

Introduction

National Lottery Project Grants

We will ask you questions about different parts of your activity:

- Some basic details about your project – when it's happening, what it's called
- What you want to do, why, and what you want it to achieve
- Who your project will engage, and how they'll engage with it
- How you will manage the project
- The budget for the project

We will use the information you give us in this application to decide whether we will offer you a grant.

The first few screens are autofilled with information you have already provided in your applicant profile. If you need to make any amendments, go back to the 'Applicants' section and edit your applicant profile.

Throughout Grantium, any questions marked with an asterisk (*) must be answered otherwise you won't be able to submit your form.

All our text boxes have a character limit. Please stick to this character limit as any additional text won't be saved.

Feasibility and risk

This section helps us to understand how you will successfully deliver your project.

We need to know your plans for managing the project, what your budget is and how you will respond to any risks or challenges.

You don't need to have managed a project before, but you need to be able to demonstrate that you have given consideration to how you will manage the project, the budget, and any risks/challenges, and that you or your project partners have the skills to ensure it is delivered successfully.

When we look at your answers to the questions in this section we will think about:

- whether the budget is appropriate for the scale and type of activity?
- how appropriate are the areas of income and spending?
- whether all items in the budget are relevant and reasonable [are fees or wages appropriate to the context? Have quotes for assets/equipment been appropriately researched for any purchases?]
- whether the activity is attracting income from other sources; - is any other income confirmed? If not, are your potential income sources realistic?
- if appropriate financial controls are in place - Do you or the people you're working with have the necessary skills to manage the budget?
- if the activity is realistic and well-planned, and if you have demonstrated that you or the people you are working with are able to deliver the project

Project timeline

Project dates

Tell us the start and end dates for your project.

Please allow enough time to plan your project and for us to process your application, as well as enough time for us to make a payment before your start date if your project is successful. See our How to apply guidance for more details.

The dates you give here should be the dates for the full project you're asking us to fund.

We need eight weeks to process applications for £30,000 and under.

Project start date: 20/02/2023

Project end date: 05/11/2023

Please use the tool below to list the main stages and tasks of the project from the start date onwards, and to show who will lead on each element of the project. Please add each project stage in order. You must enter at least one stage.

Income Questions

Tell us more about the match funding for your project

- How you have worked out the earned income you expect to receive during the project?**
- Why is it realistic?**
- How will your project meet its aims if you receive less income than expected?**

Up to 1500 characters

- Confirmed input of £400 per school for the repertoire workshops in the Black History Month tour = £400 x 8 = £3200, confirmed at time of application
- Expected sales are set at 50% capacity to avoid income shortfall but also to enable half the seats (150) to be offered free of charge to Pupil Premium families from the 8 Hackney schools.

The expected income is therefore only £1200 of a £30K+ budget, with a contingency in the expenditure to cover any potential shortfall & protect cash flow.

Expenditure table

Please complete the expenditure table below with all your cash expenditure.

Remember:

- Your budget must balance. This means your total expenditure needs to be the same amount as your total income.
- Only include expenditure that will be spent between the start and end date of your project.
- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Breakdown your expenditure so we can understand your costs, for example: Artist fee (2 x Creative specialists @ £150 per day for 10 days = £3,000)

How have you worked out the costs of the artistic spending included in your budget?

Up to 1500 characters

Tuba Dance Theatre Company is directed by Maimuna Faal, an experienced producer, peripatetic teacher & dancer of west African heritage. All artistic costs are based on a strong understanding of the performance/production needs & work in schools. It has been developed with artists in collaboration & referencing Maimuna's extensive knowledge of school environments. The programme is artistically co-led by four artists, two are ACE funded colleagues pioneering work in the Diaspora for Senegalese/Guinean/Gambian (Mandé) folkloric culture.

- All figures are based on 2022/23 rates & have been further calibrated against industry norms
- Each unit costed at industry rates/Artist Union or direct quotes for hire fees
- The budget is devised in collaboration to ensure the spend is commensurate with the activity & a cash flow sheet is used to profile the spend over the timeline of activity
- Performance, rehearsal & travel fees are clearly defined & checked against internet quotes. Artist Union rates are used to unit cost the artists' fees
- All administrative work is clearly broken down to support the artistic development programme & unit costed
- Work scheme development, evaluation etc is costed internally & with accompanying professional quotes.

Up to 2000 characters dancer technique to student on the 12 weeks training course. Singer and dancer. Batch is a West-African Griot, a storyteller through his music and dance and has been teaching Sabar for over 10 years. His mother, grandmother, and those before them had been singers. Singing Baye Fall chants is where Batch found his voice. Batch's songs are about life experiences: about travel, immigration, places he has lived in and people he met and is grateful to. His songs also talk about feelings such as love and jealousy combined with life wisdom, teaching to be good to oneself, respect others, to listen, to trust and to have faith in life. Batch sings his songs in the Senegalese language Wolof. However, language does not obstruct his music. The passion Batch has can be heard in his soulful voice and understood by all. Batch's energy as a dancer is as vibrant and colourful as the patchwork clothes of his BayeFall people. Like his music, his dance style is a collection of both traditional and modern African cultures, and his combination of strong and fast movement promises to be a striking display.

Delivering the Outcomes

Your Project and the Outcomes

Our strategy sets out three outcomes; Creative People, Cultural Communities and A Creative and Cultural Country. We do not expect every project to address all three outcomes, but we do want projects to align to at least one and to set out in detail how particular components are being addressed.

You can read about our three outcomes here: <https://www.artscouncil.org.uk/outcomes-0>

When we look at your answers to the questions in this section, where relevant we will think about:

- How your project is supporting people at all stages of their lives to design, develop and increase their participation in high quality creative activities
- If your project focuses on children and young people:
 - If your project reaches families from a wide range of backgrounds
 - If you are widening and improving opportunities for children and young people to take part in creative activities outside schools
 - if your project is supporting children and young people to develop their creative skills and potential
- If you are working with communities to better understand and respond to their needs and interests, resulting in increased cultural engagement and the wide range of social benefits it brings
- If your project is exploring new types of creative practice, new forms of cultural content and new ways of reaching new and existing audiences and participants
- If you are collaborating with other cultural organisations and/or with the commercial creative industries and/or with further and higher education that focuses on innovation, research and development and training, especially in relation to the use of new technologies
- If your project is strengthening the international connections of cultural organisations and creative and cultural practitioners, including co-production and touring
- If your project is bringing world-class culture to audiences in England
- If your project helps to ensure people have opportunities to sustain their careers and fulfil their potential in the creative industries, especially those who are currently under-represented
- If your project is connecting people and places, nationally and internationally

How will your project contribute to the delivery of at least one of our Outcomes, including which, if any, of the Outcome components?

A Creative and Cultural Country: England's cultural sector is innovative, collaborative and international, Creative People: Everyone can develop and express creativity throughout their life

- TDT operate a partner led approach to devising content, context & approach for the participatory wkshps & student development
- The digital presentation from the filmmaker will evidence aspects of the project evaluation to articulate impact & support future rollout/touring capacity
- TDT wants to reach young adults of the African Diaspora to give them the opportunity to learn, create & perform in a professional setting as they are currently misrepresented in the art sector. As a trained dancer & artist with African heritage, Maimuna has experienced misrepresentation & wants to create a safe environment, this will be assessed & captured through work with the DSL, students & each schl in a series of interviews, questionnaires & impact assessments as part of progress measures in the work plans designed by Maimuna & partners
- Wkshps/repertoire will each be filmed, anecdotal comments & experiences curated & added as a visual narrative to the short promo film
- Digital feedback forms will be available, curated & presented to review the artists/company experience
- In collaboration with One Dance the student involvement in the repertoire devising process will be evaluated against measures co-devised with the RIDE (Representation In Dance Education) team & DAD (Dance of the African Diaspora) team
- Audience Q&A will be used to inform future roll out in terms of presentation, understanding, folkloric interpretation, historical context.

The project grows the infrastructure, impact & sustainability of a Black led dance company - funding enables TDT to:

- review each artists personal development & own performance in relation to industry standards by working with partners such as One Dance
- support the company plus 10 students to learn 4 traditional African songs where the aims are to: understand how vocal exercises contribute to the development & maintenance of vocal technique, be able to follow a regular practice routine setting targets & reviewing progress; choosing & performing appropriate technical exercises; individual practice & group rehearsals
- create space for the company to realise a vocal line presented using notation, microphone technique, intonation, blending & sense of ensemble, musicality, ability to hold an independent line, confidence in delivery & presentation
- build repertoire drawn from different modalities within the west African Diaspora, creating synergy & preventing dislocation of the art forms into silos which are less resilient, building confidence in the African artists to tour the work once the repertoire & participatory model are tested in this POC
- track students through/after training, they will have the opportunity to rehearse with TDT, & be part of their annual performance during BHM. They will experience a professional setting & perform in a live theatre to a live audience.

To Whom It May Concern,

Re: Letter of Support for Tuba Dance Theatre

One Dance UK is delighted to support Maimuna's project application.

We share Maimuna's vision for a stronger dance ecology, championing inclusive and diverse programmes for children and young people. With further funding, Maimuna will be able to develop her Tuba Dance Theatre project and progress much needed learning opportunities, improving awareness of culturally specific dance traditions and practises.

We support Maimuna's passion for training creative artists and practitioners, nurturing emerging talent through the choreographic process. This lies in accordance with One Dance UK's objective to champion the way to a stronger, healthier, and more diverse dance sector.

One Dance UK will increase the reach of any further related work produced by showcasing Maimuna's project, including the positive impact made across our social media channels and printed magazine One.

If you require any more details of our support for this funding application please do not hesitate to get in touch.

Yours sincerely,

Alisha Kadri
