

Introduction

National Lottery Project Grants

Arts Council National Lottery Project Grants is our funding programme for arts, museums and libraries projects. It is always open, so we can respond to people's good ideas.

Application form

In this application form we will ask you questions about:

- **your project**
- **the people and communities who will experience your project**
- **your planning**
- **you or your organisation**

When we read your answers we will think about how your project will help to make a difference to the creative and cultural lives of the people and communities in England. We will also think about how likely it is to achieve what you want it to.

The information you give us in this application form will help us decide which applications we will fund.

Remember

The first few screens are already completed with information you've provided in your applicant profile. If you need to make changes to these screens, go back to the 'Applicants' section and you can edit your applicant profile.

Throughout the application form, any questions marked with an asterisk (*) must be answered to allow you to submit the form.

The text boxes have a character limit which includes letters, numbers, symbols and spaces. Please stick to this character limit as any additional text won't be saved.

Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 20/05/2024

Project end date: 31/03/2025

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- Be as clear as you can about what you want to do using Project Grants funding
- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

Art Labtry & Broadweavers and Clothiers deliver a hands-on visual art project, centering a sustainability-focused textiles/design program for CYP & local community. Across 9 Coventry schls, 135 KS3 CYP gain: lifelong textile skills whilst making & publicly showcasing upcycled design pieces for installation; with industry insight from experts, & education about the textile industry's impact on personal well-being, industry & the environment.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

Environmental sustainability; visual art, schools & community; textiles & crafting skills

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

My project is about the public taking part

My project is about the public taking part in creative activity, either during the project or in the future.

X

- This means a project that gives the public the opportunity to take an active part in creative activity.
- An active part might be making, learning or contributing to creating something.
- The public includes anyone who isn't working professionally in the cultural sector, and covers all ages from early years to older people.
- Examples could be delivering workshops to the public, the public participating in an event or teaching the public..
- People might be trying something for the first time, or developing their skills and experience.
- It could be that you're developing workshop content that you'll deliver to the public in the future.
- This isn't about the public attending an event as an audience member or visitor to an exhibition.

This matches our Outcome 1: Creative People

My project is about making a difference to a place or community

My project is about making a difference to a place or community, either during the project or in the future.

- This means working in a way that is focused on a specific place or community.
- Often working in a place will mean working with other partners in that place to shape and deliver a project.
- Projects could involve making, showing or performing work that responds to what a particular community is interested in.
- Examples could include a locally developed cultural festival, engaging the community in research and development for a new programme, work or event, or touring an exhibition with support from local partners.
- Projects might connect to or help to deliver existing local strategies or support local partnerships.
- It could also mean touring work into places where there is local demand. .

This matches our Outcome 2: Cultural Communities

My project is about developing professional creative or cultural practice

My project is about developing professional creative or cultural practice, either during the project or in the future.

- This means activity which makes a difference to an individual's, group's, or organisation's creative or cultural practice, or a difference to the wider cultural sector. Examples could be:
- Developing or showing new work or new ideas, including with partners from inside or outside the cultural sector
- Using new technologies to create or distribute work.
- Developing new skills to help those at the beginning of their careers or to help others sustain careers
- Bringing work, publications or collections from abroad to audiences in England.
- Developing international partnerships to do research or to create and present new work

This matches our Outcome 3: A Creative and Cultural Country

In more detail

**Give us a more detailed description of your project: what you want to do
and why you want to do it
Up to 3000 characters**

This is a chance for you to tell us about your project in your own words

- What do you hope will be the result of your project?
 - What's the creative and/or cultural idea behind it?
 - Is there a difference you want to make by doing the project?
 - What steps will you take to achieve this?
-
- Be as clear as you can about what you want to do
 - You can write this in full paragraphs or in bullet points

Art Labtry's Project (ALP) delivers:

- a dynamic textile based creation/sculpture/making program
- across 9 Coventry (Cov) schls, 135 textile curious CYP engage in 6 x 3hr weekly art, design & crafting wkshps
- industry expert guest talks, showcases & 4 x Public 'Meet the Maker Days'.

The use of making, crafting & textiles is often overlooked or dismissed as 'low art', not valued as a method in sculptural/design & installation. ALP will create & exhibit work across the local area & visibilise their use whilst highlighting a wider social/environmental issue; democratising visual art, & sustaining making skills which are at risk in modern culture. Ergo, ALP widens & improves opps for CYP to take part in creative extra curricular activities inside schls & supports CYP to develop their creative skills & potential.

Schl wkshps support an intro to ALP & Broadweavers and Clothiers Guild (BWC), & CYP will conceptualise & design items made from waste textiles, & learn about the environmental impact of waste textiles. ALP delivers:

- Hands on making process; CYP make stuffed toys, quilts, sculptures, canvases, multi media canvases & textile portraits
- Guest speakers to share on textile industry's environmental impact; CYP recognise their social impact; boosts social change through personal agency -A digital archive containing presentation content & additional learning materials; supports CYP to engage with further learning
- Public showcases & pre-shows for families: displaying final creations, spotlighting eco-conscious creativity & raising social capital for schls & CYP. Each created item will be displayed with a simple QR code, which enhances visitor interaction & mitigates waste, making exhibition digital & sustainable.

Displays at:

- Cov. University
- Drapers Hall
- Myton Hospice Shop Windows -EcoFest Day Festival
- Art in the Park (2 day event).

Myton Hospices (operate 24 charity shops) will:

- host 4 x Meet the Maker days, free for the community: & event to meet CYP, see their creations & learn about ALP
- donate all items & textiles for the program.

ALP creates legacy impact & generates a culture where:

- CYP are creatively confident & build competence in life-long textiles & crafting skills: machine & hand sewing, mixed-media construction, weaving, textiles portrait-design, embroidery etc
- CYP benefit from the wellbeing & self-esteem embedded in making & showcasing their creations
- Textile sustainability gives rise to a culture that mends, upcycles & innovates with fabric & minimises textile waste
- Conscious & ethical choices are embedded into YP consumer culture; raises social & cultural capital on local & global awareness.

ALP draws on community-wide support to foster a generation of environmentally conscious & creatively empowered CYP, & refines a replicable model to deliver to additional UK schools as the project grows.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

In 2022, ALP's 6-week program was piloted across 3 Cov schls & all are enthusiastically returning for ALP's 2024 iteration.

As a result of the pilot with 60+ CYP:

- initially reluctant CYP completed ALP feeling inspired & accomplished
- 15+ CYP chose to study further in the field of textiles/visual art & installation
- Art Labtry's engaging facilitation was positively impactful for CYP learning
- Fabric used for the project didn't go to landfill
- BWC funded an overlocker to a school in need.

With 6 additional schls, 9 are confirmed for ALP's 2024 roll out.

ALP's upcoming prgrm marks a substantial expansion from the pilot; with enhanced partnerships & guest speakers. ALP will now:

- Offer a variety of templates & project examples for CYP; with step-by-step patterns available, or prompts to be creatively interpreted
- Balance sessions with instruction & time to apply learning; ensuring students have time to complete their creative projects
- Introduce guest speakers; keeps students engaged & broadens engagement between CYP & facilitator
- Engage new prtnrshps with key organisations; Guild, Cov Uni, Drapers Hall, Myton Hospices, Art in the Park, EcoFest & newly participating schls
- Develop a nationwide curriculum that can be implemented across the UK -With Guidance from Cov Uni, sign post to future design/art/textiles courses for ALP's CYP
- Partner with BWC to offer financial bursaries to 6 students; support with further education needs.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

ALP will track its program to understand the immediate impact of its project & inform & enhance future iterations. ALP will evaluate quantitative & qualitative metrics via:

- written class notes; tracking participation & progress
- partner meetings & ongoing comms
- face2face feedback with CYP, families & showcase participants -form feedback; direct feedback from schls
- CYP pop quiz.

An engaging pop quiz will be held each session & written answers will be collated. Comprises:

- Facts-based Qs; encourages CYP to retain lessons learned
- Experiential Qs; encourages personal reflection on the impact of the project.

Upon prgrm completion, forms will be sent to schls & ask about the:

- Tangible benefit of ALP for CYP, eg. community engagement, skills dev, interest in creative industries
- Differences noticed in CYP participants, eg. increased creativity, environmental confidence & interest in further edu
- Steps ALP can take to improve facilitation standards moving forward
- No. of CYP looking to pursue further edu/career in creative fields / textiles -
- Schl's interest in broadening curricula to include textiles based crafts
- CYP maker completion rate (est min. 75%)

ALP documented by Playview Productions (photo & video) for reflection & future marketing. ALP & partners will develop the curriculum to ensure adaptability for a scalable program, suited to wider implementation across UK schls.

Myton Hospices' will provide support reaching audiences through:

- Social media marketing (Facebook 21k, Twitter 8.5k, Instagram 4.8k) -High-street engagement with posters in shop windows & flyers
- Shops' footfall to view the Myton final showcase (est. 35 per day for 1 week = 245).

ALP will be documented by Playview Productions (photography & videography) for future marketing purposes to put on YouTube, Social Media & Website.

Where

Where is your project happening?

We want to know the places that your project will happen.

This table explains the options for telling us where your project is happening, including if it's not happening anywhere specific.

Please select as many options as are relevant.

Select	Location options	Description
☐	My project includes an activity happening in one physical place	A creative or cultural activity or event where the people viewing, taking part or working on the activity are physically present. This could be a one-off activity or event or something that happens more than once in the same place. For example a performance, a place you're using to create new work, a research and development space, an exhibition, workshops.
☒	My project includes the same or similar work happening in several physical places	A creative or cultural work or event happening in more than one location. This can be either at the same time or one after another. For example Touring a piece of work or an exhibition, or a workshop series. This is where the people viewing or taking part are physically present.
☐	My project includes streaming or broadcasting	A creative or cultural work or event that is being live streamed on a website or broadcast on tv or radio for example. There may be people physically present at the event, but there are also people viewing or taking part who are not physically present.
☒	My project includes a digital experience	A creative or cultural product that is designed to be experienced through a digital platform or hardware. For example cultural learning through gaming, an immersive experience through virtual reality or a phone app.
☐	My project includes things that aren't happening anywhere specific	For example your project might focus on developing your organisation, you might be creating something new which you'll share with the public after the project end date, you might be doing some research to inform future public-facing work

Location

Here you can build a list of where your project is happening.

The location(s) you add to this list need to match what you've selected on the Where table on the previous screen.

You can select the same option or different options as many times as you want until you have a list of the places that your project will happen.

Using the tool below, please enter the location(s) where activity is happening. To add a location, click the 'Add new item' icon on the left of the screen. To add more than one location, use the 'Save and Add another' button.

If your project is not happening in a specific place, select 'Project includes things that aren't happening anywhere specific' on the Where screen and delete any locations you have added to this list.

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

As discussed, making, crafting & using textiles is often dismissed as 'low art'. Accessing art & culture through relatable materials, processes & spaces ensures that CYP begin using them to create & exhibit work. A gateway design process, using source materials they literally have at home. Working locally, in normative/non-normative spaces will democratise visual art, & sustain the making skills at risk in modern culture.

The textiles industry contributes 10% of global carbon emissions. In the UK, textile waste exceeds 300,000 tonnes annually (less than 1% recycled.) As buyers, makers & the next generation of consumer culture, CYP are the future of not only the textiles industry but the greater determinants of its effect on the climate crisis. Equipping CYP with textile skills & a creative approach to recycling & upcycling plays a large factor in this. Using art to visibilise the crisis both embodies circular economics & promotes it.

Through a hands-on & actively-engaged approach, ALP reaches CYP from 9 schls, in & around Coventry. The majority are from disadvantaged backgrounds, diverse ethnic & minority backgrounds, SEND, low socioeconomic households & schls with high pupil premium rates.

ALP & participating schls implement a policy of inclusion that challenges barriers to participation. ALP ensures:

- Full safeguarding & CRB checks; ALP is committed to the safety of its participants
- ALP takes place in environments that CYP are familiar with; fosters inclusion & openness to creative learning
- Reduction of geographical barriers; hyperlocal project means CYP do not have to travel to participate
- Reduction of financial barriers; ALP is a free extracurricular program
- Reduction of practical/provision barriers; equipment & materials are provided
- All abilities can engage with ALP; ready-made templates are provided, suited to all levels of experience.

ALP uses hands-on creative learning as a vehicle to inform CYP's relationship to waste culture & tackles negative cycles, ensuring they:

- find confidence to take action as agents of change, raising social & cultural capital
- view waste material differently, with a creative & innovative lens.

At the end of ALP, BWC will identify 6 CYP to offer financial bursaries to; invested in supporting long-term with further education needs in design/arts/visual arts/textiles.

ALP's showcases (Cov Uni, Myton Meet the Maker Days, & stalls at Art in the Park & EcoFest) will:

- remove financial barriers to community participation; showcases free of charge
- increase public awareness in the community; advocating for the importance of creative education
- platform CYP's work; strengthening their creative esteem & allowing CYP to present & talk about their work
- display items with a QR code attached; weaving in the practical implementation of ALP's displays.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 20/05/2024

Project End Date: 31/03/2025

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

ALP's partnerships elevate the project's excellence, reaching

CYP & Coventry Communities. Partners inc:

-Angela Armstrong Cov University: connection with student volunteers to assist workshops, website & social media support

-Myton Hospices: reaching the wider public (Meet the Maker Days) & donation of fabrics.

-Kate Livingstone: project manager produces outstanding outdoor events across Warwickshire. Her hands-on support connects ALP to an elevated exhibition standard at prestige events & venues:

-Cov Uni

-Drapers Hall

-Myton Hospices

-EcoFest

-Art in the Park.

ALP Speakers bring industry-standard excellence to classrooms & provide expert value:

-Mark Francis (Sewing Bee Celeb); inspires CYP with his own story

-Clive Bruder (Boys Sew Too); educates YP about gender equality & industry experience

-Oliver Spencer (Local designer); connects CYP to local success

-Anna Clarke (Broadweavers & Tu Clothing, Sainsburys); moves CYP to elevate their own creations.

9 Schools will support by:

-reaching families & communities relevant to ALP including SEND CYP & high pupil premium cohorts

-helping to triage the right CYP; connect with those interested in textiles & making

-safeguarding & connection

Sasolo will support ALP throughout, with project consultancy & mentorship.

Name: ART LABTRY

Main contact (if organisation): Libby Esler

Email address: artlabrtry@gmail.com

Role in project: Art Labtry is a well respected and thriving Art-Crafting business with a reputation of commitment to fun & creativity with all students. Art Labtry allows the individual to experience a journey of self discovery through totally immersive and mindful art activities & encourages participants to get lost in their creations and allow them the freedom to create through self expression. Artists need space to dream, to create, to inspire and to be inspired & Art Labtry understands this well.

Confirmed or expected: Confirmed

Partners details

Name: BROADWEAVERS & CLOTHIERS GUILD OF COVENTRY

Main contact (if organisation): Michael Peachy

Email address: mp@ramsdens.com

Role in project: The Broadweavers & Clothiers Guild, The first merchant guild in Coventry, was formed as early as 1340 and it is in this guild that the Broadweavers and Clothiers Company has its roots. Broadweavers now operates a modest bursary scheme to provide financial support for further education in textiles for local students & presently provides bursaries for Coventry Uni textiles students to support their placement year in UK industry.

Confirmed or expected: Confirmed

Partners details

Name: Libby Esler

Main contact (if organisation):

Email address: libby.esler@gmail.com

Role in project: Libby Esler (head of Art Labtry) runs workshops with YP teaching sustainability & upcycling ethos & methods. Libby will share techniques & methods on how to upcycle & recycle clothing that has otherwise been disregarded. She will also educate the pupils on the damaging effects of the textiles industry & the pollutants which are produced through it.

Confirmed or expected: Confirmed

Budget: How much are you applying to us for?

We need to know how much money you are applying to us for.

We'll ask you to tell us how much money you'll have to spend on the project (the income) and what you will spend it on (the expenditure). We'll also ask you to think about any challenges for your project and explain how you will respond to these.

Whilst we understand that budgets can change over the life of a project, this information allows us to see how you've planned your budget and how realistic it is that your project will deliver what you want it to.

Please read the Budget section of our Guidance for Applicants for help on completing your budget.

Please tell us the total amount you are applying to us for, including any personal access costs (£): £29,052

How much of this request is for your/your collaborators' personal access costs (£)? £0

What do we mean by 'Personal access costs'?

*If you, or any of the core team of people you are delivering the project with, experience barriers because you identify as:

- D/deaf or disabled
- neurodivergent
- experience learning difficulties
- having a mental health condition
- having a long term health condition

there may be extra costs relating to your access needs. These would be to:

- help you deliver the project; or
- for the online management of your grant.
- Some examples are: a BSL interpreter, a notetaker, or specialist tutor for admin support, or counselling costs.

Costs can only be for the project period (between your project start date and end date).

Costs for caring responsibilities or costs for making your activity accessible to the people experiencing your project, including participants, can be included as part of your project budget but should not be included as personal access costs.

Only include personal access costs that you will have if your application is successful. This does not include costs relating to preparing, planning and submitting your application.

You can find more about personal access costs, and more about how we can support you to submit an application, in our Access Support information sheet.

If your personal access costs take your request over £100,000 we will still treat your application as an application for £30,001 and over

Lottery funding

Do you, or does your organisation object to receiving National Lottery funding for religious, cultural or ethical reasons? No

Fair pay

We are committed to making sure creative and cultural practitioners and those who work in the creative and cultural sector are paid fairly.

Please read the Fair pay section in our Project Grants guidance library for more information.

Have you used a recognised industry standard to work out how to pay creative and cultural practitioners and any other sector professionals involved in your project (including you)? Yes

What industry standard did you use?
Up to 600 characters

ALP uses Artists Union & Equity as a standard for paying creatives.
Lead Facilitator runs workshops at a standard rate of £250 per day.
ALP partners have quoted their own rates for ALP duration & participation.

How many people working with you to deliver your project will be employed on a freelance basis? 8

Statutory responsibilities

Tick the option that feels relevant: If there are people being paid or people volunteering as part of your project, you confirm you are aware of your responsibilities

The latest government guidance on employing people is here.

Budget - Income

Income table

Please complete the income table below with all your cash income, as well as any support in kind you will receive.

By support in kind we mean goods or services that you would otherwise have to pay for, but are being provided for free.

Remember:

- Your budget must balance. This means your total income needs to be the same amount as your total expenditure.
- Only include income that relates specifically to this project.
- Do not include personal access costs in the income table. These are automatically included in the total amount you are requesting from us.
- For any earned income you should include how these amounts have been calculated in the description field, for example:

Ticket sales (7 dates @ 60% of 100 capacity x £8 ticket price) £3,360

To add an income line

To add each income line, click the 'Add new item' icon on the left of the screen. To add more than one line of expenditure, use the 'Save and Add another' button.

Income Questions

**Tell us more about the match funding for your project
Up to 1500 characters**

- How have you worked out the earned income you expect to receive during the project?
- How likely are you to secure your expected income?
- How will your project meet its aims if you receive less income than expected?

ALP has secured £3000 from Broadweavers (BW) & has a strong case for additional £2000.
As back up, Art Labtry has small reserves & 5% contingency has been factored into the budget.

The Alan Higgs Charity offer grants to support disadvantaged YP aged 14-25 living at the margins of society; with the aim of improving their skills, especially focussing on schls with a higher percentage of Pupil Premium. They have confirmed to fund £2000 towards ALP.

Support in kind demonstrates:

- the need for ALP in Cov
- that ALP is embedded with local people -the local need & support for ALP

IN KIND

- Drapers Hall: Showcase (£2,000)
- Delia Derbyshire Hall: Showcase (£3,000)

- Shop-window display for final exhibition (Charity)
- Support with social media & advertising (£1,600).

Budget - Expenditure

Expenditure table

Please complete the expenditure table below with all your cash expenditure.

Remember:

- Your budget must balance. This means your total expenditure needs to be the same amount as your total income.
- Only include expenditure that will be spent between the start and end date of your project.
- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Include example breakdown for expenditure, for example: Artist fee (£300 per day x 30 days) £9,000

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

R1 Timetabling / Session Continuity: through the ALP pilot project workshops were not consecutive or held at a regular time. Schools cancelled at the last minute & made timetabling errors which negatively impacted YP's engagement & project continuity.

R2 YP Absence (Personal): CYP may miss sessions due to unforeseen personal circumstances, eg. sickness / personal family matters/accidents

R3 Missed Sessions: Through the ALP pilot project, 2 weeks were missed which significantly impacted the project timeline & completion of making items.

R4 Pattern Making Complexity: during the pilot, a lot of the workshop time was used making & cutting patterns & designing. This subtracted time from making their pieces & in some instances hindered project completion.

R5 Teacher's textiles/design ability: dependence on teachers beyond their attendance may introduce logistical challenges.

R6 Equipment Issues: schools have varying provisions when it comes to textile equipment. During the pilot equipment was faulty which subtracted time from making & disrupted the flow of facilitation.

R7 Student Workload: CYP's attention span & enthusiasm for making can be impacted if the main facilitator is unable to engage YP's need for support.

R8 Time Management: set up time & smaller admin details can take from making & project initiative.

R9 Safeguarding: potential concerns related to the protection & safeguarding of YP include issues of confidentiality, disclosure, and ensuring a safe and secure environment for all participants.

R10 Content Warning: the realities of the textiles industries (sweatshops, abhorrent & unsafe working conditions, chemicals & pollutants, mass death due to pesticide use) can be challenging to face & process.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

Mitigation 1 Timetabling /Session Continuity: Schools sign up & commit to 6 consecutive weekly sessions at the same time each week & ensure there are no clashes in the timetable.

M2 CYP Absence (Personal): a digital archive will contain all presentations & ALP bonus content; accessible for all CYP who participate in ALP. CYP can catch up on missed sessions & revise lessons in their own time.

M3 Missed Sessions: if the school misses a week, ALP provides presentations (via Digital Archive) & offer a session at a time convenient to the head designer. Schools are asked to ensure that there are no clashes in the timetable.

M4 Pattern Making Complexity: designs to suit all levels are pre-made & cut; CYP select & begin making immediately.

M5 Teacher's textiles ability: school teachers are only asked to be present for CYP's behaviour & not expected to demonstrate textile experience or hands-on engagement.

M6 Equipment Issues: schools to list their equipment & the condition prior to program. Patterns available that do not require advanced equipment & can be made with hand-stitching & glue guns.

M7 Student Workload: introducing guest speakers means the head designer can assist CYP with their making. ALP provides an assistant & student volunteers; increases hands-on support for CYP.

M8 Time Management: presentations will be emailed to teachers in advance to minimise set up time. All handouts will be copied by the designer to avoid school printing waiting times.

M9 Safeguarding: all facilitators have DBS checks & mandatory briefing for staff & volunteers. ALP maintains open communication with school authorities and guardians.

M10 Content Warnings: sufficient & age-appropriate content warnings are shared prior to lessons & space is given for CYP to share their experience if personally or negatively affected by conversations.

Safeguarding

You acknowledge that safeguarding is important in all projects working with the public. You acknowledge that if your project is funded you must sign up to Terms and Conditions that require you to have appropriate policies and procedures in place – and to put them into effect where needed – to support the safe delivery of the project.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We use the information in this section to report how we have spent our funding from the National Lottery.

In this section, you must answer all the questions. If you prefer not to provide some of the information, you can tick the 'Prefer not to answer' box. We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

You must read the Freedom of Information (FOI) guidance on our website (<https://www.artscouncil.org.uk/freedom-information#section-6>) before you sign your application.

By signing this application form, you acknowledge the following:

1. That we will use this application form and the information you give to us, including any personal data as referred to in our Privacy Notice, for the following purposes:
 - a) To decide whether to give you a grant.
 - b) To provide copies to other individuals or organisations who are helping us assess and monitor grants, including local authorities, other lottery distributors and organisations that award grants. After we reach a decision, we may also tell them the outcome of your application and, if appropriate, why we did not offer you a grant.
 - c) To hold in our database and use for statistical purposes.
 - d) If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of the Department for Digital, Culture, Media and Sport (DCMS) and any partner organisations who have funded the activity with us.
 - e) If we offer you a grant, you will support our work to campaign for arts and culture, contributing (when asked) to important publicity activities during the period we provide funding for. You will also give us, when asked, case studies, images and audio-visual materials that we can use to celebrate artistic and cultural excellence.
 - f) As an organisation that gives out public funds, we may carry out checks on the personal and financial information you provide us. If you provide false, fraudulent or inaccurate information in your application or at any point in the lifetime of any funding agreement we enter into with you, we may share the information about you with other National Lottery distribution bodies and relevant external bodies to prevent fraud and money laundering. If we identify or suspect fraudulent activity we will report this to the police and take appropriate action.
