

Introduction

National Lottery Project Grants

We will ask you questions about different parts of your activity:

- Some basic details about your project – when it's happening, what it's called
- What you want to do, why, and what you want it to achieve
- Who your project will engage, and how they'll engage with it
- How you will manage the project
- The budget for the project

We will use the information you give us in this application to decide whether we will offer you a grant.

The first few screens are autofilled with information you have already provided in your applicant profile. If you need to make any amendments, go back to the 'Applicants' section and edit your applicant profile.

Throughout Grantium, any questions marked with an asterisk (*) must be answered otherwise you won't be able to submit your form.

All our text boxes have a character limit. Please stick to this character limit as any additional text won't be saved.

Please note that currently decisions for National Lottery Project Grants applications for up to £30,000 will take up to 9 weeks. Decisions for National Lottery Project Grants applications for £30,000 and over will take up to 14 weeks.

Feasibility and risk

This section helps us to understand how you will successfully deliver your project.

We need to know your plans for managing the project, what your budget is and how you will respond to any risks or challenges.

You don't need to have managed a project before, but you need to be able to demonstrate that you have given consideration to how you will manage the project, the budget, and any risks/challenges, and that you or your project partners have the skills to ensure it is delivered successfully.

When we look at your answers to the questions in this section we will think about:

- whether the budget is appropriate for the scale and type of activity?
- how appropriate are the areas of income and spending?
- whether all items in the budget are relevant and reasonable [are fees or wages appropriate to the context? Have quotes for assets/equipment been appropriately researched for any purchases?]
- whether the activity is attracting income from other sources; - is any other income confirmed? If not, are your potential income sources realistic?
- if appropriate financial controls are in place - Do you or the people you're working with have the necessary skills to manage the budget?
- if the activity is realistic and well-planned, and if you have demonstrated that you or the people you are working with are able to deliver the project

As you are applying for over £30,000:

- if the cash flow is appropriate for the project

Project timeline

Project dates

Tell us the start and end dates for your project.

Please allow enough time to plan your project and for us to process your application, as well as enough time for us to make a payment before your start date if your project is successful. See our How to apply guidance for more details.

The dates you give here should be the dates for the full project you're asking us to fund.

Please note that currently decisions for National Lottery Project Grants applications for £30,000 and over will take up to 14 weeks.

Project start date: 05/01/2024

Project end date: 30/08/2024

Please use the tool below to list the main stages and tasks of the project from the start date onwards, and to show who will lead on each element of the project. Please add each project stage in order. You must enter at least one stage.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Income table

Please complete the income table below with all your cash income, as well as any support in kind you will receive. (By support in kind we mean goods or services that you would otherwise have to pay for, but are being provided for free.)

- For any earned income you should include how these amounts have been calculated in the description field, for example:
Ticket sales (7 dates @ 60% of 100 capacity x £8 ticket price) £3,360

Expenditure questions

How have you worked out the costs of the artistic spending included in your budget?

Up to 1500 characters

ILN is run by an experienced team of creative professionals with extensive delivery & management experience.

Fees based on AU & AN guidance for ppl at mid-career points with some experience. Costed to ensure there is sufficient time & expertise to deliver the programme without risk to the participants. External mentors consulted, & their fees also based on time required to deliver similar work in the previous iteration where mentors worked for free. An important element of the new programme is paying the mentors to retain their expertise & build the sustainability of the framework over time. Calculated as follows:

- Programme Assistant (£150 day x 10 days) - support on application process, data insights, survey
- Programme Assistant (£150/day) - ongoing support for mentors and mentees online, 2 days a week during programme
- Workshop Delivery Lead (7 workshops x £450 fee)
- Application software: Platform to host and collect application forms (£49 for 6 months, including post-project surveys).

How have you worked out the costs of making your work accessible included in your budget?

Up to 1500 characters

Accessibility is key to the success of the programme & orients towards those with barriers to development in the creative sector. Therefore time is dedicated to the development of mentors from the mentee programme to maintain authentic, on the ground connectivity with those that the programme targets. Time is costed to support that development. The website update will support data analysis & ensure all pages are written to WCAG.2.1 standards:

- Project Manager (£200/day) x 7 days developing & delivering training for mentors, mentees, peer to peer leads
- Website edit: coding & update page for programme & applications.

How have you worked out the costs of developing your organisation included in your budget?

Up to 1500 characters

Organisational development is the key facet of the programme, building in paid roles, sustainability, accessibility & improved reach. Each element is costed as follows:

- Project Manager (£200/day) x 10 days working on application format, monitoring & new data system
- Project Manager (£200/day) x 5 days working on new programme, liaising with mentors & facilitators, creating documents
- Project Manager (£200/day) x 10 days recruiting team, mentors & facilitators
- Project Manager (£200/day) x 2 day/ week on programme running support

Delivering the Outcomes

Your Project and the Outcomes

Our strategy sets out three outcomes; Creative People, Cultural Communities and A Creative and Cultural Country. We do not expect every project to address all three outcomes, but we do want projects to align to at least one and to set out in detail how particular components are being addressed.

You can read about our three outcomes here: <https://www.artscouncil.org.uk/outcomes-0>

When we look at your answers to the questions in this section, where relevant we will think about:

- How your project is supporting people at all stages of their lives to design, develop and increase their participation in high quality creative activities
- If your project focuses on children and young people:
 - If you your project reaches families from a wide range of backgrounds
 - If you are widening and improving opportunities for children and young people to take part in creative activities outside schools
 - if your project is supporting children and young people to develop their creative skills and potential
- If you are working with communities to better understand and respond to their needs and interests, resulting in increased cultural engagement and the wide range of social benefits it brings
- If your project is exploring new types of creative practice, new forms of cultural content and new ways of reaching new and existing audiences and participants
- If you are collaborating with other cultural organisations and/or with the commercial creative industries and/or with further and higher education that focuses on innovation, research and development and training, especially in relation to the use of new technologies
- If your project is strengthening the international connections of cultural organisations and creative and cultural practitioners, including co-production and touring
- If your project is bringing world-class culture to audiences in England
- If your project helps to ensure people have opportunities to sustain their careers and fulfil their potential in the creative industries, especially those who are currently under-represented
- If your project is connecting people and places, nationally and internationally

How will your project contribute to the delivery of at least one of our Outcomes, including which, if any, of the Outcome components?

In the previous successful programme, ILN were fortunate to have a pool of experienced mentors; established professionals from various creative sectors across England. Notably, a minimum of 30% of these mentors emerge from underrepresented groups, ensuring they reflect the diverse candidates the programme targets. This is replicated going forward.

Embedded in the programme KPI's is the training of 15 diverse professionals to become mentors; who are better equipped to work inclusively with diverse groups.

Partnering with organisations for the open call, that have existing relationships & outreach to stakeholder communities, ensures equitable access & belonging; building on recommendations of networks from previous mentors & mentees, organisations include:

- East London Dance (BIPOC focus)
- Art Clubbers CIC (LGBTQI+ focus)
- Fashion Minority Report (BIPOC, LGBTQI+ lower socio economic status cohorts)

Through Kickstarter recruitment, Isabel will employ a woman or non-binary person, particularly welcoming applications from groups currently under-represented, to offer a career development opportunity as an assistant on the project.

5 Board Members are from the LGBTQI+ community & other marginalised demographics; they meet throughout the programme stages: open call, selection & evaluation periods, to review, learn from & adapt the programme to better suit the needs of participants.

The director, Isabel is herself a neurodiverse migrant female cultural worker, with a history of working as a freelancer in the creative industries for over 15 years. She was made redundant from a creative job role during the pandemic & pivoted her career in response.

ILN place great emphasis on understanding the thoughts & experiences of all those involved in the mentoring program, including mentors, mentees, & participants.

ILN collect valuable feedback through monitoring forms, which have been instrumental in driving improvements & refining systems. They have monitoring forms, used by all mentors & mentees. Many mentors stay in the programme for more than a year, with 100% recommending our programme to other mentors.

Throughout the journey of running mentoring programs for esteemed institutions such as Somerset House & Market Peckham, ILN have continued to gather feedback from various sources to inform best practice, KPI's & EDI metric frameworks. This inclusive approach ensures they consider the perspectives of all stakeholders.

In developing the current program feedback from three mentoring schemes informed the KPI's & a comprehensive survey involving job seekers & arts & cultural orgs seeking talent identified key gaps around which ILN tailored the program to address the specific needs & aspirations of new participants.

To maintain a continuous feedback loop, ILN implement monitoring surveys for mentors, mentees, & participants at various stages of the program; before, during, & after the mentoring process. This enables the assessment & alignment of initial goals with actual outcomes through a blend of qualitative & quantitative questions. The survey results are treated confidentially & discussed during debrief sessions with our Board Members. Final results are filtered into impact reports to disseminate the work.

The commitment to understanding the thoughts & opinions of the community fosters a culture of continual improvement; ensuring that mentoring remains effective, impactful, & aligned with the diverse needs of our participants.

This project will enable Isabel/ILN to:

- dedicate time & resources to grow the company
- employ people longitudinally; to invest in emerging cultural freelancers, also from underrepresented sectors
- create systems that can be replicated & a strong programme that can attract more investment from recruiters on the job board
- employ data analysis; thus speed up processes to scale the offer & better understand who ILN are serving
- test peer to peer mentoring
- test larger group programmes.

Data is the beating heart of any organisation & in the current economic circumstances, evidence-based insights are more vital than ever with regards to determining how to allocate resources & reporting requirements. Understanding current & potential audiences is also vital if ILN are to undertake audience development projects & deliver effective marketing campaigns & programming.

This testing phase will help ILN assess the scalability & efficiency of their approach, ensuring they can effectively accommodate a greater number of participants without compromising the quality of mentorship.

Through rigorous testing, evaluation, & ongoing feedback from stakeholders, ILN will create robust systems that can be replicated & adapted to accommodate changing needs & circumstances. This iterative approach ensures the best possible experience & support for underrepresented freelancers & emerging cultural practitioners. Ultimately, this will enable ILN to contribute to a more diverse & inclusive creative industry, fostering opportunities for talent that has historically been underrepresented.

To ensure a streamlined & data-driven approach, ILN have onboarded a Data Insights Manager who will play a crucial role in the process.

The Data Insights Manager will embark on several key initiatives to enhance the program's effectiveness & efficiency. They will:

- review existing process, including questions, matrix scoring, & the advisory panel shortlisting process
- identify areas for improvement & refinement to ensure the most effective pairing of mentors & mentees.

Additionally, the Data Insights Manager will work on creating an Evaluation Framework that includes longitudinal, quantitative, & qualitative data collection methods. This framework will provide a comprehensive understanding of the impact & effectiveness of the programme, enabling reporting against internal KPIs & external funding reporting requirements.

Throughout, the leverage of various online tools to connect communities & facilitate training is checked. Platforms such as Zoom & Slack help build a supportive network that transcends geographical boundaries, allowing participants from all over the UK to access resources & network.

Using data to enhance the efficiency, organisation, & overall effectiveness of the programme. ILN can:

- enable smoother programme operations
- facilitate seamless communication between mentors, mentees, & programme administrators.

By integrating technology, data, & evidence-based insights ILN are committed to continuously improving & strengthening their data-driven approach; which enables more effective reach, impact & strategic outcomes.

4. Subsidy Control

The Subsidy Control rules are the new legal requirements that apply to the award of subsidies in the United Kingdom with effect from 11pm 31 December 2020. They have largely replaced EU State aid rules.

Where a "Subsidy" is present as per the definition of subsidy set out in the Subsidy Control Act 2022 ("the Act") then it is necessary for the award to comply with requirements set out in the Trade and Cooperation Agreement with the EU (and in due course those further requirements set out in the Act).

A "Subsidy" only exists when the following cumulative characteristics are present (only tick those that apply):

- **financial assistance which is given, directly or indirectly, from public resources by a public authority; and**
- **confers an economic advantage on one or more enterprises; and**

☐
☐

- is specific, that is, is such that it benefits one or more enterprises over one or more other enterprises with respect to the production of goods or the provision of services; and
- has, or is capable of having, an effect on —
 - (i) competition or investment within the United Kingdom,
 - (ii) trade between the United Kingdom and a country or territory outside the United Kingdom, or
 - (iii) investment as between the United Kingdom and a country or territory outside the United Kingdom.

If awarded, do you believe that your request for public funding meets all the necessary criteria to be classed as a "Subsidy"? No

Where a "Subsidy" is declared you will be required to provide further information to establish whether the "Subsidy" would be considered lawful.

5. Tick the relevant box if any person involved in the project or writing the application:

I am happy to be contacted by Arts Council England, or by a third-party organisation on behalf of Arts Council England, for feedback to help evaluate the programme.

impact & next steps

I LIKE NETWORKING IS THE LEADING CAREER PLATFORM FOR UNDER-REPRESENTED GROUPS IN THE CREATIVE INDUSTRIES.

We set off in 2020 as a response to the growing need of diversifying the industry.

Since then, we've been on a **mission to help individuals thrive in their creative careers.**

Today our community is made up of **40k+ women and non-binary people** in the creative industries focused on creating a better and more inclusive sector for all.

We're the only mentoring training scheme that doesn't put **an age limit** on the talent to access our support. This is particularly key in supporting women as a large number drop out of the workforce due to family planning and struggle to get back after. We also directly connect the industry with this upskilled diverse talent.

THE PANDEMIC HAS PUT A
HUGE, AUGMENTED LENS ON
HOW FAR WE STILL HAVE TO
GO WHEN IT COMES TO
WOMEN'S RIGHTS.

"The pandemic made it really difficult to build and maintain connections. It also made me realise how important your network is".

"I wanted to create something that supported women and non-binary people to build meaningful connections and enable them to get where they want to be professionally. The lockdown was a real struggle for me and so many in the creative industries".

She is a recipient of the FVU Michael O'Pray Prize (2021) and the author of iPhone Notes (If A Leaf Falls Press, 2021). Ronnie started with ILN as a Kickstart Placement.

THE BOARD

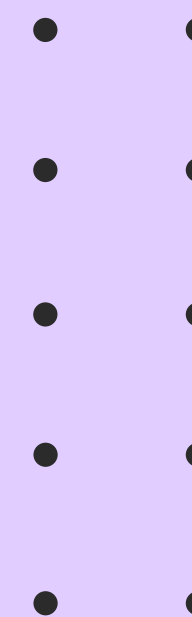

The ILN board support our small team to shape the organisation's strategic developments and to hold us to account, making sure we take steps to have the most impact possible.

Petra van den Houten is Director of Development, Marketing and Communications at Liverpool Biennial. She is also a Trustee of the Manchester Art Gallery,

Lisa Johnson specialises in connecting audiences through music, culture and entertainment with ten years of experience across retail editorial at John Lewis, arts publishing at Afterall, gallery programming at Whitechapel Gallery and educational youth projects at University of the Arts London

Jade Coles is a creative strategist and culture legacy designer whose niche is curating cultural event programmes that resonate with London's creative, forward-thinking audiences.

Monica Bauer has 10 years of experience working with Marketing and Content Production in companies such as Saatchi & Saatchi Brazil, Rapp Collins, 24 Productions and BBC Creative.

Why do we continue to do this work?

At the current rate of progress,
Europe won't reach gender parity for 50 years.

According to the DCMS, the creative economy 'employs a lower proportion of women than the wider UK economy with **37.1% of jobs in the creative industries filled by women compared to 46.9% in the UK as a whole**'.

A 2021 study supported by the DCMS showed that **only 16.2% of people working in creative jobs are from working-class backgrounds** despite the industry employing over 2 million people.

The creative sector contributes over £42bn a year to the UK economy and accounts for one in six jobs in the capital, however, **only 13% of creative jobs are filled by BAME groups**. In addition, only 8% of senior positions have BAME representation.

How we support the Creative Communities

- **Job Board and Talent Collective:** The Job Board and Talent Collective is a place to showcase the incredible talent from our community, so organisations can get in touch with them directly. This innovative recruitment platform helps companies post job ads directly to their target audiences and allows recruiters to find awesome people straight from our community.
- **Mentoring Schemes:** We believe in the power of connection. Our relationships open doors in our professional lives and our personal growth. That is why we launched our own mentoring programme. In collaboration with their mentor, mentees define their goals, finesse their skill set and expand their networks.
- **Resources:** We offer insights into the creative industries through our podcasts, guides, and more on our website, social media and newsletter.
- **Events:** We run and host events regularly.

2020 – 2022 IN NUMBERS

- **700+** Mentees
- **150+** Mentors
- **200+** Jobs advertised
- **40K+** Online community
- **10m+** Press reach

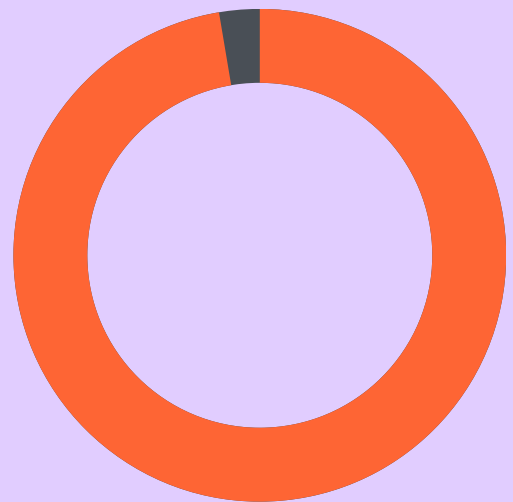

“ILN is an ever-growing, incredible supporting network that is inspiring and collaborative. I am grateful for Isabel and the team for bringing such talented, ambitious and driven mentors and mentees together.” - mentor

“Thank you for creating such an amazing programme and for all the care put into it! I can't wait to recommend it to all of my creative friends!” - mentee

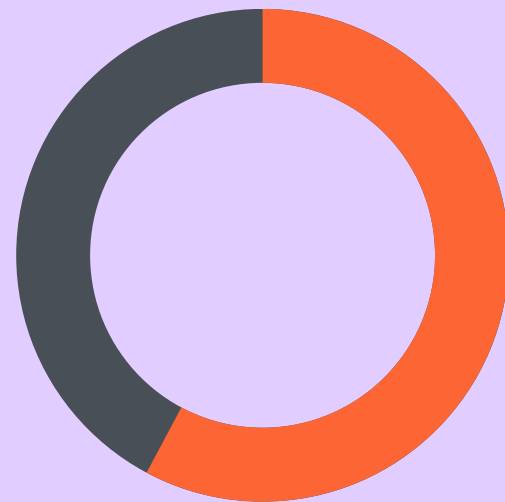

“Many mentoring schemes and programmes were created during the pandemic but I Like Networking is the best. It survived, and has flourished, because it has been built to last. ” - mentor

THE 2022 ILN MENTORING PROGRAMME

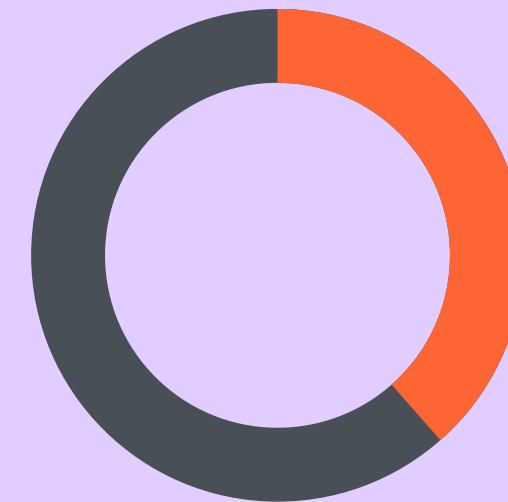

During the **2022 ILN Mentoring Programme**, we **reached all targets** set across **demographics** supporting the **underrepresented groups** of the industry.

57.8% identified

38.5% identified

HOW DID PEOPLE FIND OUT ABOUT THE PROGRAMME?

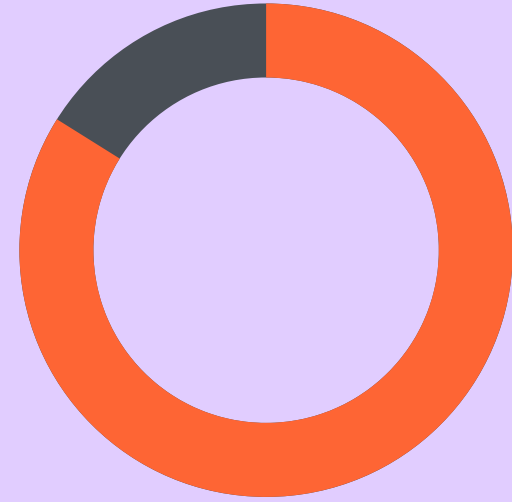

The success in terms of the number and demographics of participants and applicants can be partly attributed to the growth of an organic community in the past two years, which has continued to serve unrepresented sectors of the creative industry as demonstrated by these stats.

We have been working endlessly to provide free resources in the past two years and listen to the community which helped to disseminate the call out.

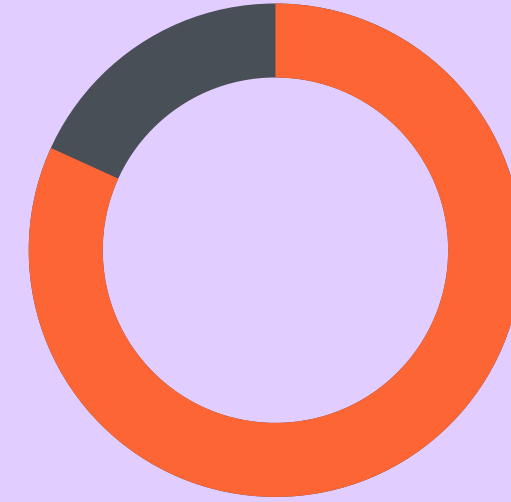

93.5% of mentees reported increased confidence

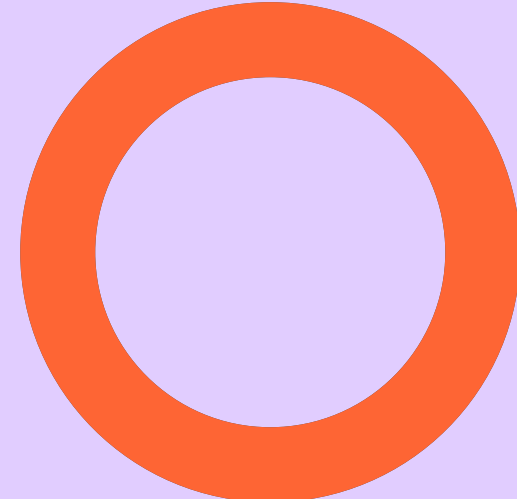

83.9% of mentees reported having a better understanding of the creative industry

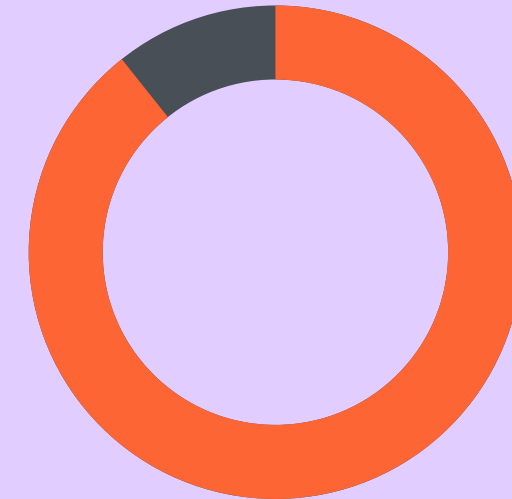

81.8% of participants reported having pursued new opportunities or taken up new initiatives

77.4% of mentees reported a growth in their network

100% of the mentors are willing to recommend being a mentor with us to someone else

89.3% of the mentors are keeping in touch with the mentees after the programme ended

Additionally, 146 badges were awarded at the end of the programme, with which mentees can showcase their participation online and on their CVs. The badges, recognising accomplishments outside of formal educational structures, are written using the Cities of Learning Badge Standard, which is endorsed by City and Guilds and the RSA.

“Mentoring with ILN is always an eye and mind opening experience. Being able to guide someone through their career and utilise your experience in new ways is hugely satisfying.” - mentor

“I wish I had discovered ILN when I was first navigating a career in the creative industries.” - mentee

“The programme was brilliant. It really helped to demystify the creative industries and remind me that conversations with others is the key to success.” - mentee

"Through retaining networking connections, I received a job offer for a role I was initially rejected from. Never again will I underestimate the power of an email and staying in touch with my contacts."

"I got a part time role, and more than that - after this programme, I know how to market myself."

"I managed to become full time at my communications job, because I began to think more creatively and look at other avenues that aren't just writing, such as graphic design. This has helped me in my role a lot."

**MENTEE
TESTIMONIALS**

PROGRAMME LEGACY

- Beyond the stats on job reach, employability, confidence, and diversity, the program continues through:
- An engaged community of mentors and mentees, with people exchanging jobs, resources, and ideas.
- The Slack channel provided a space for mentees to continue to connect and self-organize, creating channels for those who identified as neurodivergent, located in different parts of the UK and beyond. So the channel will still be kept open as long as we can, with the goal of expanding it through other programs.
- Showcasing our mentees via our talent board and certifying both mentors and mentees via Badges, fostering the notion of how non-academic learning can be incredibly beneficial.

We developed two bespoke mentoring programmes
for **Somerset House** and **Market Peckham**:

**Bespoke
Mentoring**

“Working with the I LIKE NETWORKING team over the last nine months and has been a pleasure! They have always taken the time to think about the needs of the project and have gone above and beyond to help myself, the mentors and the mentees when needed.” — Natalya Best-Forbes, Inclusive Talent Programmes Manager at Somerset House Trust

“We've doubled our revenues and hired our first employee” -
Peckham Rise mentee

“Having the free desk at Market has been hugely valuable and my mentor has been really helpful.” - Peckham Rise mentee

“Our MVP is now in Alpha testing and we'll be launching soon.” -
Peckham Rise mentee

Case study:

In 2022 we partnered with MARKET to launch the **Peckham Rise programme**, a year-long accelerator for Peckham-based Creative and Tech start-ups.

The programme allows successful applicants to be partnered with a mentor, receive business advice, training and exposure from industry leaders and call Market's professional co-working space 'home' for 12 months.

With over 200 applicants, we hit all DEI targets.

OUR ARTS COUNCIL APPLICATION & NEXT STEPS

We have a growing demand for our mentoring scheme with nearly 1000 applications for our last program.

Learning ways to scale the reach of our program and give the mentees tools to support one another and network within themselves is one of our main missions.

One of the biggest difficulties in expanding our mentoring reach is how long it takes to match mentors and mentees this a data analysis and a new system for data, application and the matching is required

OUR ARTS COUNCIL APPLICATION & NEXT STEPS

Our goal is to be able to create a system where we can support at least 1000 people a year, targeting what the Creative Industries might need the most.

The efficiency will save our resources so we can be a sustainable organization, not depending on funding to deliver our impact goals.

We also want to make all mentees empowered to support one another to expand their network and train them in peer-to-peer mentoring.

FUTURE LEGACY

We've already had mentees who have become mentors.

Our goal is that this continues at scale so it becomes a continuous cycle.

We want to be the number one platform for diverse talent to enter and progress in the Creative Industry, whilst training industry leaders to better support a diverse workforce.

To Whom It May Concern:

We have worked with Isabel and I LIKE NETWORKING on the Peckham Rise 2022 project, where we set out to support 20 entrepreneurs in Creative & Tech Industries in their early business journey for a year, with 50%-100% of the cohort living locally or coming from underrepresented groups in the entrepreneurial space. I LIKE NETWORKING managed the recruitment of mentors and participants, called out as well as delivered the marketing and press strategy. I LIKE NETWORKING also devised and actioned a series of workshops, hiring experts across fields to provide the tools for the cohort to develop a solid business plan and grow their business. In numbers, 81.6% of the applicants, but 85% of the cohort identified as woman or non-binary, and 58.4% of the applicants, but 65% of the cohort identified as BAME. Furthermore, 46.4% of the applicants, but 70% of the cohort came from a lower socio-economic background, while 28.8% of the applicants, but 30% of the cohort lived with a disability.

I LIKE NETWORKING's main differential is their vast network of leaders across several sectors of the Creative Industries, allowing them to locate leaders and mentors to support the cohort across a variety of needs, from design to business development, fundraising, alternative funding and beyond.

They have been extremely organized, driven and easy to communicate with and I'd recommend working with them to develop professional development programmes for the Creative Economy.

Please contact us if any more specific reference information is required.

Yours sincerely

To whom this may concern,

I am writing on behalf of Somerset House Trust to confirm that we worked with Isabel Sachs and the I LIKE NETWORKING team between November 2021-August 2022 on our wrap round training programme, Prepare & Promote Yourself, and our mentoring programme as part of Somerset House Trust's Inclusive Talent Programmes.

As part of this we engaged I LIKE NETWORKING to work with us to bring in speakers to run four of the Prepare & Promote Yourself sessions for the young adults on our programmes who were between the ages of 18-30, to co-create a mentoring handbook, and to run training sessions for our mentors and mentees.

Isabel was always enthusiastic about the work that we do and has offered support, advice, and learnings, not only to me and the team, but the young adults that we work with all who identify as belonging to communities that are currently underrepresented within the Arts & Culture sector. Isabel and the I LIKE NETWORKING team was also always prompt with responses, worked with us on a clear line of communication and was reliable at every stage.

Please do not hesitate to contact me if you need me to provide any further information.

Yours faithfully,

Natalya Best-Forbes

Programme Manager, Inclusive Talent Engagement
