Feasibility and risk

This section helps us to understand how you will successfully deliver your project.

We need to know your plans for managing the project, what your budget is and how you will respond to any risks or challenges.

You don't need to have managed a project before, but you need to be able to demonstrate that you have given consideration to how you will manage the project, the budget, and any risks/challenges, and that you or your project partners have the skills to ensure it is delivered successfully.

When we look at your answers to the questions in this section we will think about:

- whether the budget is appropriate for the scale and type of activity?
- how appropriate are the areas of income and spending?
- whether all items in the budget are relevant and reasonable [are fees or wages appropriate to the context? Have quotes for assets/equipment been appropriately researched for any purchases?]
- whether the activity is attracting income from other sources; - is any other income confirmed? If not, are your potential income sources realistic?
- if appropriate financial controls are in place - Do you or the people you're working with have the necessary skills to manage the budget?
- if the activity is realistic and well-planned, and if you have demonstrated that you or the people you are working with are able to deliver the project

As you are applying for over £30,000:

- if the cash flow is appropriate for the project

Project timeline

Project dates

The dates you give here should be the dates for the full project you're asking us to fund.

Please note that currently decisions for National Lottery Project Grants applications for £30,000 and over will take up to 14 weeks.

Project start date: 18/01/2024

Project end date: 21/07/2024

Please use the tool below to list the main stages and tasks of the project from the start date onwards, and to show who will lead on each element of the project. Please add each project stage in order. You must enter at least one stage.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

Budget - Income

Income table

Please complete the income table below with all your cash income, as well as any support in kind you will receive. (By support in kind we mean goods or services that you would otherwise have to pay for, but are being provided for free.)

Remember:

- Your budget must balance. This means your total income needs to be the same amount as your total expenditure.
- Only include income that relates specifically to this project.
- Do not include personal access costs in the income table. These are automatically included in the total amount you are requesting from us.
- For any earned income you should include how these amounts have been calculated in the description field, for example:
 Ticket sales (7 dates @ 60% of 100 capacity x £8 ticket price) £3,360

Confirmed & SIK:

- Hennesy is a confirmed, branded sponsor for the outdoor performance & venue concert series
- DICE are investing in the emerging artist opportunities to cover their performance fees & contribute towards Adebisi Adepegba's curation fee this embeds them in the local development & provides opps for new artists.
- London Sound Engineering (Izaak Grey) are offering a 50% equipment hire discount to support the project & its return to the local community.

-Ticket sales calculations:

1. Tickets sales x 4 events

- Outdoor performance in Gillet Square is free
- The Jago's capacity is 275. Estimate is 70% attendance (192 tickets) across the board due to Thursday/Saturday nights & strong loyal following
- Tiered tickets: Early bird £5, on the door £7, solidarity tickets/waged £10, & solidarity tickets/unwaged £3.
- Based on previous experience Jago expect: 50% early bird (£480), 20% door (£268), 10% solidarity/waged (£192), 10% solidarity tickets/unwaged £3 (£58), 10% industry & guestlist
- Total £999 per event x 4 events total £3,992.

Estimates are conservative to avoid shortfall. Reserves are in place if there is a major unexpected issue with sales (both restricted & free which can be used if required).

Please complete the expenditure table below with all your cash expenditure.

- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Breakdown your expenditure so we can understand your costs, for example: Artist fee (2 x Creative specialists @ £150 per day for 10 days = £3,000)

Risks and challenges

**What are the main risks and challenges to your project meeting its aims?
What will you do to manage these risks?**

Up to 1500 characters

Issues:solutions;

- Incapacity amongst key performers or organisers: appropriate deputising across all key roles. Jago have a project manager across the whole scale of the project. The Directors also collectively have over 40 years experience leading projects like this.

- Equipment hire supplies failure: back up plan for any hired materials/equipment. The supplier is trustworthy, & has a steady supply of equipment & will be available onsite as when needed.

- Insufficient funding: Jago is operating successfully, however it is also affected by seasons & the closer it gets to summer the quieter it gets. Spring is a busy period & ensures they have reserve funds if needed, if sales are lower than anticipated.

- Not securing strong participatory/final audiences: extensive outreach & existing embedded partnerships & PR visibility. Investing in marketing in a variation of ways to ensure they reach people, including digital, posters, word of mouth.

- Not securing strong participatory/final audiences: due to cost of living crisis. Some of the events are free, Jago also have subsidised tickets (see breakdown) & pay it forward tickets.

Delivering the Outcomes

Your Project and the Outcomes

Our strategy sets out three outcomes; Creative People, Cultural Communities and A Creative and Cultural Country. We do not expect every project to address all three outcomes, but we do want projects to align to at least one and to set out in detail how particular components are being addressed.

You can read about our three outcomes here: <https://www.artscouncil.org.uk/outcomes-0>

When we look at your answers to the questions in this section, where relevant we will think about:

- How your project is supporting people at all stages of their lives to design, develop and increase their participation in high quality creative activities
- If your project focuses on children and young people:
 - If your project reaches families from a wide range of backgrounds
 - If you are widening and improving opportunities for children and young people to take part in creative activities outside schools
 - if your project is supporting children and young people to develop their creative skills and potential
- If you are working with communities to better understand and respond to their needs and interests, resulting in increased cultural engagement and the wide range of social benefits it brings
- If your project is exploring new types of creative practice, new forms of cultural content and new ways of reaching new and existing audiences and participants
- If you are collaborating with other cultural organisations and/or with the commercial creative industries and/or with further and higher education that focuses on innovation, research and development and training, especially in relation to the use of new technologies
- If your project is strengthening the international connections of cultural organisations and creative and cultural practitioners, including co-production and touring
- If your project is bringing world-class culture to audiences in England
- If your project helps to ensure people have opportunities to sustain their careers and fulfil their potential in the creative industries, especially those who are currently under-represented
- If your project is connecting people and places, nationally and internationally

How will your project contribute to the delivery of at least one of our Outcomes, including which, if any, of the Outcome components?

A Creative and Cultural Country: England's cultural sector is innovative, collaborative and international, Cultural Communities: Villages, towns and cities thrive through a collaborative approach to culture, Creative People: Everyone can develop and express creativity throughout their life

- travel
- instrument/materials resourcing

The Jago will continue to measure:

- energy use in zoom/non F2F activity & hidden impacts of remote working
- waste generation & recycling in creative programmes
- travel & carbon footprint.

The Jago will work with each partner to coordinate resources & share policies to improve the joined up approach to better impact the measure. The results will then inform the new priorities.

- share understanding of resources & impacts
- implement minimum standards for travel & materials.

Delivering the LMLB programme will see the Jago:

- Continue the accessibility listening & learning process started by ACE's CRF investment, spearheaded by Salma Repa in collaboration with Attitude is Everything

- Train The Jago's core team & key staff ahead of delivering the programme to ensure attitudes, language, behaviour & protocols reflect the organisation's values when going into the community (deeper than before) & working with multiple partners, inviting vulnerable (new) audiences into the space.

DEI expert Salma Repa will connect DEI expert partners to:

- Use quantitative metrics from DICE ticketing system to map The Jago's audiences across different types of nights & measure cross-pollination as the event series unfolds

- Identify specific key gaps in the existing diverse performers & audiences -

- Create bespoke solutions to target each of these across marketing campaigns, delivery partnerships & community building initiatives (e.g. the foodbank) -

- Assess LMLB model's success as a referral space for vulnerable service users (Sistah Space, Wider Access Network, Burning Mic, Attitude is Everything).

Learning will be achieved through:

- Compiling national quant data surveying people from low socio-economic backgrounds, to identify the key barriers preventing people from accessing live music

- Interviews conducted pre- & post-gigs over a 6-month period to gather qualitative data & testimonial insight from varied demographics

- Reflective exercises in monthly team meetings re-rooting in the core objectives of the project, inviting staff to name successes & areas for improvement -
- Mentorship in tracking the above via Sasolo Arts Development.

LMLB's interconnected outdoor festival, cross-genre performances, sector-wide workshops & cross-sector talks will stretch the Jago's current creative ambitions, align more & more with the local community & use the traction created by CRF funding to build a strong, more culturally embedded future, by:

- Testing new event formats - never done a n outdoor event, bringing in new audiences at different stages in their lives, & engaging existing audiences in new, deeper ways
- Testing new ways of programing where genres & audiences reinforce each other
- Testing new event types & themes (skills/arts industry workshops & talks) that synergise with each other, carefully staged as pipelines for creative development, community involvement & natural cross-pollination of interest groups
- Testing new ways of marketing to shape audience attitudes to be inclusive, vocal about inequities & access needs, to nurture a reflexive programming model
- Strengthening the wider artist cohort & ecology, by upskilling underrepresented artists & visibilising the different directions through which underrepresented groups can enter, sustain involvement in & transform industry
- Setting The Jago apart from other venues as one that addresses local needs & invests in underrepresented emerging artists, further building its reputation as a home for supportive, accessible, multi-faceted, welcoming events.

The Jago is repositioning as a cultural hub, not a music venue. It is stretching its core ambitions to orient around cultural impact for families & local people as well as delivering excellent music & creative outputs.

Success is:

- 75%+ turnout average across all events
- Avg. wkshp participants 20, talk audience 80
- Talk & wkshp attendees surveyed - triaged thru outdoor fest & concert programme
- Qualitative feedback re live music stated as positive impact on mental health - The Jago team report feeling better equipped to support complex access needs.

LMLB project's special focus on live music & mental health is informed by results from DICE's 2021 post-lockdown report, metrics will be calibrated against these as minimum targets, all reports aim to exceed the following stats:

- 31% Brits agree music is the biggest support to their mental health (success = 40%) with a focus here on LGBTQ+ people
- 33% agree the biggest thing they were looking forward to after lockdown was gigs & festivals (success = 50% agree it's a key way to build cultural capital) -
- 41% discovered new genres over lockdown & are attending festivals, artists, and events they wouldn't have done pre-pandemic (80% state re-attendance as an ambition)

The success markers will inform the final report/impact study as a cultural counter to the further closure of youth services, community spaces & the inevitable mental impact of the cost of living crisis, coinciding with increased NHS waiting times for counselling.

4. Subsidy Control

The Subsidy Control rules are the new legal requirements that apply to the award of subsidies in the United Kingdom with effect from 11pm 31 December 2020. They have largely replaced EU State aid rules.

Where a "Subsidy" is present as per the definition of subsidy set out in the Subsidy Control Act 2022 ("the Act") then it is necessary for the award to comply with requirements set out in the Trade and Cooperation Agreement with the EU (and in due course those further requirements set out in the Act).

A "Subsidy" only exists when the following cumulative characteristics are present (only tick those that apply):

- **financial assistance which is given, directly or indirectly, from public resources by a public authority; and**
- **confers an economic advantage on one or more enterprises; and**

- is specific, that is, is such that it benefits one or more enterprises over one or more other enterprises with respect to the production of goods or the provision of services; and
- has, or is capable of having, an effect on —
 - (i) competition or investment within the United Kingdom,
 - (ii) trade between the United Kingdom and a country or territory outside the United Kingdom, or
 - (iii) investment as between the United Kingdom and a country or territory outside the United Kingdom.

If awarded, do you believe that your request for public funding meets all the necessary criteria to be classed as a "Subsidy"? No

Where a "Subsidy" is declared you will be required to provide further information to establish whether the "Subsidy" would be considered lawful.

5. Tick the relevant box if any person involved in the project or writing the application:

I am happy to be contacted by Arts Council England, or by a third-party organisation on behalf of Arts Council England, for feedback to help evaluate the programme.

2 Liability of shareholders

The liability of the shareholders is limited to the amount, if any, unpaid on the shares held by them.

PART 2

DIRECTORS

DIRECTORS' POWERS AND RESPONSIBILITIES

3 Directors' general authority

Subject to the articles, the directors are responsible for the management of the Company's business, for which purpose they may exercise all the powers of the Company.

4 Shareholders' reserve power

- (1) The shareholders may, by special resolution, direct the directors to take, or refrain from taking, specified action.
- (2) No such special resolution invalidates anything which the directors have done before the passing of the resolution.

5 Directors may delegate

- (1) Subject to the articles, the directors may delegate any of the powers which are conferred on them under the articles:
 - (a) to such person or committee;
 - (b) by such means (including by power of attorney);
 - (c) to such an extent;
 - (d) in relation to such matters or territories; and
 - (e) on such terms and conditions;as they think fit.
- (2) If the directors so specify, any such delegation may authorise further delegation of the directors' powers by any person to whom they are delegated.
- (3) The directors may revoke any delegation in whole or part, or alter its terms and conditions.

6 Committees

Committees to which the directors delegate any of their powers must follow procedures which are based as far as they are applicable on those provisions of the articles which govern the taking of decisions by directors. The directors may make rules of procedure for all or any committees, which prevail over rules derived from the articles if they are not consistent with them.

DECISION-MAKING BY DIRECTORS

7 Directors to take decisions collectively

- (1) The general rule about decision-making by directors is that any decision of the directors must be either a majority decision at a meeting or a decision taken in accordance with article 8.
- (2) If:
 - (a) the Company only has one director, and
 - (b) no provision of the articles requires it to have more than one director,

the general rule does not apply, and the director may, subject to articles 8(3) and 16 take decisions without regard to any other of the provisions of the articles relating to directors' decision-making.

8 Unanimous decisions

- (1) A decision of the directors is taken in accordance with this article when all eligible directors indicate to each other by any means that they share a common view on a matter.
- (2) Such a decision may take the form of a resolution in writing, copies of which have been signed by each eligible director or to which each eligible director has otherwise indicated agreement in writing.
- (3) References in this article to eligible directors are to directors who would have been entitled to vote on the matter had it been proposed as a resolution at a directors' meeting.
- (4) A decision may not be taken in accordance with this article if the eligible directors would not have formed a quorum at such a meeting.

9 Calling a directors' meeting

- (1) Any director may call a directors' meeting by giving notice of the meeting to the directors or by authorising the Company secretary (if any) to give such notice.
- (2) Notice of any directors' meeting must indicate:
 - (a) its proposed date and time;
 - (b) where it is to take place; and
 - (c) if it is anticipated that directors participating in the meeting will not be in the same place, how it is proposed that they should communicate with each other during the meeting.
- (3) Notice of a directors' meeting must be given to each director, but need not be in writing.
- (4) Notice of a directors' meeting need not be given to directors who waive their entitlement to notice of that meeting, by giving notice to that effect to the Company not more than 7 days after the date on which the meeting is held. Where such notice is given after the meeting has been held, that does not affect the validity of the meeting, or of any business conducted at it.

10 Participation in directors' meetings

- (1) Subject to the articles, directors participate in a directors' meeting, or part of a directors' meeting, when:
 - (a) the meeting has been called and takes place in accordance with the articles, and
 - (b) they can each communicate to the others any information or opinions they have on any particular item of the business of the meeting.
- (2) In determining whether directors are participating in a directors' meeting, it is irrelevant where any director is or how they communicate with each other.
- (3) If all the directors participating in a meeting are not in the same place, they may decide that the meeting is to be treated as taking place wherever any of them is.

11 Quorum for directors' meetings

- (1) At a directors' meeting, unless a quorum is participating, no proposal is to be voted on, except a proposal to call another meeting.
- (2) The quorum for directors' meetings may be fixed from time to time by a decision of the directors, but it must never be less than two unless there is just a sole director in office, and unless otherwise fixed it is two.
- (3) If the total number of directors for the time being is less than the quorum required, the directors must not take any decision other than a decision:
 - (a) to appoint further directors, or
 - (b) to call a general meeting so as to enable the shareholders to appoint further directors.

12 Chairing of directors' meetings

- (1) The directors may appoint a director to chair their meetings.
- (2) The person so appointed for the time being is known as the chairman.
- (3) The directors may terminate the chairman's appointment at any time.
- (4) If the chairman is not participating in a directors' meeting within ten minutes of the time at which it was to start, the participating directors must appoint one of themselves to chair it.

13 Casting vote

The chairman or other director chairing the meeting shall not, if the numbers of votes for and against a proposal are equal, have a second or casting vote.

14 Conflicts of interest

- (1) If a proposed decision of the directors is concerned with an actual or proposed transaction or arrangement with the Company in which a director is interested, that director is not to be counted as participating in the decision-making process for quorum or voting purposes.
- (2) But if paragraph (3) applies, a director who is interested in an actual or proposed transaction or arrangement with the Company is to be counted as participating in the decision-making process for quorum and voting purposes.
- (3) This paragraph applies when:
 - (a) the Company by ordinary resolution disapplies the provision of the articles which would otherwise prevent a director from being counted as participating in the decision-making process;
 - (b) the director's interest cannot reasonably be regarded as likely to give rise to a conflict of interest; or
 - (c) the director's conflict of interest arises from a permitted cause.
- (4) For the purposes of this article, the following are permitted causes:

- (a) a guarantee given, or to be given, by or to a director in respect of an obligation incurred by or on behalf of the Company or any of its subsidiaries;
 - (b) subscription, or an agreement to subscribe, for shares or other securities of the Company or any of its subsidiaries, or to underwrite, sub-underwrite, or guarantee subscription for any such shares or securities; and
 - (c) arrangements pursuant to which benefits are made available to employees and directors or former employees and directors of the Company or any of its subsidiaries which do not provide special benefits for directors or former directors.
- (5) For the purposes of this article, references to proposed decisions and decision-making processes include any directors' meeting or part of a directors' meeting.
- (6) Subject to paragraph (7), if a question arises at a meeting of directors or of a committee of directors as to the right of a director to participate in the meeting (or part of the meeting) for voting or quorum purposes, the question may, before the conclusion of the meeting, be referred to the chairman whose ruling in relation to any director other than the chairman is to be final and conclusive.
- (7) If any question as to the right to participate in the meeting (or part of the meeting) should arise in respect of the chairman, the question is to be decided by a decision of the directors at that meeting, for which purpose the chairman is not to be counted as participating in the meeting (or that part of the meeting) for voting or quorum purposes.
- (8) Where the number of non-conflicted directors is less than the quorum for the purposes of approving a resolution authorising any situation or transaction constituting a conflict as anticipated by the Companies Acts, the quorum shall be all the disinterested directors.
- (9) When all the directors of the Company are conflicted, the Company shall pass the conflict to the Company's shareholders for approval by ordinary resolution.

15 Records of decisions to be kept

The directors must ensure that the Company keeps a record, in writing, for at least 10 years from the date of the decision recorded of every unanimous or majority decision taken by the directors.

16 Directors' discretion to make further rules

Subject to the articles, the directors may make any rule which they think fit about how they take decisions, and about how such rules are to be recorded or communicated to directors.

NUMBER AND APPOINTMENT OF DIRECTORS

17 Methods of appointing directors

- (1) There shall be no maximum number of directors and the minimum number of directors shall be one. Whenever the Company has two or more directors, at least one of them shall be a natural person
- (2) Any person 16 years of age or more and who is willing to act as a director, and is permitted by law to do so, may be appointed to be a director:

- (a) by ordinary resolution; or

- (5) If the directors act in good faith, they do not incur any liability to the holders of shares conferring preferred rights for any loss they may suffer by the lawful payment of an interim dividend on shares with deferred or non-preferred rights.

- (1) All dividends or other sums which are payable in respect of shares and unclaimed after having been declared or become payable, may be invested or otherwise made use of by the directors for the benefit of the Company until claimed.
- (2) The payment of any such dividend or other sum into a separate account does not make the Company a trustee in respect of it and if
 - (a) twelve years have passed from the date on which a dividend or other sum became due for payment; and
 - (b) the distribution recipient has not claimed it,

the distribution recipient is no longer entitled to that dividend or other sum and it ceases to remain owing by the Company.

35 Non-cash distributions

- (1) Subject to the terms of issue of the share in question, the Company may, by ordinary resolution on the recommendation of the directors, decide to pay all or part of a dividend or other distribution payable in respect of a share by transferring non-cash assets of equivalent value (including, without limitation, shares or other securities in any company).
- (2) For the purposes of paying a non-cash distribution, the directors may make whatever arrangements they think fit, including, where any difficulty arises regarding the distribution:

 - (c) vesting any assets in trustees.

36 Waiver of distributions

 - (a) the share has more than one holder, or
 - (b) more than one person is entitled to the share, whether by reason of the death or bankruptcy of one or more joint holders, or otherwise,

the notice is not effective unless it is expressed to be given, and signed, by all the holders or persons otherwise entitled to the share.

CAPITALISATION OF PROFITS

37 Authority to capitalise and appropriation of capitalised sums

- (1) The directors may, if they are so authorised by an ordinary resolution:

- (a) decide to capitalise any profits of the Company (whether or not they are available for distribution) which are not required for paying a preferential dividend, or any sum standing to the credit of the Company's share premium account or capital redemption reserve; and
 - (b) appropriate any sum which they so decide to capitalise (a "capitalised sum") to the persons who would have been entitled to it if it were distributed by way of dividend (the "persons entitled") and in the same proportions.
- (2) Capitalised sums must be applied:
 - (a) on behalf of the persons entitled, and
 - (b) in the same proportions as a dividend would have been distributed to them.
- (3) Any capitalised sum may be applied in paying up new shares of a nominal amount equal to the capitalised sum which are then allotted credited as fully paid to the persons entitled or as they may direct.
- (4) A capitalised sum which was appropriated from profits available for distribution may be applied in paying up new debentures of the Company which are then allotted credited as fully paid to the persons entitled or as they may direct.
- (5) Subject to the articles the directors may:
 - (a) apply capitalised sums in accordance with paragraphs (3) and (4) above partly in one way and partly in another;

- (4) In determining attendance at a general meeting, it is immaterial whether any two or more shareholders attending it are in the same place as each other.
- (5) Two or more persons who are not in the same place as each other attend a general meeting if their circumstances are such that if they have (or were to have) rights to speak and vote at that meeting, they are (or would be) able to exercise them.

44 Errors and disputes

- (1) No objection may be raised to the qualification of any person voting at a general meeting except at the meeting or adjourned meeting at which the vote objected to is tendered, and every vote not disallowed at the meeting is valid.

45 Poll votes

- (1) A poll on a resolution may be demanded:

- (3) Proxy notices may specify how the proxy appointed under them is to vote (or that the proxy is to abstain from voting) on one or more resolutions.
- (4) Unless a proxy notice indicates otherwise, it must be treated as:
 - (a) allowing the person appointed under it as a proxy discretion as to how to vote on any ancillary or procedural resolutions put to the meeting; and
 - (b) appointing that person as a proxy in relation to any adjournment of the general meeting to which it relates as well as the meeting itself.

47 Delivery of proxy notices

- (1) A person who is entitled to attend, speak or vote (either on a show of hands or on a poll) at a general meeting remains so entitled in respect of that meeting or any adjournment of it, even though a valid proxy notice has been delivered to the Company by or on behalf of that person.

- (2) A special resolution to be proposed at a general meeting may be amended by ordinary resolution, if:
- (a) the chairman of the meeting proposes the amendment at the general meeting at which the resolution is to be proposed; and
 - (b) the amendment does not go beyond what is necessary to correct a grammatical or other non-substantive error in the resolution.
- (3) If the chairman of the meeting, acting in good faith, wrongly decides that an amendment to a resolution is out of order, the chairman's error does not invalidate the vote on that resolution.

My Yard, Rachel Dimond, Director

I am writing to support the application of The Jago Dalston for Arts Council funding for Grassroots venues.

I hold the position of Director at My Yard, which provides practical support to isolated people, creating communities with food and events. I know Kwame and the management team in a professional capacity from his involvement with the charity to set up weekly food and wellbeing workshops, panels and talks in Hackney. Kwame was heavily involved in the operational set up of the events, which followed with innovative ways in which to gather and connect with the local community.

I am fully in support of The Jago proposed project and believe it will no doubt be a great success.

This is owing to Kwame's former experience in project and events management, which I have seen evidenced throughout our working relationship. And furthermore, due to his passion for community work.

I am willing to be contacted by a member of the team to discuss the applicant's proposed project further.

Tomoya Forster, Sound Engineer and Artist

I've been involved in music, programming for 20 years and one place that was particularly significant was The Jago. The venue is unique; encompassing community cohesion and collaboration through various creative forms.

Through The Jago I made a lot of both musical and personal friendships that are key to my life now. Through all of this time gigging at venues with capacity between 30 and 30,000 people, I've learnt a lot about what helps to cultivate a space where the musicians are happy and the sound is good with whatever restrictions are in place. The Jago is one of those places that epitomises grassroots. That goes above and beyond to think about artists, patrons and community, and their individual involvement with the space.

It is so important to have small venues that care about music and musicians. Particularly music which is not necessarily mainstream. So much of a musician's experience of playing different venues depends on the sound and the staff at the venue.

I'm honored to be a contributor to this project with The Jago and believe it will be a huge success.

Tomoya Forster

As a creative producer from Hackney, I pride myself with having been deeply involved within the multi diverse creative community who inhabit the city. With this, I have curated a number of events ranging from live music, game shows and thought provoking debate bouts.

As the founder of Burning Mic, a creative performance platform for artists of all levels providing performance and networking space for up and coming artists, I have grown my network of emerging artists/ talent. This was the culmination of the efforts of volunteers, friends and local businesses. Working with local venues I have co-produced events providing not just a platform, but a safe haven for artists of all demographics.

I am excited to be bringing my experience to the Jago Festival and showcase some of London's new talent. I will source a total of 4 bands/ acts through an auditioning process to participate in the festival. This will give new talent a platform to perform on stage with established bands, an audience to discover new music whilst they are still emerging, and hands on practical advice in the music and events industry through the workshops. This is a great opportunity for new talent.

Best,
