Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 26/02/2024

Project end date: 02/08/2024

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- Be as clear as you can about what you want to do using Project Grants funding
- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

Carmen Souza writes, records, publishes & performs a new creole jazz album exploring the British cultural impact on Cabo Verde (CV). Following extensive research, she turns traditional rhythms, post-colonial lyrics & new music into a series of creative workshops, talks & a seminar that connects institutions, diasporas, sounds & stories. Hxstories are visibilised, cultural exchange is reinvigorated, new inclusive pedagogies tested & the artist develops new offerings, skills, networks & audiences.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

global creole jazz; decolonial hxstory; music workshops; Charles Darwin; artist development

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

Seminal creole jazz artist Carmen Souza makes a new album 'Porto Ingles' to:

- Musically & lyrically explore the British cultural impact on Cabo Verde (CV), from Sir Francis Drake in 1582 to now
- Collaborate with musicians of British, Portuguese, African & mixed heritages to surface new sounds & textures in creole jazz
- Connect English & diasporic audiences thru visibilising hidden hxstories of quintessential British figures like Darwin & Drake, to invite intercultural exchange thru a new lens
- Develop & test new participatory music activities using CV folk rhythms & vocal techniques, multi-lingual call & response
- Cross-pollinate national/international cultural institutions, world music orgs, universities & museums to promote learning, collaboration & improve outcomes, using world class music as the creative glue.

The Porto Ingles album project (PIA) consists of:

- Creating a new album start to finish with 8 new songs recorded with 9 London musicians from 6 countries, majority African diaspora, 1st & 2nd generation
- Singing in English, Portuguese & CV Creole across songs or in the same song, to reach audiences that speak those languages & expose audiences to new languages
- 3 concerts in port cities London, Folkestone & Brighton with a 6 piece, quartet & a trio respectively
- 4 voice & percussion wkshps for people at all stages of their lives, musicians & non-musicians to get creative using new musics in their rooted authentic contexts
- A PR & outreach campaign to activate fans & engage new audiences & participants via diverse local, national & diaspora triage partners
- 1 talk & 1 seminar that explore cultural synthesis arising from colonialism, how to trace it using arts markers, & invite contributions from cross-sector experts inc. 2 museums & 4 prestigious Centres of African Studies
- 1 single & music video on a boat music studio on the River Thames to audiovisually connect the transatlantic CV experience to English hxstory.

The engagement & difference PIA aims to make is:

- To expose people from a wide range of backgrounds to new music & positively reframe colonial cultural osmosis thru participatory rhythm & song
- To increase access to music making for migrants, YP & families of smaller, underrepresented diasporas & of mixed heritage, who fall through the cracks - without single/dual national identities & associated cultural networks to draw upon
- To sustain & diversify the careers of 7 respected underrepresented artists thru testing new creative practice integrating research, performance, wkshps & hxstory to open creative opps in music, education, heritage & academia
- To strengthen international connections of all orgs & practitioners involved ahead of touring the album to Portugal, France, Germany, Italy, CV
- To complete the 450 year cycle & loop back world class culture with English influence to English audiences via popular entry points inc. Darwin's research into evolution & Sir Francis Drake's pioneering navigation.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

The PIA project:

- Is named after Maio island's main city 'English Port' in the CV archipelago
- Emerges from Lead Artist Carmen Souza's Ethnomusicology Masters (Goldsmiths, 2022) exploring British presence in CV from 16th to 18th centuries & its cultural influence; thus discovering her CV grandfather worked on English coal ships
- Meaningfully reclaims her heritage & connects it to the present as a London musician of 15yrs
- Circles back to Woolwich Dockyard, from which Charles Darwin's Beagle ship set sail, as captured in Royal Museums Greenwich's collection.

It is the next creative step for Carmen Souza, who:

- Has released 10 acclaimed albums internationally, touring Europe, Asia, Africa & the Americas extensively
- Won 2 CV Music Awards in 2013 as 'Best Morna Artist' & 'Best Female Voice'
- Received a Silver Medal for Cultural Merit from the CV govt in 2017.

It enables her to develop:

- New wkshp skills & participatory offerings using the joy & fresh appeal of CV Morna, Coladera & Funana folk styles with the structured improvisation of jazz, solidified in a 1 page pitch pack in the EPK
- New ways of working, testing a talk & seminar that emerges from grp music making, integrating her academic & musical personas
- Existing & new partnerships across sectors, opening collaboration opps & career pathways
- Community building skills & relationships via her 1st participation outreach campaign, activating cultural institutions & diaspora networks she is embedded in.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

Learning & reflection embedded in PIA includes:

- Mentorship from Sasolo Arts Development to plan the project, set objectives & design internal & external evaluation mechanisms for creative outputs, participation & management
- Paid development time for the Lead Artist to research, strategise & build relationships, to integrate her academic, education & performance personas & find new entry points to cultural institutions
- A 1st ever team evaluation with additional reflection/write up time for the Lead Artist entering a new stage in her practice.

Success is at least:

- 2k album listens/streams/views in project lifetime
- 3 prestigious UK press album reviews & 4 publications attend the live shows
- 474 live audiences across 3 shows - 78% turnout
- 211 participants across 4 wkshps/talks/seminars - 75% turnout
- 13% live audiences & 25% wkshp participants use free tickets for underserved &/or diaspora audiences, disseminated via triage partners.

From the 10min feedback activity after each wkshp:

- 25%+ participants report discovering new music
- 25%+ participants report newly attending a percussion wkshp
- 25%+ participants report newly learning about the Britain-CV connection
- African/diaspora attendees share vox pop reactions to visibilisation of hidden hxstories & mixed heritages.

This feedback will strengthen the participation page of the EPK, to support the long term aim to promote Carmen's pioneering work to world music, education, academic & intercultural fora.

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

To include communities & remove barriers to participation, the 4 PIA wkshps:

- Are visibly led by a successful Black artist other BIPOC women can see themselves in & feel safer to explore & connect to singing & percussion, possibly for the 1st time
- Offer multiple entry points from call & response singing, clapping, instruments to conversation around intergenerational stories, hidden hxstories & known/unknown family heritage, ensuring everyone can find a creative cultural outlet
- Offer free tickets to individuals & families of African, diaspora & mixed heritage who identify the need
- Consult triage partners on how to best reach their constituent communities
- Co-design tailored copy across websites/email/socials/whatsapp in English, Portuguese, CV Creole & key African languages from musicians & cultural partners' countries to activate personal networks esp. smaller, tight-knit diasporas
- Are 3/4 hosted in fully accessible venues.

The talk & seminar provide a decolonial music hxstory container to synthesise Carmen's research & ideas with contributions from Black partners & audiences, to forge new creative belonging.

The PIA workforce:

- Is led by a woman manager & underrepresented woman lead artist, at a crucial stage of diversifying her practice & opening new career paths, informed by her extensive research
- Features 70% BIPOC musicians who are British, British Jamaican, Portuguese, Cape Verdean, Angolan, Ugandan & Mozambican
- Reflects the music it explores & communities it foregrounds
- Are guided by Patricia Pascal's 20yrs bridging across genres, cultures & sectors to ensure artists can collaborate fully with universities, museums & funders without being alienated by gatekeeping or archaic values
- Are represented by UK PR Indy Vidyalkara, expert at communicating for culturally rich & hard-to-simplify artists, ensuring no monoliths.

PIA addresses the Creative Case for Diversity thru:

- Championing a seminal Black artist & her genre-pioneering excellence, with a chapter dedicated to her mixing CV creole music roots with jazz in Franco Arenas' 2011 book "Lusophone Africa-Beyond Independence"
- Enabling non-artists, non-singers to explore creativity thru international folk musics rooted in authentic context
- Returning jazz to its African diasporic roots & jazz improvisation to an instigator of community participation, away from western exclusionary classicism
- Reframing English colonial hxstory & directionalities of influence thru archival research channeled into music composition
- Articulating challenges faced by diasporas in reconstructing their heritage & offering solutions via the bridges & pluralism in shared music making
- Working cross-sector inc. museums, culture orgs & research institutes, to embed creativity in their ways of working
- Developing overaccomplished yet underrecognised artists to transcend white gatekeepers & test new music, experiment with new pedagogies, in pre-commercial platforms, on their own terms.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 26/02/2024

Project End Date: 02/08/2024

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Remember:

- Your budget must balance. This means your total expenditure needs to be the same amount as your total income.
- Only include expenditure that will be spent between the start and end date of your project.
- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Include example breakdown for expenditure, for example: Artist fee (£300 per day x 30 days) £9,000

Expenditure questions

What experience do you have of managing a project budget of this size? I have managed a project budget of this size or larger before

How have you worked out the costs for paying people included in your budget?

Up to 1500 characters

- Recording fees all above MU/BPI for standard sessions (up to 3hrs) or long sessions (up to 4hrs), as required per musician, with standard session licensing assigning copyright to the Lead Artist
- Composing & music production rates higher to represent heightened creative & technical responsibility for key artists
- Rehearsal fees above MU additional rehearsal rate & include additional rehearsals for different lineups i.e. trio & quartet
- Performance fees flat £200 above MU over 200 capacity rate.

How have you worked out the other artistic or creative costs included in your budget?

Up to 1500 characters

- Studio Hire £180/day represents Fish Factory in Walthamstow's discounted rate (down from £280) to support a legacy artist who has recorded there before
- Recording catering for musicians & engineer at £40/day includes water, cold/hot drinks, healthy snacks to ensure artists can focus on creativity
- Rehearsal Venue standard rate from Pirate Studios chain inc. PA, amps, mics, stands, cables
- Travel - trains estimate for 2 nearby cities with contingency to ensure the right, direct trains are booked to minimise extra waiting
- Travel - petrol covers Carmen & Theo taking the instruments for shows & workshops to Brighton, Folkestone & 2 London venues representing 306 miles at 155ppl in an 30mpg vehicle factoring in the extra weight from instruments
- Travel - per diems provided at MU rate - factoring in refreshments provided by venues - despite no overnight stays, to recognise longer days with delivery of workshop & show.

How have you worked out the costs of making your work accessible?

Up to 1500 characters

Wkshps are an integral mechanism for building access to CV musics, creole jazz, harmony & percussion & new creative hxstorial perspectives.

Wkshp planning & delivery set at standard day rate across the project. This factors in travel time, carrying instruments & additional on-the-day prep & brief evaluation to acknowledge that wkshp leading is rewarding but fatiguing.

1 day planning for a 1.5hr wkshp enables facilitators to explore different approaches to different rhythms & vocal styles, experiment with different forms of interactivity, solicit ideas from band members who are experienced educators & plan how to transition into the talk & seminar while retaining the energy generated.

How have you worked out the costs of developing your organisation included in your budget?

Up to 1500 characters

Artistic Development & Evaluation Support quote is direct from Sasolo Arts Development & represents expert advice on designing & evaluating the project from start to finish. This is an opportunity for Carmen Souza to take a methodical approach to a project & trial new ways of working to ensure success is defined & impact is measured. This will build new skills in interfacing with funders & other stakeholders, including how to report in their language, to build trust to be able to explore new funding streams going forward.

A first full evaluation with the core team will put these new skills & perspectives into practice to ensure a medium & long term plan is visioned for Carmen's creative development & how it interacts with cross-diaspora participatory practice & research. Theo & Patricia can also reflect on how to take new learnings into their wider intercultural music industry work.

An additional evaluation day for the Lead Artist enables her to reflect on the team process, her own creative development & follow-up any new requests emerging from the wkshps, talk & seminar, & responses to the research foregrounded in them.

How have you worked out the costs of marketing and developing audiences included in your budget?

Up to 1500 characters

PR quote from Indy Vidyalankara to cover the album & 3 concerts only in the UK, with European PRs engaged separately funded by European concert bookings. The quote inc. £500 ad spend to be used at her discretion, leveraging her strategic cross-promotion skills. Indy made the SheSaid.So Alternative Power 100 Music list & her mainstream experience at Sony Music UK, Saatchi & Saatchi, & BBC, combined with advocacy & awareness of diverse arts will multiply the impact of a culturally bridging album.

Other costs:

- Video Film & Edit costed to pay for a DSLR shoot with equipment included & provide 2 edit days to ensure enough time to edit snappy promo clips
- Video Venue Hire is at the standard day rate for the Lightship 95 studio, but they have waived the excess charged for filming to support the project
- Video Musicians £150 covers 6 musicians doing half a day inc. set up & shoot below deck & above deck, with the other half day spent getting close-ups & pickups with the Lead Artist
- Photoshoot on ship & cover design pays Manager Patricia Pascal for her accomplished photography skills, saving energy & time as she knows intimately what the album cover & marketing campaign need.
- Graphic Design provides a decent industry day rate to make an EPK where all photos, videoclips & copy is provided. An additional day is provided to create a bespoke participation section, integrating photos from the SOAS wkshp.

How have you worked out the costs of expenditure listed as 'other' in your budget?

Up to 1500 characters

Contingency set at 2.5% to cover unexpected costs arising. Set low due to experience managing big budgets while touring internationally. It can be used to make space for unexpected accessibility costs for any participants, or to cover travel for any CV cultural representatives or well placed academics interested in the project to attend.

How much of your total project budget is being spent on International costs (such as visas, carnets, freight, travel, accommodation, per diems)? £0

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

Risk 1: The album recording to mastering timeline is short.

R2: New workshop offerings in new areas may be poorly attended.

R3: Some audiences or participants may be challenged by new angles on hxstory, especially around colonialism.

R4: Cost of living makes gigs harder to promote, especially cross-genre.

R5: Future cross-sector opps won't necessarily surface in the project lifetime.

Mitigation 1: Carmen, Theo & Patricia have made 10 albums together. They have an established process with top level musicians & the studio already reserved. Carmen has been ruminating on the sounds & stories she will involve throughout her ethnomusicological research during her MMus at Goldsmiths. The story is also personal, intergenerational one & she is excellent at writing in multiple languages, fitting complex jazz melodies to text.

M2: The well-resourced outreach campaign activates a suite of triage partners, considerable in kind support & grassroots groups Carmen is part of in her diaspora. Woolwich Works & Folkestone Tower Theatre host arts projects embedded in local communities & families. The two workshops out of London have been calculated at a lower capacity. Focusing on only 4 engagements using paid outreach time enables the Lead Artist to share these unique wkshps in the jazz, youth jazz, Portuguese, mediterranean & pan African diasporas inc. using easy-to-forward whatsapp messages translated by her & the band into many languages.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

M3: While Carmen's research & work is decolonial & reclamatory, as will be the album lyrics, her approach focuses on connection & collaboration in the present. Her latest album Interconnectedness is all about using music to find connection between cultures. Porto Ingles will enable a specific, hxstoric & hidden conversation to begin around Britain & CV. It will promote cultural osmosis & joy that shifts perspectives of unidirectional of power & influence throughout hxstory, returns agency over the story to an artist living that heritage, & make new entry points for audience members to unearth their own conclusions.

M4: Manager Patricia Pascal has built a marketing plan that activates support from industry heavyweights Lucy Durán & Rhythm Passport. Expert PR from Indy Vidyalankara will multiply the impact of the PR campaign via simultaneous campaigns with PRs in Portugal, France, Italy & via the record label in Germany. The world music scene especially responds to buzz in multiple countries. Releasing the single & music video 6 weeks creates a focal point for digital momentum & plenty of audiovisual content for socials. Being cross-genre will be used as a boon, developing audiences in the jazz, world, mediterranean, African diaspora & folk scenes.

M5: The academic & museum worlds operate differently to music, rely less on sales models, have different measures of impact thus are slower to process new proposals & formats. The PIA project will research & develop relationships & opportunities for cross-sector use of music to further hxstory making, intercultural community engagement & inform multi-disciplinary academic paradigms. By not fixing specific outcomes or outputs from that layer of the artists' development the project keeps an open mind towards what opps will develop & will rely on mentorship from Sasolo Arts Development & contributions from ethnomusicologists attending the SOAS seminar to shape the future trajectory.

Safeguarding

You acknowledge that safeguarding is important in all projects working with the public. You acknowledge that if your project is funded you must sign up to Terms and Conditions that require you to have appropriate policies and procedures in place – and to put them into effect where needed – to support the safe delivery of the project.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We use the information in this section to report how we have spent our funding from the National Lottery.

In this section, you must answer all the questions. If you prefer not to provide some of the information, you can tick the 'Prefer not to answer' box. We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

After we reach a decision, we may also tell them the outcome of your application and, if appropriate, why we did not offer you a grant.
 - c) To hold in our database and use for statistical purposes.
 - d) If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of the Department for Digital, Culture, Media and Sport (DCMS) and any partner organisations who have funded the activity with us.
 - e) If we offer you a grant, you will support our work to campaign for arts and culture, contributing (when asked) to important publicity activities during the period we provide funding for. You will also give us, when asked, case studies, images and audio-visual materials that we can use to celebrate artistic and cultural excellence.
