

Introduction

National Lottery Project Grants

We will ask you questions about different parts of your activity:

- Some basic details about your project – when it's happening, what it's called
- What you want to do, why, and what you want it to achieve
- Who your project will engage, and how they'll engage with it
- How you will manage the project
- The budget for the project

We will use the information you give us in this application to decide whether we will offer you a grant.

The first few screens are autofilled with information you have already provided in your applicant profile. If you need to make any amendments, go back to the 'Applicants' section and edit your applicant profile.

Throughout Grantium, any questions marked with an asterisk (*) must be answered otherwise you won't be able to submit your form.

All our text boxes have a character limit. Please stick to this character limit as any additional text won't be saved.

Please note that currently decisions for National Lottery Project Grants applications for up to £30,000 will take up to 9 weeks. Decisions for National Lottery Project Grants applications for £30,000 and over will take up to 14 weeks.

Selected priority: - Not applying against any Time Limited Priority -

Essential information

In this section we'll ask you some basic details about you and your project.

What do we mean by 'project'?

- A series of activities or a piece of work.
- A project has a start and an end date
- A project has a set of measurable aims that you'd like to achieve in that time.

Amount requested

Tell us the total amount you are applying to us for, including any personal access costs* (£): £83,500

How much of this request is for your / your collaborators' personal access costs?* (£): £0

*If you, or the people you are working with, are:

- deaf or disabled,
- neurodivergent,
- experience learning difficulties,
- have a mental health or
- long term health condition,

there may be extra costs relating to your access needs. These could be to help you deliver the project, or for the online management of your grant.

Some examples are a BSL interpreter, a notetaker or specialist tutor for admin support, counselling costs during your project.

Do you, or does your organisation object to receiving National Lottery funding for religious reasons? No

Fair pay

Arts Council England is committed to ensuring proper and fair payment to artists and those who work in the creative industries. Please read the Fair pay section of our How to apply guidance for more information.

Have you used a recognised industry standard to work out how to pay artists and professionals involved in your project (including you)? Yes - If so, which one?

Please explain in more detail.

Up to 600 characters

Musicians Union, Artist Union & allocation for professional standards for arts administration & performance are respected.

If there are other people included in the delivery of my project, as workers or volunteers, I am aware of my responsibilities:

Your Project

In your own words, tell us what your project is.

First, give us:

A 50-word summary:

Up to 300 characters

Seckou Keita is the UK's leading west African musician & cultural ambassador, this project comprises:

- asset building
- infrastructure evolution
- mentorship
- performance
- educational activities.

The project will:

- evolve the notion of gatekeeping
- be culturally reparative.

Then:

A more detailed description of your project:

We want to understand what your project involves; what is it about and what will happen

Up to 800 characters

The project curates a suite of activities, underpinned by org dev to ensure success. To inc:

- African Rhapsodies - flagship project with BBC Concert Orchestra
- Homeland - pioneering interdisciplinary show, with all Black cast
- Collabs, eg. with Uni of Nottingham & Future Talent to articulate west African classical repertoire
- Performances with stellar roster of international musicians
- Mentoring, compositional & recording projects.

Advocating for artists of African Heritage in the UK, the team will:

- articulate the rich folkloric & pedagogical repertoire of the kora & associated Griot idiom; without translation through the western lens
- navigate neo-colonial legacies in music management
- support Black British & Black African artists to thrive, with autonomy & agency.

Feasibility and risk

This section helps us to understand how you will successfully deliver your project.

We need to know your plans for managing the project, what your budget is and how you will respond to any risks or challenges.

You don't need to have managed a project before, but you need to be able to demonstrate that you have given consideration to how you will manage the project, the budget, and any risks/challenges, and that you or your project partners have the skills to ensure it is delivered successfully.

When we look at your answers to the questions in this section we will think about:

- whether the budget is appropriate for the scale and type of activity?
- how appropriate are the areas of income and spending?
- whether all items in the budget are relevant and reasonable [are fees or wages appropriate to the context? Have quotes for assets/equipment been appropriately researched for any purchases?]
- whether the activity is attracting income from other sources; - is any other income confirmed? If not, are your potential income sources realistic?
- if appropriate financial controls are in place - Do you or the people you're working with have the necessary skills to manage the budget?
- if the activity is realistic and well-planned, and if you have demonstrated that you or the people you are working with are able to deliver the project

As you are applying for over £30,000:

- if the cash flow is appropriate for the project

Project timeline

Project dates

Tell us the start and end dates for your project.

Please allow enough time to plan your project and for us to process your application, as well as enough time for us to make a payment before your start date if your project is successful. See our How to apply guidance for more details.

The dates you give here should be the dates for the full project you're asking us to fund.

Please note that currently decisions for National Lottery Project Grants applications for £30,000 and over will take up to 14 weeks.

Project start date: 12/02/2024

Project end date: 31/01/2025

Please use the tool below to list the main stages and tasks of the project from the start date onwards, and to show who will lead on each element of the project. Please add each project stage in order. You must enter at least one stage.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Budget - Income

Income table

Please complete the income table below with all your cash income, as well as any support in kind you will receive. (By support in kind we mean goods or services that you would otherwise have to pay for, but are being provided for free.)

Remember:

- Your budget must balance. This means your total income needs to be the same amount as your total expenditure.
- Only include income that relates specifically to this project.
- Do not include personal access costs in the income table. These are automatically included in the total amount you are requesting from us.
- For any earned income you should include how these amounts have been calculated in the description field, for example:
Ticket sales (7 dates @ 60% of 100 capacity x £8 ticket price) £3,360

To add an income line

To add each income line, click the 'Add new item' icon on the left of the screen. To add more than one line of expenditure, use the 'Save and Add another' button.

Income Questions

Tell us more about the match funding for your project

- **How you have worked out the earned income you expect to receive during the project?**
- **Why is it realistic?**
- **How will your project meet its aims if you receive less income than expected?**

Up to 1500 characters

Confirmed income

A huge suite of private & earned income offers this application an impressive portfolio of match funding. With 65% of costs being provided by the applicant & of that £157,550 sum, £113,650 is already in place.

The match portfolio is curated from a range of earned, applied for & commissioned sources, detailing the broad reach & impact this project offers. The organisation reserves policy (min. 8 wks of annual turnover - currently in place) also ensures that wider organisational income generation, from extensive international touring & commissioned work, album sales etc (that are not detailed here), offer a strong safety net to capture any extraordinary cash flow or income shortages.

Expected income & contingent measures

All expected income is based on long term business planning & previous iterations of events, sales, royalties etc. Therefore, although a small contingency is added, any shortfall in application amounts (eg. £5000 applied for) or sales can be covered. The team are currently applying for Musicians Help Touring fund (£5000). If this is not successful, the publisher (Faber) has agreed to exceptionally advance monies from future royalties in order to go ahead with the project/budget.

Budget - Expenditure

Expenditure table

Please complete the expenditure table below with all your cash expenditure.

Remember:

- Your budget must balance. This means your total expenditure needs to be the same amount as your total income.
- Only include expenditure that will be spent between the start and end date of your project.
- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Breakdown your expenditure so we can understand your costs, for example: Artist fee (2 x Creative specialists @ £150 per day for 10 days = £3,000)

Expenditure questions

How have you worked out the costs of the artistic spending included in your budget?

Up to 1500 characters

Artistic fees recognise Seckou's exceptional talent, experience & place as a leading international touring artist. His compositional work, touring, performing, recording, rehearsing & teaching/mentoring are costed in the budget with attention to the separation between external (performing etc) & internal (org dev/artistic direction) capacities. As such the Artistic director fee of 1 day/wk pro rata'd recognises, for the first time, the exceptional dedication & hidden work that has determined the evolution of Seckou Music Ltd. Its sustained funding now, ensures the ecological impact & need to develop other roles can be continued. Detailed breakdown in budget.

Fees for studio rehearsals, other artists fees, festival work, touring & editing/mastering the new album are all itemised & based on years of extensive experience in the field, with known artists, producers & studios offering the perfect symbiosis of value & excellence.

Wherever possible Seckou Music Ltd works with representative artists & support staff to ensure agency for Black music.

How have you worked out the costs of developing your organisation included in your budget?

Up to 1500 characters

The structural roles of Business Manager (in place), Admin/Finance manager (in place) & Marketing/Development manager (tbc) are imperative to support org dev; advertising on Arts Jobs since Sept '23 should ensure post being filled prior to the commencement of the project delivery. With full attention to industry standards & commensurate pro rata'd salaries for comparable experience. The posts are costed based on in-depth strategic planning & knowledge of the roles & current gaps.

New CRM system, fundraising & consultancy fees, logistics & touring support are all costed based on knowledge of the process, with expert input building the agency of Seckou Music Ltd over the next 12 mnths.

All details are unit costed in the detailed budget attachment.

How have you worked out the costs of marketing and developing audiences included in your budget?

Up to 1500 characters

In-House Marketing Manager is costed at 2.5 days a week, to support a suite of PR & marketing activities that are externally resourced, partner supplement & iteratively costed.

Seckou has a suite of activities to complement each strand of the development, to include:

- marketing budget for flyers, asset creation, artwork & eflyers
- video content creation to support releases
- advertising print
- online ads & optimisation
- print costs.

These are individually costed in the attached budget breakdown.

The new manager role will ensure Seckou's music & emergent organisational align with apposite partners, & retains the agency that has been lacking due to white gatekeeping.

How have you worked out the costs of the overheads included in your budget?

Up to 1500 characters

Travel & accommodation, are all costed per activity & broken down in the budget as per Air BnB costs, diems, hospitality quotes & van hire. All based on previous usage.

How have you worked out the costs of the assets included in your budget?

Up to 1500 characters

1 CB terminal costed as per internet quote for £100.

How have you worked out the costs of expenditure listed as 'other' in your budget?

Up to 1500 characters

A contingency of £2586 as a percentage of costs is added to protect cashflow & prevent delay in payments due to retardation on royalties or similar.

How much of your total project budget is being spent on International costs (such as visas, carnets, freight, travel, accommodation, per diems)? £18,764

What experience do you have of managing a project budget of this size? I have managed a project budget of this size or larger before

Name: Seckou Keita

Main contact (if organisation): Seckou Keita

Email address: admin@seckoumusic.com

Role in project: Since arriving in the UK in 1999, Seckou has been on an epic creative journey that has seen him broaden the idiomatic scope of his instrument as well as spread his wings, literally and figuratively. Nicknamed "the Hendrix of the Kora", Seckou has been celebrated for his ingenious tunings and virtuosity and praised as "one of the finest exponents of the kora". Performing all over the globe as a solo artist and with his ground-breaking quintet, he has captivated audiences at WOMAD, Hay, Glastonbury, Tokyo Jazz, Chicago World Music Festival, Sydney International, Montreal Jazz Festivals and many more places. Acclaimed collaborations with numerous jazz, pop, Latin, folk and classical artists, notably include Damon Albarn & the Africa Express; Welsh harpist Catrin Finch; Cuban pianist Omar Sosa; AKA trio with Italian guitarist Antonio Forcione and Brazilian percussionist Adriano Adewale; Paul Weller and the Folk Collective; The Lost Words, Spell Songs (2019) joined by the words of Robert McFarlane and artwork of Jackie Morris. Since 2007, he has had several opportunities to perform with classical ensembles including Orchestre National de Bretagne, which has spurred him towards his dream of leading an orchestral work specifically for the kora. Overall, Seckou has released 11 albums as a leader and co-leader. Through this work, he has earned numerous accolades including three Songlines Music Awards, and several BBC Radio 2 Folk Awards, including 2019 Musician of the Year. "I don't know if I'm a folk musician, a jazz or a world one," he said at the time. "Forget about categories. My music is just music for the soul."

Name: Zena Edwards

Main contact (if organisation):

Email address: zena.edwards@googlemail.com

Role in project: Poet for Homeland show. Zena Edwards is a poet and performer who uses song, movement and global influences as a jump-off for her words. She defines the fusion of poetry and music by including traditional African-instrumentation (the Kalimba and Kora) and new technology, to create her own sound tracks for her poems and stories, producing a body of work that reaches culturally and generationally diverse audiences on an international level. She fuses Jazzy Hip-Hop grooves, heavily influenced by her world music collaborations, with South African musicians including Pops Mohamed, one of her most important mentors. She has performed at Festivals worldwide and also works in schools and colleges, supported by the Apples and Snakes poetry organisation, 57 Productions and the British Council, and has shared the stage and anthologies with some of her most admired predecessors, Linton Kwesi Johnson, Sonia Sanchez, Lemn Sissay, Jean Binta Breeze and Roger McGough. Originally, she studied theatre management and technology, then joined Rhythm Writers followed by an all-girl acapella group, Shades, before becoming a solo performer. Her work is often inspired by travel, particularly in Africa. She has performed her own one-woman show, Broken Words, and has produced work for several BBC radio broadcasts, and short films for Sky Digital. She was recently Resident Poet at the Poetry Cafe in Covent Garden, and shortlisted for the first Arts Foundation Award for Performance Poetry. Up to 2000 characters Homeland project. Binta has been working with Seckou since 2007. Binta Suso was born in 1984 in Bakoteh, Serrekunda, The Gambia. She brings a contemporary feel to the vocal tradition and we hear reminiscences of great African singers such as Miriam Makaeba. It was clear from her performance that she has studied and listened to vocal traditions of the world and these influences have become part of her sound. Binta's compelling presence arrested us when we first saw her perform and she brings an introspective lyricism to the Jaliya tradition. Binta is a singer who has travelled internationally as part of her elder brother Sekou Keita's band. She is the daughter of the internationally renowned kora player, Jali Momodu Suso and singer, Jali Fatou Bintu Cissokho. From an early age Binta was encouraged to sing by her aunty, Adama Cissokho, and learnt much of the traditional repertoire from her and other griots who would visit the family. She has developed into a powerful singer whose unique inflections reflect a musical universality bringing a new accent to the tradition. She has performed with Ballet Nimba, Suntou Susso, Modou Cissokho and many others.

Risks and challenges

**What are the main risks and challenges to your project meeting its aims?
What will you do to manage these risks?**

Up to 1500 characters

Performances are under attended

Seckou is presenting a suite of highly established performance/creation partners such as the BBC Concert Orchestra, Bath Philharmony, Snape Maltings, & WOMAD, & renowned artists with their own substantial & cross genre audiences, eg. the AKA Trio, Omar Sosa, & Abel Selaoe; agents include Strada Music & Jazz Music Production (for Europe). The external support for touring & performing across all of 2024's initiatives is extremely strong & highly visible; all events are on guarantees, with no chance of revenue loss.

Partnerships don't deliver yng audiences & outreach channels

Collaborating with Nottingham University, Nottingham Trent & Future Talent ensures a reach into emergent cohorts of yng, deprived & Global Majority musicians, employing their expertise, triage & safeguarding procedures will prevent onboarding issues, & ensure Seckou can reach new audiences, particularly yng, Black British & African Heritage musicians.

Org Dev does not support the delivery & long term ambitions

Three of the four main posts are in place (Artistic Dir, Business Manager, Finance Manager) with an advert for the Marketing Manager; the costing is based on research. The posts are fully audited to ensure they cover all support/infrastructure needs across touring, development, marketing, finance & creative direction. The existing post holders are highly experienced, Global Majority & female, curated to support the representation the org is demanding.

Delivering the Outcomes

Your Project and the Outcomes

Our strategy sets out three outcomes; Creative People, Cultural Communities and A Creative and Cultural Country. We do not expect every project to address all three outcomes, but we do want projects to align to at least one and to set out in detail how particular components are being addressed.

You can read about our three outcomes here: <https://www.artscouncil.org.uk/outcomes-0>

When we look at your answers to the questions in this section, where relevant we will think about:

- How your project is supporting people at all stages of their lives to design, develop and increase their participation in high quality creative activities
- If your project focuses on children and young people:
 - If your project reaches families from a wide range of backgrounds
 - If you are widening and improving opportunities for children and young people to take part in creative activities outside schools
 - if your project is supporting children and young people to develop their creative skills and potential
- If you are working with communities to better understand and respond to their needs and interests, resulting in increased cultural engagement and the wide range of social benefits it brings
- If your project is exploring new types of creative practice, new forms of cultural content and new ways of reaching new and existing audiences and participants
- If you are collaborating with other cultural organisations and/or with the commercial creative industries and/or with further and higher education that focuses on innovation, research and development and training, especially in relation to the use of new technologies
- If your project is strengthening the international connections of cultural organisations and creative and cultural practitioners, including co-production and touring
- If your project is bringing world-class culture to audiences in England
- If your project helps to ensure people have opportunities to sustain their careers and fulfil their potential in the creative industries, especially those who are currently under-represented
- If your project is connecting people and places, nationally and internationally

How will your project contribute to the delivery of at least one of our Outcomes, including which, if any, of the Outcome components?

Seckou Music Ltd (SML) is developing a repertoire of educational / performance activities that target each level of musical development from KS3 to professional level. Each initiative detailed for 2024 will sustain ambitions to reach identified cohorts & macro targets the supporting of children & young people (CYP) to develop their creative skills & potential; whilst improving career site lines for underrepresented artists.

Programme comprises:

- 2 x teaching & development sessions with 30 yng ppl from Future Talent cohorts (underserved yng ppl) leading to a performance with 10 yng ppl at Budleigh Music Festival. Creating a new co-devised piece, & offering folkloric instruction for classical students, which improves the visibility of a successful African heritage composer & musician, & develops career site-lines for marginalised & underserved yng musicians
- Repertoire devising & collaborative sessions with 200 students from Nottingham University & Nottingham Trent, improving creativity in education environments, by dispelling classical tropes & decolonising the music curriculum with classical west African repertoire
- Festival wkshps, a suite of 5 wkshps (eg. Womad, Snape, Folk by the Oak) support approx 500 new, & young audiences for kora & the wider Griot musical repertoire, offering a chance to play djembe & kora, sing & play percussion, accompanied by performances that articulate the full potential of the instrumentation; widening & improving opportunities for CYP to take part in creative activities outside schools
- Mentor programme - SML will actively triage one musician per year from the African Diaspora to be mentored & collaborate on a new piece of music with Seckou. This opportunity will include studio time & compositional / recording work & actively promote the career of an emergent artist, ensuring they navigate the traps of the industry with the guidance of an established artist, thus improving career pathways
- Support for yng, emergent & new to the UK artists from Black British & African Heritage (via Homeland interdisciplinary project), Seckou is working with 5 x African heritage music artists, & 4 Black British & African heritage poets inc. Inua Ellams, Black British (Nigerian); Hannah Lowe (Jamaican/Chinese); Zena Edwards (British/Zimbabwean); & N'dongo (French/Senegalese). Interdisciplinary work with these poets is improving visibility for west African classical repertoire & folkloric work whilst platforming emergent pan African & Black British interdisciplinary artists at the highest level; thus, developing & improving pathways towards careers in the creative industries for underrepresented artists.

Initiatives & pedagogical assets will be formally documented by the SML team to complement existing resources such as Seckou's ACE funded book, which transcribed his kora repertoire & compositional work for classical instrumentation. Thus, improving teaching for creativity in schools.

Cultural Communities:

How will your project contribute to this outcome?

Up to 3000 characters

SML is working collaboratively through place-based partnerships with Nottingham University / Nottingham Trent & Future Talent, centering cohorts in the Midlands, North West/East to support & involve underserved CYP in the exploration of new music learning that specifically:

- broadens classical repertoire
- offers representation to yng Global Majority classical musicians
- supports classically trained musicians to improve improvisation technique & composition; something which is not currently taught
- supports educational partners such as the Royal College of Music & Royal Phil Liverpool & Sage (all embedded FT partners) to decolonise their curriculums.

The org dev funding foregrounds SML in:

- the ecological evolution of place based solutions for cultural capital gaps
- issues arising from systemic racism in music education
- improving the creative & cultural education of CYP.

Funding the Creative Director & Business Manager supports the long term embedding of SML pedagogy & high quality repertoire, (including Seckou's own compositional work which is advancing the traditional Griot idiom) in the diasporic music education system; thus improving skills & capacity in the cultural sector. The team are actively negotiating work (for 2024/25) with Snape Maltings, Lighthouse Poole, University of Manchester & De Montfort to expand the pedagogical work that has begun in this iteration, funding supports this developmental groundwork; to embed performance opps for CYP with Homeland/African Rhapsodies tours in 2025 onwards.

Working across the commercial & public sector to build flagship curricula at KS3-5 is further extended & improved by the interdisciplinary work platformed in the Homeland project. A showcase of excellence from the pan African diaspora; using spoken word & poetry to articulate the music's far reaching socio-political message & idiomatic impact, already booked for a series of confirmed high profile performances. Funding enables the team to:

- build a US & second UK tour
- sustain Black artists, with autonomy, to compose, perform & produce tours at the highest level.

Thus SML project is improving the quality, & enriching the cultural modalities in work presented to new & existing audiences, whilst connecting people to diasporic artistic communities across the UK.

Funding & sustaining SML's team to secure their UK place based & partner led touring & teaching initiatives, means they are diversified, culturally enriched & decolonised.

The huge suite of secured promotional & performing partners articulates Seckou & SML's position as a conduit for change; this project will fundamentally strengthen the international connections of UK cultural organisations with pan African creative & cultural practitioners, & through the production & touring of Homeland, (& other, extensive, collaborative projects) build a vision of an equitable future in music. The collaborative partner suite includes:

- Labels who promote recording & develop press/media coverage
- Booking agents to grow UK & international audiences
- Key promoters in the UK, who value Seckou's work as part of their own artistic & commercial ambitions
- Publishers; to ensure compositions are fairly remunerated etc.

Seckou Keita has pioneered the understanding, performance, articulation & acceptance of west African music in the UK, sustaining his stellar career through a period of neo-colonial conditions; where his most successful work, roster of awards, collaborations & high profile tours were often disseminated through a lens of appropriative marketing, management & performance contexts. Funding now will support:

- Pro rata'd (0.2-0.4 FTE) roles for Admin/Marketing/Artistic Direction/Business Management to untether Seckou from a history of appropriative & neo-colonial management that did not respect his creative authority, supporting Seckou & associated artists to reach their full potential, without Gatekeeping
- Release of Homeland, a new album to support the Homeland show tour. Working exclusively with mid-career Black artists & management, Homeland is a reparative album, taking Seckou back to his roots, to showcase world class culture to the audiences of England
- Working internationally with Omar Sose in SUBA & the AKA trio, which sustains Seckou's diverse collaborative projects, & bridges the world of Jazz & improv, centering him in a global vision of UK based artists as pioneering & innovative
- Ongoing solo shows, to cement his position as a leading west African composer, performer & innovator on the kora; building visibility for SML to improve the understanding & connectivity of more diverse artists to UK audiences
- African Rhapsodies, an outstanding compositional work for kora & symphonic ensembles, currently touring with the BBC CO & RNSO amongst others
- A collaborative performance at the Natural History Museum as part of the Lost Words folkloric project; continually diversifying Seckou's core repertoire & building connectivity between UK & international artists to improve cultural capital
- Outstanding mentoring & masterclasses opportunities for emergent musicians to launch their careers, with improved improvisation/compositional ability.

Funding of SML org dev underpins the roll out of a suite of opportunities such that Seckou & other Global Majority artists sustain their careers & fulfill their potential.

The Investment Principles

Your Project and the Investment Principles

The Investment Principles are an important part of our strategy and we encourage you to use them to strengthen the planning and delivery of your project.

Our Investment Principles are:

- Ambition and Quality
- Dynamism
- Environmental Responsibility
- Inclusivity and Relevance

You can read about our Investment Principles [here](#)

In this section you can use the Investment Principles to build up a more in-depth picture of your project, which in turn will give us a stronger understanding of your intentions and plans, and how your project will contribute to delivering our Strategy.

- applications for £100,000 and under

You need to complete the section on Inclusivity and Relevance.

You can answer any of the other questions in this section to help you develop your own approach to adopting the Investment Principles. If you do answer any of the other questions we'll take that information into consideration when we make a decision on your application

When we look at your answers to the questions in this section, where relevant, we will think about:

- If the Investment Principles you have responded to are relevant to the scale of your project, and what you want it to achieve
- If you have used the Investment Principles to give an in-depth picture of your project
- If the target audiences for the activity are clearly identified
- If you have thought about how your project could help you to make a contribution to the Creative Case for Diversity
- how the activity might align with our Equality Objectives
- If there is meaningful engagement
- If the project will develop you and your work, or the work/skills of the people/organisations involved
- the quality of the experience for the people taking part in the project
- if the activity increases opportunities for people who don't currently get involved in the creativity and culture or are involved a little in creative and cultural activity
- if the activity increases opportunities for people already taking part in creative and cultural activity
- if plans to market the activity to audiences are well-defined, and are likely to achieve your aims
- if there is no immediate opportunity to involve people (for example, research and development), whether there is potential for the public to get involved in the future; and
- If you are you taking steps to improve the environmental responsibility of your project

All applicants need to complete the section on Inclusivity and Relevance.

Inclusivity and Relevance

This Investment Principle is about England's diversity being fully reflected in the organisations and individuals we support and the culture they produce through:

Communities

- Tell us who you want to reach with this project, how you have identified them, and how they have been involved in the planning and/or creative process
- Tell us about the steps will you take to make sure your project is open and accessible to people within the communities you plan to work with

Up to 2000 characters

-CYP (10-18) via Future Talent partnership, inc. mentoring & performance opps & reduced tix initiative offered directly to all education partners (discount codes)
-CYP 18-22 via universities partnerships & reduced tix as above (inc. development of new initiatives via funded Bus. Manager post for 2024/25)
-Young, Global Majority (African diaspora) musician (18-30) via the mentoring project (produced by Seckou, selected through digital audition submission)
-Black British/Black African musicians & interdisciplinary artists via Homeland show & album which emerged from a desire to connect with more urban/dance/electronic music audiences, Seckou has been working with these musicians since 2020
-African Diaspora via targeted work in partnership with all venues/festivals to reach a more diverse audience; marketing & PR work by the new marketing manager will add power to SML influence in this dynamic. Working on tone, placement, price point, social media specificity & representation in the marketing content.

Touring & performance work targets:

- 'world'
- classical
- folk & jazz music audiences.

The SML vision is built on developing cross genre appreciation & picks performance contexts (Snape, Womad, European dates, US dates, collabs with BBC etc) that de-homogenise & de-silo Seckou & other African artists by unpicking tropes & educating audiences. Marketing will pioneer web, flyer, poster & partner PR content that is created by & for Global Majority artists to dissuade appropriative attempts to 'own' music from diverse & underrepresented artists, on the global stage.

SML started the partnership with Future Talent in Oct 2023. The evaluation was extremely positive & used to develop the content of the pedagogical rollout. It also helped shaped the commission project. Seckou has a relationship with the University of Nottingham; a long term partnership where student's voices shape future involvement & masterclasses.

Workforce

- If you're engaging a team of people to work on your project, or are working in partnership with other individuals or organisations, tell us:
- How you will ensure they reflect the communities you wish to reach
- How you will ensure access to opportunities are open and accessible
- If you're not working with anyone else on your project you should explain why and consider how working with others would help you to reflect the communities you wish to reach.

Artists - Omar Sose, AKA trio, Homeland group & other collaborative partners are selected from known, established, emergent & pioneering Black British, African & Global Majority musical relationships & interdisciplinary genres to ensure a representative cultural workforce that celebrates the power & rich diversity of the Black contribution to the UK music scene.

SML team: currently made of 2 female & 2 Black members, the final position will be filled before the project commences. The team are experienced, representative & most importantly positioned to advocate for the needs, rights & influence of diasporic artists. The org dev funding will support a Marketing Manager that can actively dissuade the Gatekeeping that is currently woven into award systems, reviews, web platforms, payment structures & audience development. A core asset of the application is the development of a workforce that can build new structural understanding into the partners it works with, to improve conditions for Seckou & associate artists.

Partners (education): Nottingham Uni/Trent/Future Talent; & development with De Monfort & Manchester Uni - ensures the emergent classical ecology is supported to decodify existing tropes & silos that prevent an integrative approach to musical education.

Partners (touring & performance): supported by the highest calibre of agents, venues, publishers, & management; SML can develop shows, (solo & collaborative) that genuinely change the way audiences perceive & receive music from across the world, & integrate classical audiences with those that appreciate folkloric & global classical.

Partners (strategy): working with Sasolo, one of the UK's leading consultancies for underrepresented artists, supports the SML team to understand the wider conversation, align with funding directives & develop the language & connectivity to support audience development, integrative & inclusive practice & triage / development solutions.

Creative Case

Led by Seckou Keita, a Black African musician, living in Nottingham, born in Senegal; the project advocates for his creative independence & cultural impact by enabling him to choose & finance a support team; built through years of experience, it ensures he can manage his own creative direction with the support of representative staff that do not appropriate, marginalise or control him as a cultural asset.

Programme components:

- Diverse entry/access points capture diverse communities working with wider embedded arts orgs through Future Talent partnerships, venues etc
- Co-devised pedagogies derived from 25 yrs of performance, & 2 yrs of evaluation ensure everyone in the partners grps is enabled to access opps
- Digital audition process for the mentoring programme ensures no barriers to access for geographically remote & non-metropolitan applicants
- Performance, singing, producing, composing are platformed in a democratised way with Global Majority & female business leads/ mentors placed at the centre
- 200 people from underrepresented/emergent communities of interest build a legacy of diversified music/embedded skills & confidence, raising regional/national aspirations in the classical music ecology
- Inter-disciplinary development dispels cultural tropes & promotes excellence
- A globally recognised professional devises & performs public shows with the yng music cohort, working directly with regional partners & venues
- Skilled musicians from socioeconomically deprived backgrounds normalise working with international flag bearers / virtuosos to raise ambitions for families & peers
- Seckou's website/socials are (in-part) bi-lingual & will be updated to be perceivable, operable, understandable & robust with an updated accessibility statement under the Equality Act 2010, & alternative, accessible formats, like large print & audio recordings that meet the international WCAG 2.1 AA accessibility standard.

Environmental Responsibility

This Investment Principle is about leading the way in your approach to Environmental Responsibility.

You don't have to use this Investment Principle to tell us about your project, but if you think it is relevant to your project you can tick the box(es) below and tell us.

Any information you provide here we will use when making a decision on your application.

Using Data

Has your project been informed by your own or other environmental data? If so tell us about this here:

☐

Plan, Action and Change

If you plan to measure the environmental impact of your project, tell us about the data you will collect and how it will be used:

Funding will enable the Business Manager to capture & improve systems & policies relating specifically to the performance aspects of SML output. SML will, in conjunction with touring partners, draft a new environmental policy that relates to travel, resourcing, recycling, energy use & performance activities. The policy will be researched, SML approved & tested during 2024-25.

Referencing Green Tools & Julie's Bicycle resources, SML will plan to measure energy use, waste generation & recycling, travel & production materials. The results will then inform the new SML environmental strategy. SML will aim for Creative Green Certification by 2025.

The team will create a environmental policy to inform the new environmental plan. As all core team members are remote, the emphasis will be on the circular economics of all resources for events/spaces/practices, i.e.:

- paper/PR materials/consumables
- touring impact, alternatives & offsetting initiatives
- shared impact assessments with partner venues to improve collaboration & best practice sharing
- minimum standards for all partners aligned with the programming
- investigating partner policies & advocating for change where needed
- guidance for participants regarding their personal tuition & travel, creative ideas to improve carbon footprint.

Advocacy, Education and Influence

If you plan to develop your/your organisation's skills and knowledge on environmental responsibility, tell us about it here:

X

Up to 2000 characters

To minimise impact SML will newly:

- Ask for venue backline support to minimise transportation
- Insist on all marketing operations online e.g. advocate for social media over posters etc with venue partners.

SML Business Manager will make an initial environmental impact assessment for the 1st time, that:

- Measures the car/van/plane miles used by Seckou & collab artists/tech team over 12 mnths
- Measures the miles added by taking taxis to venues to/from the station/airport
- Identifies key activities, assets, props & breakables that contribute to the org's carbon footprint.

SML will ask venues to send over any impact data related to wkshps & shows.

This process will enable SML to start to develop the language, frameworks & project-specific baselines from which to minimise carbon footprint & improve environmental reporting moving forward. Seckou performs in multiple line ups & collabs so this knowledge base will disseminate to other mainstream / diasporic music industries, beginning a process of foregrounding touring knowledge with relation to environmental responsibility by 2025 for all activities that SML direct & that Seckou is part of. The team will aim for an environmental rider package by 2025 that offsets using Seckou's existing foundation in Senegal.

The Seckou Keita Foundation aims to help relieve poverty in Senegal & the bordering regions of Guinea Bissau & The Gambia. In summer 2023, volunteers from the Seckou Keita Fan Club based in Senegal, helped to plant 40,000 mangrove propagules covering approx 8 hectares of land in the Casamance region, with the support of the Regional Directorate of Marine Protected Areas (Ziguinchor)

Mangroves play a vital role in flood prevention, provide habitats for fish and molluscs and filter out salt allowing farmers to irrigate their land. Mangroves also mitigate the impacts of climate change by storing carbon. Planting mangroves, is Seckou's initial contribution to help offset his carbon footprint.

Ambition & Quality

This Investment Principle is about organisations and individuals being ambitious and committed to constantly improving the quality of their work.

You don't have to use this Investment Principle to tell us about your project, but if you think it is relevant to your project you can tick the box(es) below and tell us.

Any information you provide here we will use when making a decision on your application.

Understanding What Others Think

If you are taking steps to understand what people (peers and/or the public) think about your work and how you make it, tell us about it here:

To improve SML's interface with high level partners:

- Sasolo will work with the team to set up measurement & continuous evaluation systems to improve bandwidth, learning & reporting
- Funding enables SML's first methodical impact capture & starts a system from which to build for future tours & wkshp projects
- SML can conduct its first, autonomous, all-artist post-tour evaluation, informing new combined tour/wkshp packs & redesigned website to build organisational (not individual artist) momentum from.

To support SML's long-term ambitions, funded evaluation through Business Manager & Marketing Manager outreach & continuous relationship building & evaluative conversations, will cement process & investigate how SML can:

- Create a reciprocal relationship between education work & performance at the highest level with influential partners (see partners list) to reinforce social & cultural outcomes & improve the offer to venues of all sizes
- Plan, document & evaluate a continued pedagogy that can be expanded & replicated across other environments in the pan African scene to build mainstream (classical) audiences for music in the tertiary education sector
- Advertise SML's work in well designed tour & wkshps packs, with initial impact data, to enable SML to enter new spaces in education, cultural festivals & cross-sector environments that can subsidise future development of education/performance/mentoring work.

Seckou is a cultural ambassador, the most highly respected, versatile, & celebrated west African musician of his generation in the UK. It is incumbent on him to monitor & improve conditions for Global Majority & diasporic artists. The development of a core team that can work to improve the working environment, through the assessment of existing systemic bias, gaps, & cultural tropes will improve the future outcomes for all Black/African heritage artists in the UK.

Developing Your Work

This funding develops SML by enabling them to employ a Business Manager & Marketing Manager who support Seckou to:

- Create & test new wkshp/pedagogical offerings, that build new, yng audiences, & engage existing participants at a deeper level, diversifying income streams & strengthening the offer to venues. Having development time to build new educational parsnips ensures wider reach & impacts the classical ecology further

- Embed accessibility by producing shows that are low cost for educational participants

- Improve the media presentation & branding by operating from a place of influence, connecting directly with Seckou's huge audience base - internationally - & maximising the substantial collaborative audiences from other artists associated with the project. In-house development ensures no brain drain & offers autonomy, control & authority to Seckou & SML when dealing with large scale venues, promoters & artist management

- Diversify audiences at the grassroots, in line with SML's mission to bring more African diasporas into classical music & vice versa

- Purchase & use music management softwares, to get a more accurate view of work in relation to organisational objectives & adapt accordingly

- Streamline & improve efficacy, eg. booking processes go from 5 hours to 1 hour & reporting will be streamlined / embedded in the platform so it will take 1 hour instead of 3 hours to create relevant reports

- Maximise impact as new essential budget & capacity offers time to build new partnerships, travel, provide information & inform common strategy quickly.

Measuring Your Progress

The funding develops Seckou Keita by:

- Investing in his leadership skills as an Artistic Director, networking diverse cross-community cross-sector triaged partners to strengthen his position as an organiser & cross-pollinator in the communities & industries he is embedded in
- Building capacity in the organisation, centralising outreach skills & responsibilities, hiring a new Marketing Manager to enable Seckou to explore higher level partnerships & collaborations of national/international significance
- Turning his educational expertise into a shareable wkshp/pedagogical model that enables other diaspora performers to find the participatory potential in the art forms they embody
- Investing in organisational mentorship from Sasolo Arts Development in project management & reporting impact to funders & partners to continually diversify income/funding streams
- Reinforcing the achievements of an award-winning band leader, composer, educator & cultural advocate at the heart of traditionally white led, 'world' music spaces.

Yng ppl/ emergent musicians:

- Performers in Homeland to formalise/expand their interdisciplinary performance skills, sharing their unique diasporic folk art forms as departure points for singing, spoken word, dance & rhythm modalities that bring communities together & open new career pathways
- Diasporic mentee artist learns to navigate the industry whilst exploring new recording, composing & performance skills from an iconic figure such as Seckou
- Yng classical musician are awakened to the diversity of music, decolonising the traditional approach.

Team SML's industry knowledge & sustainability as a cohort of experienced pioneering managers, thru well-resourced development, evaluation & documentation secure future projects & further artists to collaborate with, in order to maximise SML's reach & integrative capacity in this performance-engagement model.

Currently SML are struggling between multiple platforms to create reports. This project will streamline CRM system based on Gig well, & Xero will allow the team to account for change & adjust quickly, streamlining the production, which in turn maximises output. Key KPI's can be discussed at monthly staff meetings, that will allow the team to adjust the strategy to overcome problems or challenges.

All staff will be trained on the new systems so everyone can inform the booking & music management processes; for live bookings, education work, recording or publishing work.

At this stage, SML have anticipated key needs that will be addressed with the new CRM & financial systems, but also understand that some needs are not yet identified so have planned a small contingency budget for additional consultation or training support. In addition to improved Web accessibility, upgrading to WCAG2.1 & implementing review systems for google analytics, & social media analytics, a new Notion/Slack channel interface with Google Workspace overlap will streamline the project management capacity.

The two key technological software systems the team wish to use have been proven over the years:

- Gig Well has been active for over 20 years. It is constantly responding to the evolving needs of music communities
- Xero accounting software has also been in use for many years for small to large businesses. When using these system, SML will be aligned with UK revenue, VAT & tax needs, but will also be able to use data to fine tune projects (project budget updates, cashflow etc).

SML will have a better understanding of audience trends (eg. recording clients, streaming audiences, live audiences & participants). Investment in systems will foreground their capacity to manage projects & assess impact.

Data Protection and Freedom of Information

We are committed to being as open as possible. This includes being clear about how we assess and make decisions on Arts Council National Lottery Project Grants and how we will use your application form and other documents you give us. We are happy to provide you with copies of the information we hold about you, including our appraisal of your application.

We handle any personal data we receive in accordance with the United Kingdom General Data Protection Regulation, the UK Data Protection Act 2018 and other applicable laws that regulate the use and privacy of personal data (Data Protection Law). For more information about the personal data that we collect, what we use it for, and your data protection rights, please refer to our Privacy Notice.

As a public organisation we also have to follow the Freedom of Information Act 2000.

You must read the Freedom of Information (FOI) guidance on our website (<https://www.artscouncil.org.uk/freedom-information#section-6>) before you sign your application.

By signing this application form, you acknowledge the following:

1. That we will use this application form and the information you give to us, including any personal data as referred to in our Privacy Notice, for the following purposes:
 - a) To decide whether to give you a grant.
 - b) To provide copies to other individuals or organisations who are helping us assess and monitor grants, including local authorities, other lottery distributors and organisations that award grants. After we reach a decision, we may also tell them the outcome of your application and, if appropriate, why we did not offer you a grant.
 - c) To hold in our database and use for statistical purposes.
 - d) If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of the Department for Digital, Culture, Media and Sport (DCMS) and any partner organisations who have funded the activity with us.
 - e) If we offer you a grant, you will support our work to campaign for arts and culture, contributing (when asked) to important publicity activities during the period we provide funding for. You will also give us, when asked, case studies, images and audio-visual materials that we can use to celebrate artistic and cultural excellence.
 - f) As an organisation that gives out public funds, we may carry out checks on the personal and financial information you provide us. If you provide false, fraudulent or inaccurate information in your application or at any point in the lifetime of any funding agreement we enter into with you, we may share the information about you with other National Lottery distribution bodies and relevant external bodies to prevent fraud and money laundering. If we identify or suspect fraudulent activity we will report this to the police and take appropriate action.

I confirm that, as far as I know, the information in this application is true and correct.

4. Subsidy Control

The Subsidy Control rules are the new legal requirements that apply to the award of subsidies in the United Kingdom with effect from 11pm 31 December 2020. They have largely replaced EU State aid rules.

Where a "Subsidy" is present as per the definition of subsidy set out in the Subsidy Control Act 2022 ("the Act") then it is necessary for the award to comply with requirements set out in the Trade and Cooperation Agreement with the EU (and in due course those further requirements set out in the Act).

A "Subsidy" only exists when the following cumulative characteristics are present (only tick those that apply):

- **financial assistance which is given, directly or indirectly, from public resources by a public authority; and**
- **confers an economic advantage on one or more enterprises; and**

☐
☐

- is specific, that is, is such that it benefits one or more enterprises over one or more other enterprises with respect to the production of goods or the provision of services; and
- has, or is capable of having, an effect on —
 - (i) competition or investment within the United Kingdom,
 - (ii) trade between the United Kingdom and a country or territory outside the United Kingdom, or
 - (iii) investment as between the United Kingdom and a country or territory outside the United Kingdom.

If awarded, do you believe that your request for public funding meets all the necessary criteria to be classed as a "Subsidy"? No

Where a "Subsidy" is declared you will be required to provide further information to establish whether the "Subsidy" would be considered lawful.

5. Tick the relevant box if any person involved in the project or writing the application:

I am happy to be contacted by Arts Council England, or by a third-party organisation on behalf of Arts Council England, for feedback to help evaluate the programme.

AUDIENCE, ORGANISATIONAL & MARKETING DEVELOPMENT PLANS - 2024-2026

INTRODUCTION

Seckou Music Ltd was conceived in 2020 and officially created and registered in 2021. Seckou Music Ltd is a vehicle to fulfil the full extent of Seckou Keita's artistic ambitions.

The organisation was created in response to a limiting, colonialist and abusive previous management relationship.

Since then, Seckou Keita has invested in this new organisation and guaranteed the salary of 2 core members of staff: a business manager, and an administrator / finance assistant.

With over 28 years of career, Seckou Keita is a highly respected musician, a respect that comes as much from peers musicians, than promoters, labels, journalists and audiences.

The current work is truly amazing with:

- A minimum of 45 well-attended and diverse shows per year in the UK and internationally
- A new album 'African Rhapsodies', a work for kora and symphonic orchestra
- Special collaborations with AKA trio, Omar Sosa and Abel Selaocoe.
- New partnerships and interests (notably from educational organisations)

For this, he also receives regular recording and publishing royalties, millions of streams every year. He also attracts a lot of press and media coverage in the UK and abroad. Over the years, he has also developed a core audience that continues to grow in the UK and abroad.

Seckou Keita has many new projects for 2024 and beyond, which will include the release of a new album, UK and international touring with an all African band, new commissions for small ensembles (String Quintet), a new flagship partnership with Future talents. The long term aim is also to produce new young talented musicians.

To support this work, the team has come to a point where it is difficult to proactively lead and effectively manage the full needs of current and forthcoming projects. This is mainly due to 3 facts:

- The lack of budget
- the lack of capacity of core staff members in the current setting
- The absence of an essential a marketing and audience development manager

An organisational, audience and marketing development plan has been created to allow the organisation to live up to its full potential and deliver its unique and bold artistic vision.

ARTISTIC VISION

AIM :

To showcase the beauty of African music in an unlimited range and creative projects that will surprise, inspire and move people.

OBJECTIVES

- To continue to tour existing successful collaborative projects (with AKA Trio, Omar or Abel Selaocoe..)
- To release Homeland, Seckou Keita with all african band
- To tour Homeland in 2024 and 2025
- To continue to tour "African Rhapsodies, a symphonic work for kora and symphonic orchestra between 2024 and 2026
- To write new work for smaller classical or contemporary ensembles and promote his work as a composer
- To diversify the music performed by music universities, conservatories and music hubs...
- To engage in meaningful mentoring relationships with young talented musicians
- To produce an album for other musicians (young talents)
- To write and release a new project /album in 2026

CURRENT AND ONGOING MUSIC PROJECTS

- Aka Trio
- Suba trio
- African Rhapsodies
- Seckou Keita Solo
- Seckou Keita & Abel Selaocoe
- Education work with both universities in Nottingham
-

FUTURE IDENTIFIED WORK

- 2 new commissions for string quartet (10 new pieces in total)
- Homeland - new album and tours
- Future Talents - education work
- Work with other universities (De Montfort Uni), conservatories and music hubs..
- Special one off collaborations (Momi Maiga..)
- A new album to be released in 2026
- Produce and release a new album for a young talented musician from the African Diaspora in 2025.
- To create online educational resources (masterclasses videos)
- To work with a children's writer about his journey and story as a musician

AUDIENCE DEVELOPEMENT AND MARKETING

A. AIM:

To attract a global audience for all of Seckou Keita projects (physical and digital) and to grow the proportion of young people and people from the African diaspora over the next 3 years.

B. OBJECTIVES

- To guarantee at least 80% audience capacity at live shows
- To develop young people attendance at live shows
- To develop BME audiences to live shows
- To increase music streaming
- To increase social media engagement
- To increase album sales
- To engage with meaningful exchanges with music students and young talents
- To diversify and decolonise the music repertoire performed in conservatories, music universities and music hubs Seckou's music performed by young people and small ensembles
- To engage more widely in education through online and large educational events

C. CURRENT WORK

We are currently able to deliver the following activities:

- Content creation of essential marketing material to be shared with relevant partners (info include narrative, press release, press reports, biog, photos, eflyers, videos.)
- Organic and paid social campaign for major live events and new work release (targeted by genre, interests and location)
- We work with PR companies to deliver press and media campaigns in the UK and internationally for any album release
- Website updates
- Support to Seckou to create content for his educational work
- Physical Media for local distribution, posters, flyers promoting for important shows
- Development of a discounted ticket scheme with some promoters promoters for students, pensioners and those on low income to see the live shows (including specific discount code)

D. SWOT ANALYSIS

Strength Many exciting new work which will lead to new commissions, new album releases, new live shows and new educational partnerships	Weakness Absence of a marketing manager to deliver and monitor key activity strategy and marketing plans
---	--

A strong and faithful core audience since 2000 (live, albums and digital) Large demand from a range of venues, festivals, other musicians and partners An artist whose profile has continually risen with each new work over the past 25 years Great existing connections with national and international press and media An existing partnership with 2 universities in Nottingham A strong and keen networks of live promoters in the UK A great and strong network of agents booking internationally A great publisher A steady and developing income made of royalties (digital, recording and streaming) A strong network of other fellow artists	Lack of capacity from existing staff to deliver all of the marketing activities Lack of capacity to create a longer term education strategy to include resources to be shared online Limited label resources to cover PR campaign in the UK and in key other territories (France, Scandinavia, Benelux, West Africa, North America, Australia, Japan)
Opportunities New flagship partnership with the national organisation Future Talents and the opportunity of reaching out to national music hubs and conservatoires An interest from other universities including De Montfort University and the possibility to develop work spread nationally Few individual connections with organisations doing diverse works and audience development A new marketing manager will be recruited and will take over planning and overall delivery of the strategy and all campaigns More work can be done online, including sales and income development Interest for a new commission across England, Wales, Scotland and Northern Ireland.	Threats Lack of funding World state of affairs Inflation and world economy

E. AUDIENCE DEVELOPMENT AND MARKETING OBJECTIVES

1. LIVE EVENTS

In 2023 our live event audience represented about 30 000 people across 45 shows
Our target is to increase this audience and in the longer term to decrease the number of shows (performances in larger festivals and concert halls).

The newly appointed marketing manager will work closely with all promoters, labels, partners to reach a higher number of people who might be interested in those live performances. Creative thinking will be key to deliver campaigns that attract different kinds of audiences.

Currently, we have not been able to collect and analyse all of the audience data. Our aim is to develop way to collect more data with a view to

- Develop attendance by young people under 26
- Develop audiences from black and mixed race people. It is more difficult to collect this data but we will work with promoters to find ways and we will also develop relationships with specific promoters working within those communities (African night fever, S n gambian promoters in the UK, African embassies..).
- Shout out about successes to support future work
- Develop audiences in certain strategic territories (cities or countries)

This work lies with both the business manager and the marketing manager. The business manager, in coordination with existing agents, will identify promoters or potential partners that currently do specific work for young people or people from the black diaspora. Priority will be given to large scale venues or festivals. She will also develop partnerships with agencies in other territories (African and Asian continents).

The marketing manager will also have to identify marketing opportunities, press and digital channels that reach young people and people from the African diaspora.

	2023	2024	2025	2026
Live events audiences	30 000 people across 45 shows	40 000 across 45 shows (23 shows confirmed + 7 TBC on 16 oct)	50 000 across 40 shows	50 000 across 40 shows
Live events - Young people	Data unknown (estimate of 5% so about 1500 people under 26 across 45 shows)	Target of 15% young people (7500)	Target 20% (10500)	20% (12000)
Black and mix audience	Data unknown (estimation of 5% so 1500	Target of 15% of overall audience (7500)	20% of main audience (so 10 000��	20% of main audience (so 12 000

	across 45 shows)			
--	------------------	--	--	--

2. ONLINE - STREAMING SERVICES

There is an immense demand for Seckou's music whether as a solo artist or in collaboration. His streaming figures have been rising rapidly year on year since 2015 and currently represent over 7,5 millions streams.

Global streaming revenues are sharply on the rise, Grossing a total of \$59.48 billion dollars annually. Streaming apps alone generated \$25.1 billion in 2021, a 32% increase on the previous year, with more than half a billion streaming subscriptions active world wide.

At present, we do limited work to promote music streaming as our business and marketing focuses on live audiences and CD sales. This is mainly due to a lack of capacity from our staff and also the lack of expertise to properly conduct online campaigns.

One of the key objectives of the marketing manager will be to increase streaming exponentially with targeted campaigns. Our focus will remain with the two biggest streaming services (Spotify and Apple Music) but the marketing manager will have to follow new trends and identify new powerhouses for streaming as they arise in the future.

	2023	2024	2025	2026
Spotify subscribers	15 500	25 000	50 000	100 000
Spotify streams	6 800 000 streams	10 000 000 streams	20 000 000 streams	50 000 000
Apple music streams	620 000 streams	1 000 000 streams	2 000 000 streams	5 000 000 streams

3. ONLINE - SOCIAL MEDIA

Social media is the best way to reach a large audience and also to analyse a few key data (genre, interests, locations..) that allows to shape the live, album and marketing strategies. We need to create and publish stronger social content that deeply engages the audience (whether paid or organic).

The marketing manager will work across all existing channels but the two priority social outlets are currently Instagram and Youtube. We will keep an open view on new trends and potential new social media that strongly benefit the music business and the artistic vision of Seckou Keita.

	2023	2024	2025	2026
Facebook followers	17 000 followers	30 000 followers	50 000 followers	75 000 followers
Monthly Facebook engagement	10 000 monthly	50 000 monthly	100 000 monthly	150 000 monthly
Twitter followers	2500	4000	10000	15000
Monthly Twitter Engagement	2000 monthly	8000 monthly	20 000 monthly	30 000 monthly
Instagram Followers	7000	50 000	100 000	250 000
Instagram reach	10 000 monthly	100 000 monthly	200 000 monthly	500 000 monthly
Youtube subscribers	3800	10 000	50 000	100 000
Youtube views	150 000 yearly	500 000	1 000 000	5 000 000

4. ONLINE - WEBSITE AND NEWSLETTER

With all the various digital services and online platforms, websites and newsletters' reach have decreased slightly over the last 10 years. But they remain essential ways to reach people, to inform people, to have a professional window for promoters, to showcase the life long work of an artist and to sell CDs and merchandising.

We would like to increase website visits and newsletter's reach. The marketing manager will have to create specific campaigns and encourage people to subscribe to the newsletter as it remains a strong tool to invite people to specific pages of the website. This will mainly be done online but could also be done after a live event, as it used to be done ten years ago.

	2023	2024	2025	2026
Website yearly visits	10 000	20 000	50 000	100 000
Newsletter	1500	1650	2500	5000

subscribers				
Newsletters reach	1150	1250	1600	2000

5. EDUCATIONAL REACH

The aim of the educational project is to work in a meaningful way with young people. It is not about the number of participants but the quality of the engagements. The focus of Seckou's is to work specifically with music talents and music students. Since October 2023, Seckou Keita has started working with Future Talents, a national organisation supporting the work of young music talents. Through this partnership, we aim to develop ways to extend our network to music conservatories and music hubs across the country with a view to decolonise music repertoire and to add music written by Seckou Keita in their library.

The work with family and other communities will however continue via festivals or venues will carry on as part of festivals and specific shows.

In the longer term, Seckou would like to develop two new strand of work:

- To work with a children's writer and to publish a new Book about his story - The idea is to support this book with resources for teachers and educators to explore a range of themes that will include geography, music, identity, diversity....
- To create a series of masterclass videos to be shared online to all musicians that may want to develop their knowledge about african rhythms, polyrhythms, melodies, scales ..

These two more ambitious projects will take time to find the right partnership and so are in the plans for 2025-26

	2023	Target 2024	Targets 2025	Targets 2026
With universities	300	200	200	200
With specialised education organisations	25	50	50	50
With music hubs and conservatories	0	0	80	120
With festivals or venues educational teams	400	500	1000	1000
Schools	0	0	500	500
Online engagement	0	0	5000	10 000

6. ALBUM SALES

We aim to increase our Cd sales by doing more regular focused marketing campaigns online and with our partners. The campaigns will promote the new albums as well as Seckou's back catalogue. a

	Current situation (last 12 months)	Target 2024	Targets 2025	Targets 2026
ALBUM SALES - Via label	Approx 2000 CDS sales (including back catalogue)	3000 CDS sales (including back catalogue)	5000 CDS sales (including back catalogue)	10 000 CDS sales (including back catalogue)
ALBUM SALES - live	600 CD sales (various titles)	800 CDS including new Homeland	1500 CDS	3000 CDS
ALBUM SALES - downloads	Approximately 250 album downloads (Appel Music)	400 album downloads	800 album downloads	1500 album downloads
ALBUM SALES - web sales	Approx 120 CDS	250 CDS	500 CDS	1000 CDS

7. PRESS AND MEDIA REACH

Seckou Keita's is widely praised by the press in the UK and Internationally. We have some press and broadcast information, mainly via the PRS statements, tags in social media, Press Reports and interviews. We would like our marketing manager to find ways to report monthly and more accurately on this information in order to inform and develop future plans. This work is essential in helping our brand development and artist profile.

	Current situation (last 12 months)	Target 2024	Target 2025	Target 2026
Radio UK - UK (plays	Estimate of 80 plays	100 plays	120	200

8. NEW AUDIENCE AS A PRODUCER - PILOT PROJECT

One of Seckou Keita's longer term ambitions is to write and produce music for young talents. A pilot project will take place in the autumn 2024.

The young talent will be selected under those 3 core criteria:

- Must be under 30
- Part of the African diaspora in the UK
- Real talent (instrument and or voice)

Seckou Keita, the business manager and the marketing manager will work closely to reach and develop the relevant partnerships and networks for this work. A pilot project will take place in 2024.

The work will involve:

- Discussions and meetings with partners
- Writing and promoting the call for interest amongst the partners
- An audition day led by Seckou Keita and a partner
- Mentorship session with the young talent including the development of one piece
- Invitation to the young talent to perform this piece as part of one of Seckou Keita autumn shows

Once the project has been evaluated, the team will shape a full album project that will be developed in 2025 and release in 25-26

This work will allow the organisation to connect with his existing growing audience while engaging with an entirely new audience.

	2023	Target 2024	Targets 2025	Targets 2026
Young people	0	Pilot project: selection of 1 young talent	1 young talent (plus possible support band)	To be define in 2025
Performances	0	1	5 performance as a support act to Seckou's UK shows	To be define in 2025
Album / Singles	0	1 single	1 new album produced by Seckou	To be define in 2025

WHY ARE WE TARGETING THESE AUDIENCES?

Seckou Keita's music is varied and so his audience has been relatively diverse. This audience development work stands on 28 years of career and collaborations in the UK and internationally.

Some promoters are great at attracting younger audiences and people from the black diaspora. It creates an intercultural and intergenerational audience which really appeals to Seckou.

This audience targets are consistent with the next 3 main forthcoming projects:

- Homeland: an up tempo music album exploring the theme of homeland. This music uses beats, electronic sound design and spoken words in several languages.
- New music commissioned to be performed by small ensembles composed initially by young talents (string quartet, piano and string quartet..)
- To select and work with one young talent from the African Diaspora and produce new music (album and tours).

BUSINESS AND ORGANISATIONAL DEVELOPMENT

Currently Seckou's Music Ltd team is comprised of 3 core members:

- The Artistic director and main artist, Seckou Keita (full time)
- The Business manager, Chélîma Fadé (1,5 days a week)
- The Administrator and finance officer, Jackie Zammit (1,5 days a week)

The company also works with an external and certified accountant.

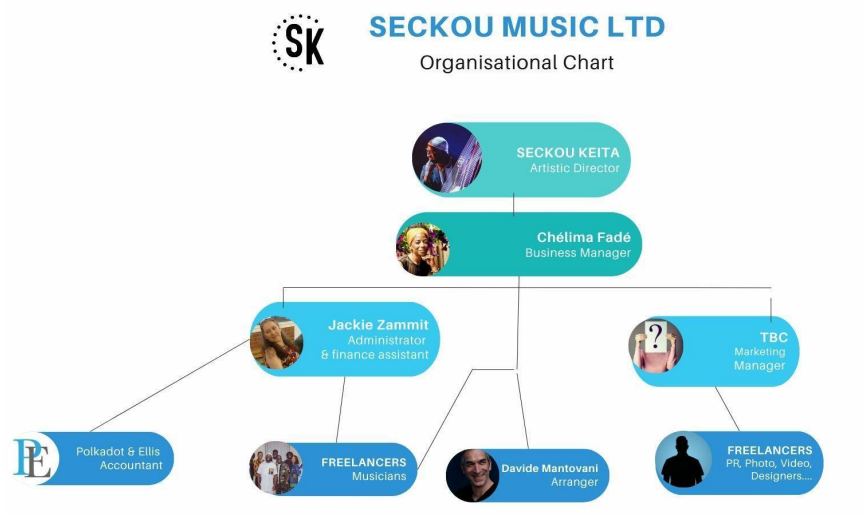

The challenges of this set up is that the marketing activity is led and managed by all three members. This takes up a large part of their working days and takes them away from some of their main responsibilities. It also create the following limitations and difficulties:

- Difficulty to carry out a more in depth and extensive marketing and audience activity outside of live events and album release
- Delay to develop new partnership and interest (eg. De Montfort University, Manchester University..)
- Limited fundraising activities
- Missed commercial opportunities to sell merchandise online
- Missed opportunities to seek new commissions
- Missed opportunities to develop synch opportunities
- Limited time to better manage the relationships of key partners

We have identified the areas of development needed to guarantee successful delivery artistic, marketing and audience development as well as business goals. These are:

- = to recruit a marketing and audience manager (2,5 days a week)
- = to increase the number of guaranteed weekly working days of the business manager (from 1, 5 to 2 days a week)
- = to guarantee a budget for each member of staff to allow them to reach their objectives
- = to implement new systems and processes
- = to allow for some training, monthly staff meeting and away days

For this we have reviewed the structure and added job description and objectives for each post.

1) The artistic director: Seckou Keita

Seckou Keita is the artistic director, the company director and the face of the business. His current time currently consists of

- Writing new music
- Producing albums (lead in recording and mixing sessions)
- A lot of travelling
- Performances and touring (Uk and International)
- Promotion work (live sessions, interviews..)
- Preparation of workshops
- Educational delivery
- Limited networking time
- Review all marketing documents sent to relevant
- Limited staff meetings
- Some social media campaigns

With the additional weekday working day of the business manager and the new marketing manager, Seckou will liberate some capacity to work more strategically with the team and to develop the following areas:

- Better planning of educational work
- Creation of resources (pre and post masterclass/mentoring)
- Mentoring time
- Accept more live sessions promotion work
- Have more time to develop new work

2) The business manager role and responsibilities

This role is currently filled by Chélîma Fade. She is an experienced music manager with over 24 years experience. Chélîma has always been and remains a keen advocate and supporter of Seckou's work. - To write or check all contracts and to work with the legal adviser on more complex agreements
- To negotiate and close high income contracts
- To deal with any issues as they arise.
- To develop and implement business policies eg GDPR, diversity & inclusion, wellbeing etc
- To bring new ideas and approaches to the team

She will also be able to lead the key organisational development work needed :

- To implement the new CRM music System (Gig well) which facilitates productivity, time management, shared system, reporting.
- To organise and lead monthly staff meeting (monitoring and reporting of activities, issues or successes, adjusting the strategy)
- To attend at least 2 annual music conferences
- To develop new partnerships (agents, educational organisations, labels..)
- To find new funding routes for specific projects

3) The Administrator and finance assistant

This role has been filled by Jackie Zammit. Jackie is an experienced freelance educator specialising in peace education and global learning working with organisations such as Geographical Association and Lifeworlds learning. . She started working with Seckou for the first time in 1999 when she organised a series of workshops in schools around the country. She started supporting Seckou in 2020 when he needed help to manage his relationship with his previous manager. She has since enjoyed her role within the organisation and has become an essential member of the team.

Jackie will be able to focus her work on the essential work which includes:

- To manage all incoming enquiries and forward them to the relevant person
- Under the guidance of the Business manager, to input all information on the new CRM system
- To keep accurate records and send all document on time to the account for the VAT returns and the yearly for the accountants
 - To invoice, follow up and chase payments

EVALUATION & REPORTING

Evaluation and monitoring is part of the team's work. We are currently able to monitor:

- quantitative data : financial information, audience and participants numbers, streams ...as seen mainly in the audience development section above
- qualitative : press articles and reviews, radio play, social media engagements, audience appreciation, participants appreciation..

Due to the lack of capacity of our current setting, we are only able to report and evaluate key projects as needed.

The key change for us is that monitoring and reporting activities will be done and used in a more strategic manner. With this organisational development project, we will develop a more efficient and regular ways to collect data and input them into a meaningful report that matters to Seckou Music Ltd. We will also be able to collect data that was previously only collected as one off information (eg number of young people in live performances..).

On a monthly basis, it will help us to check we are on the track of a project, find solutions to eventual challenges, adjust plans and start informing future plans. It may also inform the marketing campaign.

Monthly reports will include financial cash flow, budget updates and all information as described in the audience development section.

The monthly report will also include key successes which can include sold out shows, special interviews of articles, new partnerships..

On an annual basis, those reports will allow us to analyse the year and influence future projects and be used towards brand development and marketing activities. Reports will include:

- Annual audience number and analysis (as described in the audience development section above)
- Financial report
- One general and a few specific marketing packs (education - live - press) that celebrate the past year and look towards the future with new projects. These will be shared to all key partners, new interests and contacts.

To whom it may concern,

I am writing on behalf of the charity Future Talent to confirm our support for Seckou Keita's application for funding from Arts Council England.

The new partnership between Future Talent and Seckou Keita reflects our shared commitment to nurturing the talents of gifted young musicians from low-income families. We have already been fortunate to benefit from some extraordinary work that Seckou has undertaken with our young musicians to explore new dimensions of creativity and improvisation at our recent workshop at the Midlands Arts Centre.

The opportunity for the young artists on our development programme to rehearse and perform a newly commissioned work at the Budleigh Festival alongside Seckou is an incredible platform that will help them hone their skills and gain valuable experience. This exposure to a world-class artist in the field will undoubtedly be transformative for their artistic development.

Seckou's commitment to the arts is commendable, and we have every confidence that his efforts will make a lasting impact on the cultural scene in the region.

In conclusion, I wholeheartedly support Seckou application for funding. Our represents a unique opportunity to nurture and showcase the talents of young artists. We are excited about the possibilities that this collaboration brings and look forward to the positive impact it will have on our communities, artists, and audiences.

Best wishes,

Dear Madam, dear Sir,

As Director of the BBC Concert Orchestra I have collaborated with Seckou Keita on several projects where he was a guest artist. We made a recording last year with the BBCCO and in a few months we will present another concert and workshop with students from both Nottingham Universities.

He is a consummate artist and communicator who brings artistic excellence to everything he does. He has the rare skill of being a musical virtuoso who can also connect and light up an entire audience. We work with some of the best musicians in the world and I place Seckou's artistry among the top of that list.

The BBC Concert Orchestra will definitely work with him in the future and I strongly recommend him to be considered for funding for his organisational development programme. Funding organisational development work for artist is really important so that artists like Seckou can develop ownership of their work and become more influential.

All best wishes,

Dear Sir/Madam

My name is Jason Thornton and I'm Artistic Director of the Budleigh Music Festival Devon as well as Music Director of Bath Philharmonia. I am delighted to invite Seckou Keita to the Festival in 2024, alongside Young Talents, in partnership with Future Talents. The concert planned for Friday 5th July will include new arrangements of African Rhapsody with String Quartet as well as 3 new works created by participants from Young Talents. This will be a wonderful opportunity for the young musicians taking part as well as our own audience.

In addition, in my role as Music Director of Bath Philharmonia, I look forward to welcoming Seckou Keita to Bath for a performance of African Rhapsody with the Orchestra on June 25th, 2023. Seckou is an outstanding artist, and I can wait to collaborate with him on both events.

Faithfully

Re: Seckou Keita Homeland project

Lakeside Arts, University of Nottingham is a partner organisation in the development of Seckou Keita's 'Homeland' project. We have engaged Seckou Keita as a musician for several public concerts at Lakeside over the years and we were keen to work in a deeper way with him and to support the creation of a new multi-disciplinary work.

- An album with the multi-award winning poet and playwright Inua Ellams, 2021 Costa Award winner Hannah Lowe and rising star Eric Ngalle Charles.
- A live version of the album incorporating immerse visuals will celebrate human connections, shared stories and our common heritage.
- A large and diverse creative education programme

Providing new musical creative experiences for students is also key for our partnership projects. As part of his residency at Lakeside Arts, Seckou Keita delivered an inspiring improvisation workshop for University of Nottingham Music students in autumn 2022. He also gave a lecture/recital in the Music Department's colloquia series in early 2023.

We look forward to welcoming Seckou Keita back to the University on 10 November 2023 to lead an improvisation workshop with an orchestra comprising students from the University of Nottingham and Nottingham Trent University alongside members of the BBC Concert Orchestra. This will focus on movements from Seckou Keita's *African Rhapsodies*, which he will perform at the Royal Concert Hall, Nottingham on Monday 13 November.

For the Homeland project/residency, Lakeside Arts has provided:

- Cash contribution of £6,000 + VAT
- Performing Arts Studio, Lakeside Arts, 15-19 July 2024 for R&D
- Technical support and provision of Djanogly Theatre for *African Rhapsodies* album cover design
- Djanogly Art Gallery for international media interviews linked to *African Rhapsodies*

As 'Homeland' develops, we will continue to explore opportunities for students to be involved with poets and musicians to build on the very positive experiences to date. This is a particularly valuable aspect of the partnership and we envisage that Seckou Keita will lead two or three workshops with students over the next year.

I strongly support the application to Arts Council England for additional funding to ensure the completion of this creatively rich project.

Yours sincerely
