National Lottery Project Grants

We will ask you questions about different parts of your activity:

- Some basic details about your project – when it's happening, what it's called

Please note that currently decisions for National Lottery Project Grants applications for up to £30,000 will take up to 9 weeks. Decisions for National Lottery Project Grants applications for £30,000 and over will take up to 14 weeks.

Feasibility and risk

This section helps us to understand how you will successfully deliver your project.

We need to know your plans for managing the project, what your budget is and how you will respond to any risks or challenges.

You don't need to have managed a project before, but you need to be able to demonstrate that you have given consideration to how you will manage the project, the budget, and any risks/challenges, and that you or your project partners have the skills to ensure it is delivered successfully.

When we look at your answers to the questions in this section we will think about:

- whether the budget is appropriate for the scale and type of activity?
- how appropriate are the areas of income and spending?
- whether all items in the budget are relevant and reasonable [are fees or wages appropriate to the context? Have quotes for assets/equipment been appropriately researched for any purchases?]
- whether the activity is attracting income from other sources; - is any other income confirmed? If not, are your potential income sources realistic?
- if appropriate financial controls are in place - Do you or the people you're working with have the necessary skills to manage the budget?
- if the activity is realistic and well-planned, and if you have demonstrated that you or the people you are working with are able to deliver the project

Income Questions

Tell us more about the match funding for your project

- How you have worked out the earned income you expect to receive during the project?
- Why is it realistic?
- How will your project meet its aims if you receive less income than expected?

Up to 1500 characters

Confirmed:

-Sasolo is one of the UK's leading development orgs for individual artists & small orgs, having worked with 1000+ artists in the last few years. The org will support the project with £2500 of confirmed income.

-Spark, support for the day wksps & speeches is confirmed at £1500.

-Art in the Park (AitP) is offering £1800 - £1000 symposium & 4 x £200 performers fees (from sponsorship funds). AitP will host the 2nd, artist led, symposium; this is confirmed & places the programme at the heart of the local arts & culture programme in Warwickshire (in addition to Spark: Ignite) & brings the national conversation to the local area.

Expected:

-Sasolo wider (non programme member) subscription to the Artist MOT package. Direct mailout reach = 500 named artists & small orgs - assuming 5% uptake over 6 months - launches 15/2/24 at symposium, concludes 31/8/2024 = 6 months* 25 members x £40 artist subscription. This would lead to a comfortable subscription income of £1000 over the life of the project. Initial research shows this will be easily achieved, from consultation with Sasolo networks of artists, the price point has been carefully considered to offer a sense of value whilst being affordable for those on low incomes. 100 artists are signed up to receive the download package already, these are pilot members and will not be charged.

- Breakdown your expenditure so we can understand your costs, for example: Artist fee (2 x Creative specialists @ £150 per day for 10 days = £3,000)

Sasolo has developed and delivered creative programmes, evaluation, funding support and delivery plans for over 1000+ artists in the last 5 years. Established in 2012 it is radically imprinting the old gatekeeping epoch with a new understanding of how and why marginalised artists, as described by a range of intersecting protected characteristics, are actually the life blood culture and creative engagement in the UK. Saskia has delivered several ACE funded activities personally, and each team member is a vastly experienced advocate, writer and protagonist in music, dance, literature, theatre, visual and digital arts ecologies. Sasolo is perfectly placed after 10+ years of grassroots consultation, bid writing (3 members are access support workers for ACE) and development to create this exciting platform to support the evolution of the outdated white centric / ableist epoch. Risks and challenges

**What are the main risks and challenges to your project meeting its aims?
What will you do to manage these risks?**

Up to 1500 characters

Aim: To reach Majority World/BIPOC, LGBTQIA+, neurodiverse & underrepresented artists; to support access & inclusivity within the creative industries, to articulate presence, support agency in interactions with gatekeepers, funders & promoters; to enlighten wider ecologies to cultural value, historical impact & leadership potential.

Risk: outreach falls short, & the number of MOT downloads & meaningful interactions at symposiums is low, longitudinal enablement is not achieved.

Mitigation:

- Work with key partner organisations & (named) MOT lead artists who emerge directly from long term consultation & embedded design/devising work over 5 years in those communities
- Understanding of how to make the products accessible, & BSL/captioning & WCAG 2 standards for digital content
- 100 artists signed up to receive the free MOT download
- Interaction & direct reach to Queer, BIPOC, disabled & neurodiverse artists by key mentors within the project
- 5 years of development to understand the barriers, language, process & developmental requirements of the stakeholders by Sasolo team.

Aim: Publish first 10 MOT packages to prove the concept, articulate the pathways to new relationships & publish wider research in an impact report & series of short 'how to films'.

Risk: work load is not achieved in time

Mitigation - clear roles and responsibilities with experienced practitioners & carefully apportioned time with a budgeted contingency.

Delivering the Outcomes

Your Project and the Outcomes

Our strategy sets out three outcomes; Creative People, Cultural Communities and A Creative and Cultural Country. We do not expect every project to address all three outcomes, but we do want projects to align to at least one and to set out in detail how particular components are being addressed.

You can read about our three outcomes here: <https://www.artscouncil.org.uk/outcomes-0>

When we look at your answers to the questions in this section, where relevant we will think about:

- How your project is supporting people at all stages of their lives to design, develop and increase their participation in high quality creative activities
- If your project focuses on children and young people:
 - If your project reaches families from a wide range of backgrounds
 - If you are widening and improving opportunities for children and young people to take part in creative activities outside schools
 - if your project is supporting children and young people to develop their creative skills and potential
- If you are working with communities to better understand and respond to their needs and interests, resulting in increased cultural engagement and the wide range of social benefits it brings
- If your project is exploring new types of creative practice, new forms of cultural content and new ways of reaching new and existing audiences and participants
- If you are collaborating with other cultural organisations and/or with the commercial creative industries and/or with further and higher education that focuses on innovation, research and development and training, especially in relation to the use of new technologies
- If your project is strengthening the international connections of cultural organisations and creative and cultural practitioners, including co-production and touring
- If your project is bringing world-class culture to audiences in England
- If your project helps to ensure people have opportunities to sustain their careers and fulfil their potential in the creative industries, especially those who are currently under-represented
- If your project is connecting people and places, nationally and internationally

How will your project contribute to the delivery of at least one of our Outcomes, including which, if any, of the Outcome components?

A Creative and Cultural Country: England's cultural sector is innovative, collaborative and international, Cultural Communities: Villages, towns and cities thrive through a collaborative approach to culture, Creative People: Everyone can develop and express creativity throughout their life

Please click the 'Save' button below after you have answered the question.

Sasolo will capture feedback on the MOT programme through:

- collaborative development, eg. creation of 'Neurodiversity in the Arts' bespoke package (digital asset for Hidden Artist project) with Sarah Hawley (ACE funded multidisciplinary, neurodiverse artist) & 'Disability in the Arts', with Art Riot
- codevision, eg. MOT subscription package informed by 10 participant artists, using their feedback to design the final roll out to 100 ppl
- content review, eg. 'how are we all doing - impact reporting' led by expert evaluator, Saskia Coburn at Sasolo
- self evaluation toolkit as part of Hidden Artist platform - to WCAG.2 standards
- selected applicants receiving regular F2F & Zoom check ins
- anonymised EDI metrics used to monitor longitudinal career impact on marginalised artists by genre (dance, theatre etc).

On this programme, Sasolo will conduct monitoring surveys with peers, participants & partners before, during & after the process to assimilate metrics on distance travelled re. individual goals. The impact of non-hierarchical delivery on agency, autonomy, well being, & confidence to ask:

- Has the Hidden Artist MOT digital package impacted career progression for marginalised artists
- Have the Wkshps & Q&A's improved the sector's understanding of the value of, & current barriers to, programming more inclusively & investing in audience development for marginalised artists.

1.Sasolo improves its local/regional visibility
Currently working at a national (but nuanced) level, Sasolo is embedded in marginalised/diverse artists networks, & has involved 1000+ practitioners & small orgs in the last 5 years. Emerging from a desire to work at the coalface, its director Saskia is originally from a policy & large scale funding background, this project merges those two ambitions/skill sets once more. Engaging policy makers, local council & investors/industry leaders with the expertise, advocacy & direct support that Sasolo has offered, it will reposition the organisation as a key player in the regional/national culture conversation.

2.Participants develop new skills
-Sasolo has accumulated 1000's of testimonies, understands barriers & can explain to promoters, investors, social/private/public & culture sector players the position, needs, gaps & strengths of the marginalised & underrepresented arts ecology; thus improving outcomes for all stakeholders:
-artists learn to articulate their work/offer to white/ableist gatekeepers
-artists develop autonomy & agency through skills building & impact reporting with bespoke reference to literature, theatre, dance, visual arts & music
-artists & promoters/policy makers receive targeted support & are supportive; thus de-siloing their work & developing collective ideologies that improve national cultural engagement.

Measuring Your Progress

If you are setting out what good looks like for your project and know how you'll track how well you're doing and how well it's been received, tell us about it here:

Re: Sasolo Letter of Resounding Support!

Dear Madam / Sir,

I am writing on behalf of Art in the Park Festival in Leamington Spa. Art in the Park has been running for 10 years, and we are very proud to be the Midlands largest free outdoor art event.

Art in the Park is a CIC whose role is to promote and enhance the local creative and artistic community, while inspiring our visitors. We are funded by the Arts Council, local sponsorship, and grants. A big part of this is done in partnership with local organisations, including the team from Sasolo.

Over the years we have grown into an incredible festival, and all year cultural engagement hub; for both Leamington and Warwickshire. With the help of Sasolo we have successfully developed our outreach, strategy, engagement & representation; Saskia has mentored me personally and supported us to gain Arts Council funding for the last 5 years. With the help of that funding and Sasolo's dedicated support, we are now one of the biggest events in the area and **attract thousands of people of all ages** over two days.

Research suggests this brings millions of pounds to the local economy, which is an important part of sustaining a thriving town centre.

The commitment and dedication Sasolo shows in helping us and other marginalised or less visible artists to achieve our goals is so important. Art in the Park is run by a very small team. The help, advice, and guidance that Sasolo give to us is invaluable.

We look forward to working with Sasolo again in the preparation of our 2024 festival. We will support their Hidden Artist Symposium and performances, with an £1800 contribution from our sponsorship portfolio.

Please do not hesitate to contact me if you have any questions.

Yours Sincerely

Dear Arts Council England

My name is Jonathan Branson, and I am the Projects and Development Manager at Warwick District Council's Arts Section. I'm responsible for increasing attendance and participation in the Arts within the District and developing its creative infrastructure. My role includes service development, strategic partnerships, project management, reporting and monitoring, and arts marketing.

One of the programmes of work I deliver is *Spark*, an annual symposium which aims to connect people and ideas - and to turn creative talk into creative action, and galvanise Warwick District's creative business community around a common purpose; promotion and growth of the sector.

As part of the symposium, we host panel discussions, workshops, demonstrations, and networking, and are keen that Sasolo feature in February 2024's event - as supporting creative organisations to be equitable, inclusive, sustainable and financially resilient is an ongoing need for the sector in our area, and addresses multiple strategic priorities in our Creative Framework; a strategy for creative sector growth. As a specialist in this area, we will provide a £1000 fee for 4 workshops addressing this need / theme and £150 for a panel discussion participant.

Following discussions with Sasolo, we agreed the following package for Spark:

Highlighting their current offer is based around The Hidden Artist programme, which focuses exclusively on marginalised/underrepresented artists, who have experienced some success/gained ACE funding & are looking to amplify their impact, gain success with wider funders; and who with Sasolo expertise, can inspire the stakeholder communities, they emerge from.

The Hidden Artist employs non-hierarchical practice to disseminate Let's Create methodology in its participant led/co-devised approach.

Our agreed understanding is:

The intersection of BIPOC demography & digital poverty is examined & resisted through:

- *Workshops by & for Global Majority artists; topics including: Why aren't Black People earning more for their art? How do underrepresented artists protect work in the digital age? Why aren't more Majority World artists accessing funding? How do we build sustainability into work from diasporic artists?*
- *Keynote speech from Saskia Coburn inc. (captioned) short videos on ways to amplify traditional dance/music in the global space.*

Yours sincerely

Johnathan Branson
