Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 11/04/2024

Project end date: 01/09/2024

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

The final phase centres mentoring to solidify Adriano's presence in the arts ecology, promoting the exchange of ideas & perspectives to explore tradition / diaspora & bring world-class Brazilian capoeira dance culture to the UK.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

National reach / African-Brazilian / folkloric dance / F2F / CYP & EDIB centric

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

My project is about the public taking part

My project is about the public taking part in creative activity, either during the project or in the future.

- This means a project that gives the public the opportunity to take an active part in creative activity.
- An active part might be making, learning or contributing to creating something.
- The public includes anyone who isn't working professionally in the cultural sector, and covers all ages from early years to older people.

- It could be that you're developing workshop content that you'll deliver to the public in the future.
- This isn't about the public attending an event as an audience member or visitor to an exhibition.

This matches our Outcome 1: Creative People

My project is about making a difference to a place or community

My project is about making a difference to a place or community, either during the project or in the future.

- This means working in a way that is focused on a specific place or community.
- Often working in a place will mean working with other partners in that place to shape and deliver a project.
- Projects could involve making, showing or performing work that responds to what a particular community is interested in.
- Examples could include a locally developed cultural festival, engaging the community in research and development for a new programme, work or event, or touring an exhibition with support from local partners.
- Projects might connect to or help to deliver existing local strategies or support local partnerships.
- It could also mean touring work into places where there is local demand. .

Capoeira is a Brazilian dance/music/cultural practice, originally derived from traditions brought across the atlantic ocean by enslaved Africans & informed by the desire for freedom.

Adriano Oliveira, a professional Capoeira & African Brazilian teacher & performer, introduces the 'Vontade' 2 day festival & cultural prog. ('willing' in Portuguese) project. Fostering cultural exchange, inclusivity & community engagement it connects Capoeira institutions & grps in London, Brighton & Bristol, it:

- reaches diverse audiences in local communities via schls in Croydon
- focuses on underserved grps
- encourages multigenerational participation in Brazilian dance rhythms & Capoeira
- extrapolates Capoeiraian philosophy to support the integration of underserved grps, through its inherently democratised approach to the arts.

Vontade Festival comprises:

- 6 devising rehearsals with emerging dancers to develop Capoeira & inter-genre African Brazilian choreographies enabling Adriano to platform his contemporary & folkloric expertise; creating novel forms of cultural practice
- 3 rehearsals with CYP & adults working with Adriano for a performance at the Festival, encouraging underserved grps to explore cultural opportunities
- 3 pre-festival wkshps (Lewisham), focusing on dance with live music; with UK dance maestro's
- Final event at St John Church(Brent); delivering Capoeira & African-Brazilian folkloric dance wkshps & performances with Capoeira Masters, strengthening international connections within the collaborative framework of the Capoeira Sul da Bahia European & Brazilian network, offering a world-class cultural experience.
- A talk / Q&A session on Capoeira's history & cultural significance, enriching exchange; with invites to Bristol grps (Ilu Axé) & Brighton (Ricardo Axé).

Post-festival wkshps:

- extend the project's impact in 1 x wkshp in Bristol (Ilu Axé) & 1 wkshp in Brighton (Ricardo Axé), ensuring longitudinal contact with target cohorts outside London, deepening engagement & providing participants with a non-metropolitan, ergo accessible opportunity
- engage 180 KS 2/3 CYP in 2 partner schls in Croydon, (ACE identified PP), promoting creativity via innovative practice to engage new participants
- support under-represented creatives through org dev; inc. mentoring sessions & online discussions with the Capoeira Masters. It will consider scaling, management & best practices to sustain Adriano's career. He will produce a video of the Vontade festival on YouTube, inc. interviews & pedagogy/wkshp materials, visibilising his practice to wider audiences unable to attend & informing evaluation, strategy & legacy assets.

Vontade creates a lasting impact by promoting cultural understanding through its repertoire & increasing the profile of Capoeira as a dance form; contributing to a Creative & Cultural Country by spearheading contemporary but authentic & representative African-Brazilian culture in the diaspora.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

Adriano Oliveira is a black Brazilian artist & exclusive representative of the network of capoeira from the south of Bahia. He currently hosts weekly Capoeira sessions for CYP & adults in SE London.

Vontade (VF) is a catalyst for fostering cultural exchange & creative growth within the African-Brazilian arts sphere.

Achievements:

Adriano has been involved in 3 ACE-funded projects as an invited artist & choreographer for Bambas Festival, Afro Xplosion & Tambores Livres.

This project aligns with Adriano's new ambitions to:

- tour the VF content in Bristol & Brighton, improving knowledge for established Brazilian cultural practice grps
- create & test a new diasporic folk pedagogy in 2 Croydon schls (with a high rate of refugee students, KS2 & KS3)
- use Capoeira ethos to democratise musicianship for EAL & disadvantaged communities
- invest in existing & new partnerships across sectors, with new collab opportunities to support career pathways
- receive mentorship from distinguished Capoeira Masters (guest artists of VF) to improve his organisational structure
- promote cultural plurality as a cross-curricular theme (CPCCT) through Brazilian folk wkshps, inc. Samba Reggae, Maracatu, Maculelê & African-Contemporary dance, Capoeira & music.

The project develops Adriano & key artists by:

- strengthening the careers of underrepresented Global Majority artists through pre-event wkshps, the Vontade Festival programme & post-event wkshps.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

Vontade project aims will be evidenced via KPI's:

1. Increase in Adriano's visibility in the UK's Capoeira & dance ecology, focusing on experimenting with the intersection of contemporary dance & folkloric music; ensuring he can sustain his career & fulfil his potential
2. Positive differences observed in Adriano's outreach into underserved communities
3. Participants demonstrate increased interest in the arts & enhanced confidence in the creative process.

Learning & reflection methods:

- Milestone reflection sessions for Adriano to review progress
- Defining & measuring KPI's & outcomes with wkshp partners
- Allocating time to each wkshp for participants to reflect & feedback
- Consultancy with Sasolo: to organise evaluation systems & define success measures for artists, participants, audiences & partners
- QR codes on Vontade event tickets leading to eForm for attendees feedback, engagement & areas for improvement.

Quantitative success measures to inform KPI's include:

- social media platform analytics (YT, IG, FB) stats with a target average of 40% growth across platforms
- tracking metrics such as research output, strategy implementation effectiveness, educational program impact, performance persona integration & identification of new entry points to cultural institutions

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

To include communities & remove barriers to participation, Vontade project is:

- guided by a thriving Global Majority (GM) artist; the initiative places representation at the forefront, creating a safer environment for individuals to delve into & connect with the realms of dance, play & music
- providing numerous entry points, spanning from call-and-response singing & clapping to engaging in conversations about intergenerational stories ensuring that individuals can discover a creative, cultural outlet rooted in their own family background
- designing tailored, easy-to-share promo materials across online platforms in English & Portuguese, for musicians & cultural partners to activate their networks
- hosted in fully accessible, hyper local venues, removing geographical barriers
- offering free to access wkshps for target underserved cohorts, to support low income cohorts
- targeting npn-metropolitan grps to integrate work nationally/regionally & prevent London centric work
- decolonising cultural history, describing Capoeira & Brazilian folklore research & ideas, through a reclamation lens.

Vontade is responding to pre-triaged/consultation content & research with Croydon schls. A summary of the 2019 Barnardo's CYP's Mental Health Conference highlighted the critical areas of education & cultural vulnerability as key needs for supporting refugee CYP. They face exclusion & isolation, impacting their well-being. Brent & Croydon boroughs rank among the top 5 for projected numbers of undocumented CYP. Identifying the need to:

- increase access to quality arts for KS2 & KS3 CYP
- show CYP new cultures, in wards with low cultural investments
- explore dance & music to foster visibility & osmosis between underrepresented London grps, cultures & diasporas; validating EAL CYP to share home musics, stories & languages with peers.

Vontade addresses the Creative Case for Diversity thru:

- championing a seminal moment for a Black artist pioneering excellence, gathering Capoeira leaders from Europe Paris & Brazil
- enabling non-artists & non-dancers to explore creativity thru international folk culture rooted in authentic context
- empowering exceptionally skilled yet under acknowledged artists to surpass conventional barriers imposed by dominant structures, encouraging the exploration of innovative pedagogies on their own terms
- establishing connections with various Brazilian groups in community & educational environments, utilising the arts as a means to explore common themes of exile & intergenerational memory during a period of heightened political tension.
- promoting autonomy for underrepresented artists: 40%+ women in creative team / 70% Global Majority, Brazilian artists.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 11/04/2024

Project End Date: 01/09/2024

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

The project's success hinges on key individuals & partners. Lead artist Adriano, our Artistic Director, will lead capoeira & dance workshops, collaborating with accomplished dancers Ofelia Balogun, Yannick Mindu & Nicolas Martina Macena for the Festival's performance. UK-based artists Mariana Pinho & Ricardo Axe will conduct pre & during-event workshops. Musicians such as Ilu Axe Bloco (Bristol), Wagner Santos, Baque de Axe & Dendê Nation (London) will enhance related sessions.

Collaborations extend to Capoeira Sul Da Bahia groups in Europe & Brazil fostering a diverse cultural exchange. Involvement with schools like All Saints C of E & Old Palace & partnerships with venues like St John's Church, Southeast Dance, The Place, and Trinity Community Arts, ensure local community integration.

Promotion is amplified through partnerships with MOVEMA, Gandaia Arts, Rise Youth Dance & POLH UK, broadcasting events via Radio Mais Brazil, Leros Magazine & live interview with CCBL. Project manager Marianne Burgum Oliveira plays a pivotal role overseeing logistics & liaison. Alinta Sara manages social media & marketing, Ada Cotton as a videographer & Sasolo Arts provides valuable consultancy.

Contingency plans are in place to adapt roles or seek alternative collaborators for seamless execution. The diverse skills & collaborative efforts of the team & partners are the cornerstone of a culturally enriching experience.

Budget: How much are you applying to us for?

We need to know how much money you are applying to us for.

We'll ask you to tell us how much money you'll have to spend on the project (the income) and what you will spend it on (the expenditure). We'll also ask you to think about any challenges for your project and explain how you will respond to these.

Whilst we understand that budgets can change over the life of a project, this information allows us to see how you've planned your budget and how realistic it is that your project will deliver what you want it to.

Please read the Budget section of our Guidance for Applicants for help on completing your budget.

Please tell us the total amount you are applying to us for, including any personal access costs (£): £27,436

- help you deliver the project; or
- for the online management of your grant.
- Some examples are: a BSL interpreter, a notetaker, or specialist tutor for admin support, or counselling costs.

Costs can only be for the project period (between your project start date and end date).

Costs for caring responsibilities or costs for making your activity accessible to the people experiencing your project, including participants, can be included as part of your project budget but should not be included as personal access costs.

Only include personal access costs that you will have if your application is successful. This does not include costs relating to preparing, planning and submitting your application.

You can find more about personal access costs, and more about how we can support you to submit an application, in our Access Support information sheet.

If your personal access costs take your request over £100,000 we will still treat your application as an application for £30,001 and over

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

The project's risks & challenges includes;

R1: International artists transport logistics & visa

R2: Limited Participation: potential low turnout or lack of interest from schools, community groups, or the open audience could undermine the project's outreach efforts

R3: Logistical Challenges: unforeseen logistical issues, such as venue availability, scheduling conflicts, or technical difficulties, may disrupt the smooth execution of workshops & performances

R4: Cultural Sensitivity: misunderstandings or cultural insensitivity may arise, particularly when working with diverse groups, leading to discomfort or resistance from participants

R5: Financial Constraints: budget limitations could impact the project's ability to secure necessary resources, such as quality instructors, venues & promotional materials

R6.1: Unforeseen Circumstances: unexpected events like travel restrictions, or unforeseen personal commitments of key team members may affect the continuity of the project

R6.2: Participant health Issues: pre-existing health issues of participants may pose challenges during physically demanding activities

R7: Inadequate Promotion: poor promotion and marketing efforts might result in low awareness, leading to reduced attendance at workshops & performances

R8: Child Protection & Safeguarding Concerns:

R8.1: Lack of proper supervision during events may expose children to potential risks

R8.2: Unsecured Physical Environment: inadequately secured event spaces may pose safety risks for children

R8.3: Parental consent & information sharing: inadequate consent processes and information sharing with parents or guardians.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

Mitigation includes;

M1: Managing the timely arrival and departure of international artists due to other unforeseen travel disruptions. Facilitating artists' entry into the UK as visitors, undertaking a permitted paid single-entry visa

M2: Implemented an effective marketing strategy, utilising both on & offline channels, creating awareness & generating interest among schools, community groups & general audience

M3: Developing contingency plans to maintain open communication with venues to quickly address & adapt to any scheduling or logistical challenges that may arise

M4: Providing cultural sensitivity training to all project team members, ensuring respectful engagement with diverse participants & fostering an inclusive environment

M5: Including multiple funding sources, exploring partnerships with organisations to secure financial support & enhance the project's resilience & using contingency funds where needed

M6.1: Developing a plan to address unforeseen circumstances affecting key team members, ensuring smooth project continuity through delegation or temporary replacements.;

M6.2: Request participants to disclose any health concerns before the workshop. Modify activities or provide alternatives for individuals with health restrictions. Adriano has trained as a first aider

M7: Enhanced promotional strategy, incorporating social media campaigns & collaborations with relevant influencers to maximize awareness & engagement

M8.1: UK artists are required to undergo a DBS check valid for under one year. International artists must collaborate with UK artists in person, ensuring the presence of responsible supervision & avoiding leaving children unattended

M8.2: Conduct thorough safety inspections of venues. Securing access points & addressing potential hazards

M8.3: Get the appropriate consent written from parents or guardians for image use, clearly communicate event details, safety measures & emergency contacts to parents or guardians.

Safeguarding

You acknowledge that safeguarding is important in all projects working with the public. You acknowledge that if your project is funded you must sign up to Terms and Conditions that require you to have appropriate policies and procedures in place – and to put them into effect where needed – to support the safe delivery of the project.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We use the information in this section to report how we have spent our funding from the National Lottery.

In this section, you must answer all the questions. If you prefer not to provide some of the information, you can tick the 'Prefer not to answer' box. We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.
