuing our outreach efforts to ensure that flamenco remains an inclusive and welcoming space for all individuals, regardless of their background or identity.

Statement of Support for Patricia Langa

I fully support this ambitious, exciting and innovative project which brings something new and exciting to the arts world, and also specifically to Croydon, an area of more limited provision.

I have worked with Patricia for 12 years, and have always been impressed by her artistry, her technical acuity, and her work ethic. She brings remarkable warmth and ease to a working environment, and is fully and meaningfully committed to inclusive work.

This project builds on her DYCP project and continues to develop her as an artist and influencer in queer performance. I am fully confident that she is able to deliver on every aspect of this project which I believe will be highly successful in what it sets out to achieve.

To Whom it May Concern

Coral has been collaborating with Patricia Langa since 2016, as a collaborative partner on two of our main touring works, *Technicolour Everyday* and *Super Hot Hot Dog*. These works toured internationally. She has also participated as contributing artist to the project *Excellent Together*, which we deliver in partnership with the Dance Duo Thick & Tight. *Excellent Together* is a project that pairs queer defining artists with those who define as learning-disabled.

Pat's artistic input on both projects has been invaluable, contributing insightful and exciting ideas and methodologies, and contributing to our dancers' own development. This experience has also provided Pat with an understanding into how Coral works, and the practice of our individual dancers.

Coral is extremely excited to take part in *Queerole*, which will deepen our partnership with Pat, and create space for completely new ways of working together. Alongside this, *Queerole* creates the opportunity for Pat to deepen her creative relationship with Coral dancer Jackie Ryan, with whom she danced in *Excellent Together*.

Pat's forward-thinking approach to developing *Queerole* will provide the Coral dancers with a unique experience and providing the opportunity to meet new artists. This has the potential to create new future collaborations and extends Coral's own artistic networks. Performing in

the final cabaret is a great opportunity for Jackie Ryan and will strengthen her practice as well as raise her individual profile as an artist.

Coral is fully committed to partner Pat Langa as part of *Queerole* and look forward to developing our collaboration with her, and participating in such a unique and exciting new project.

Yoursfaithfully,

Dear Arts Council England,

I am writing in support of Patricia Langa and her wonderful project Queerolé Cabaret which I am extremely excited to be a part of.

I have had the pleasure and honour of working with Patricia over the last few years in numerous capacities. Last year we co-directed the Moth Popera which premiered at Poplar Union in London and went on to have a UK tour and other London performances in venues such as Moth Club and Mildmay Club. Working with Patricia on the Moth Popera was a fantastic experience. We found that our different disciplines and approaches to creating work complemented and informed the other in an incredibly interesting and exciting way. Patricia is extremely dedicated, talented and hard-working and has an incredible ability to hold a warm, open and inclusive space for others that is conducive to profoundly creative work. Her experience in movement and dance as well as her energy and enthusiasm are extremely valuable in any project she is involved in.

After working on the Moth Popera I invited Patricia to work on the movement direction for Fool's Moon which got an ACE project grant this year and it has been incredibly rewarding to continue to work with her. She is now also working with me on my solo show Puella Eterna

and I am always in awe of her impeccable work ethic, contagious energy and ambitious creative vision.

Queerolé Cabaret is a very important project that will support a myriad of talented underrepresented multidisciplinary artists in an exploration of an art form (flamenco) that is at its roots a mix of cultures and movement art forms. I myself am half Mexican/half Swiss with Spanish ancestry and have been interested in flamenco for a long time and am very excited to learn more about the queer history of flamenco and incorporate it in my work. This project will also be a great opportunity for me to develop as an artist and keep integrating movement into my practice and continue to collaborate with and learn from Patricia.

I am truly honoured to be a part of this project and deeply believe that it deserves all the support it can get as it will not only benefit Patricia allowing her to develop as a unique interdisciplinary artist and build upon her strong vision but also a whole community of incredible artists and creatives, marking an important moment in flamenco, cabaret and performance history. I have no doubt that given this grant, Patricia will not only excel in delivering this project and developing her company but also make a very valuable contribution to the UK's cultural landscape.

All the best,

Dear Arts Council

Reference in support of Patricia Langa and her project Queerolé

Duckie want to express our support of the funding application from Patricia Langa to undertake a deep queer dive into the world of flamenco and will cross our fingers and hope she gets a 'Si' from Arts Council England.

If this project comes to fruition Duckie will help promote the project through our social media channels. We'd also like to book some dance and performance excerpts from the show to platform at Duckie and The Posh Club at four locations.

Patricia has put together a fabulous creative team for this project including many of our associates.

It would be great to have more Spanish queer culture in London, and possibly have some exchange from Catalan artists and London artists in the future.

Viva Queerolé!
