## Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

**Project start date:** 08/03/2024

**Project end date:** 30/12/2024

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

**Selected priority:** - Not applying against any Time Limited Priority -

- You might think about this as your project's 'key words' or 'tags'

- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

National touring; supporting refugees; acoustic music; digital & F2F; publishing new work

## Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

## Location

Here you can build a list of where your project is happening.

The location(s) you add to this list need to match what you've selected on the Where table on the previous screen.

You can select the same option or different options as many times as you want until you have a list of the places that your project will happen.

Using the tool below, please enter the location(s) where activity is happening. To add a location, click the 'Add new item' icon on the left of the screen. To add more than one location, use the 'Save and Add another' button.

If your project is not happening in a specific place, select 'Project includes things that aren't happening anywhere specific' on the Where screen and delete any locations you have added to this list.

# Inclusivity and Relevance

**What steps are you taking to make your project inclusive and relevant?**

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

At its core, folk music is a reflection of the people. As GFL pushes the boundaries of British Folk, their musical contributions represent new definitions of what it means to be part of 'British community & culture.'

GFL's project welcomes:

- under-represented communities to engage with the folk scene, to become part of a future facing of British Folk scene
- existing folk communities to broaden their perspectives on what folk music encompasses & experience the new direction that GFL presents.

GFL embraces each of their audience members with an invitation to contemplate what it means to be the folk of this land & welcomes communities who might not otherwise experience folk music to join. These communities include:

-Refugees: in partnership with 6 refugee-focused organisations, GFL extends free tickets to refugees in Ldn, Norwich, Norfolk, Sheffield & Belper, including refugees from Ukraine, Syria & Kurdistan. GFL understands that it can be daunting to access new & unknown spaces & so representatives from each relevant organisation will be present to accompany refugee participants to performances.

-SEND/Neurodiverse CYP: At Willowbridge School GFL will provide a tailored music learning experience & concert/ceilidh (folk dance) for CYP with physical & mental disabilities, otherwise unable to attend public events; ensuring equal access to music education for marginalised groups.

-CYP students & low-income households: in Norwich & London, GFL will engage musical students from low-income-households in workshops, teaching tunes, ornamentation, improvisation & play. Additionally CYP will join GFL on stage to perform 2 songs.

-Small towns/rural communities: many of the performances will take place in small town/rural areas across the UK; breaks financial & travel barriers to music engagement & increases participation in community activities.

-Online: incorporating live streaming at World Heart Beat and Jamboree Club allows audiences to participate, fostering inclusivity beyond geographical boundaries.

GFL audiences are taken on a journey & often go from tears & reflection, to the urge to dance, within one set. As GFL melds genres & unites communities, they not only push the audible barriers of folk music, but the underlying communal barriers too.

## Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 08/03/2024

Project End Date: 30/12/2024

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

# Managing your project

**What experience do you have of managing a project?**

I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

## How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

Partnering with a team that has demonstrated success with their first album, the trio reinforces their commitment to this endeavour & its associated deliveries. Through secure funding, new programming features and increased outreach, they ensure the financial viability of their creative process. The team's collective skills guarantee a smooth, secure pace, allowing flexibility in task timing without compromising outcomes. The collective skills of the team ensure smooth and safe speeds, allowing flexibility in working hours without compromising results. The three, along with the tour manager, public relations, design and marketing skills teams, are developing proper tour planning, venue planning, financial management, media relations & community service programs at each tour stop.

With over 80% of bookings confirmed, even though some rely on ticket sales for income, the trio establishes robust connections in various locations for performances & educational activities. In the event of unconfirmed involvement, adaptable timelines enable task rearrangement while maintaining successful outcomes. This strategic partnership is pivotal for the effective execution of the project, ensuring its success on multiple fronts.

## Budget: How much are you applying to us for?

We need to know how much money you are applying to us for.

We'll ask you to tell us how much money you'll have to spend on the project (the income) and what you will spend it on (the expenditure). We'll also ask you to think about any challenges for your project and explain how you will respond to these.

Whilst we understand that budgets can change over the life of a project, this information allows us to see how you've planned your budget and how realistic it is that your project will deliver what you want it to.

Please read the Budget section of our Guidance for Applicants for help on completing your budget.

**Please tell us the total amount you are applying to us for, including any personal access costs (£):** £28,282

**How much of this request is for your/your collaborators' personal access costs (£)?** £0

What do we mean by 'Personal access costs'?

\*If you, or any of the core team of people you are delivering the project with, experience barriers because you identify as:

- D/deaf or disabled
- neurodivergent
- experience learning difficulties
- having a mental health condition
- having a long term health condition

there may be extra costs relating to your access needs. These would be to:

- help you deliver the project; or
- for the online management of your grant.
- Some examples are: a BSL interpreter, a notetaker, or specialist tutor for admin support, or counselling costs.

Costs can only be for the project period (between your project start date and end date).

Costs for caring responsibilities or costs for making your activity accessible to the people experiencing your project, including participants, can be included as part of your project budget but should not be included as personal access costs.

Only include personal access costs that you will have if your application is successful. This does not include costs relating to preparing, planning and submitting your application.

You can find more about personal access costs, and more about how we can support you to submit an application, in our Access Support information sheet.

If your personal access costs take your request over £100,000 we will still treat your application as an application for £30,001 and over

## Income Questions

**Tell us more about the match funding for your project**

**Up to 1500 characters**

- How have you worked out the earned income you expect to receive during the project?
- How likely are you to secure your expected income?
- How will your project meet its aims if you receive less income than expected?

In response to the success of their first album, the trio experienced significantly increased interest from venues and have received 14 bookings in diverse locations, including festivals.

Touring is the central income source & is a mixture of confirmed/expected fees; over 60% is confirmed & the remaining 40% is based on conservative estimates related to previous iterations, with only 60% capacity to prevent shortfalls.

Any events exceeding 60% capacity (used to calculate income figs for tix sales) can be used to cover shortfalls in new/less visible events/venues. Furthermore a contingency of £1700 is in place to prevent issues with funding/cashflow.

Support in Kind from Penny Fiddle, accommodation & food adds value to the project & presents a suite of support that enables a quality outcome by focusing more funds on the recording & touring.

- Only include expenditure that will be spent between the start and end date of your project.
- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Include example breakdown for expenditure, for example: Artist fee (£300 per day x 30 days) £9,000

## Expenditure questions

**What experience do you have of managing a project budget of this size?** I have managed a project budget of this size or larger before

**How have you worked out the costs for paying people included in your budget?**

Up to 1500 characters

The fees involved on each artistic spending reflect the standard rates based on location and expertise involved and direct informed by the professionals involved.

The expansion of outreach activities underlines GFL trio's commitment to growth. However, a notable challenge arises in the form of venue fees, which, though related to an established presence, often fall short of covering essential costs for out-of-town performances, encompassing transport & per diems.

All costs for individuals have been unit costed with reference to industry standards or directly quoted from the individual practitioner; eg.

-Julie McLarnon, Analogue Catalogue Studio - Recording (£475 per day x 8 days)

-Julie McLarnon, Analogue Catalogue Studio - Mixing (£350 per day x 3 days)

-Gig Fees per gig - 3 musicians x 14 gigs (13 UK gigs + 1 in EIRE) @£220 fee each

-Festival Fees - 3 musicians x 4 festivals @£220 fee each.

# Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

## What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

R: Embracing improvisation in their performances introduces inherent risks.  
M: Intensive rehearsals, honed through years of gigging.

R: Opting for analogue recording in a setting with limited repair opportunities poses challenges.  
M: Intensive rehearsal, building on their past success, coupled with Julie Maclarnon's expertise, ensures a focused approach benefiting rec. & live performance.

R: Their unconventional blend of Celtic and jazz elements may be deemed culturally risky in a conservative folk scene.  
M: Crafting a unique musical identity during composition and rehearsals & positive audience reactions from past gigs.

R: Promoter/Venue Cancellation  
M: Estab. venue partners with prior collaborations, ensure reliability.

R: Performer Incapacity  
M: Past successful duet performances at ICC Hammersmith & festivals demonstrate adaptability in case of a musician's incapacity.

R: Instrument Care/Damage  
M: Carrying spare strings & a network of musician connections nationwide provide solutions for instrument care or damage.

R: Venue Equip. Failure  
M: Adapting to an acoustic perf. is a preferred solution, backed by a history of successful adjustments to various environments.

R: Transp. Failure  
M: Ensuring their vehicle's readiness and having RAC cover mitigate potential issues.

R: Failure of Outreach to Potential Aud.  
M: Diversifying outreach mediums, Riot Squad & Penny Fiddle Records for PR campaigns, social media presence & utilising their growing mailing list.

R: Fewer Ticket Sales than Forecast  
M: Confidence in reasonable ticket sale expectations, backed by alternative funding sources, ensures project viability.

R: Potential disengagement from marginalised groups due to awareness, affordability, or inclusivity issues.  
M: Collaborating with refugee organisations & offering free tickets ensures a more inclusive & diverse audience, addressing potential barriers to engagement.

**What will you do to manage these risks?**

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

To address the risks associated with potential gig cancellations and insufficient ticket sales, the trio have devised a proactive strategy aimed at diversifying their income streams & expanding our audience reach. Recognising the financial challenges in promoting workshops or relying on a high-risk door-split basis, they are seeking funding to mitigate these concerns.

Their innovative approach involves:

- Accessible workshops & concert tickets: to those who may otherwise be unaware or unable to afford them. This dual-purpose strategy not only aligns with their commitment to education but also introduces a new audience segment to their music, potentially enhancing ticket sales & overall engagement.
- Resilience and creative adaptability: demonstrated by their past successes and experiences as the 'James Patrick Gavin Trio,' they have performed at major Celtic music festivals, organised successful tours & received critical acclaim for their debut album, they have established a solid foundation. Their dedication to creating & promoting content, such as high-quality live videos & promotional material on various social media platforms, ensures a sustained interest in their work.
- Consolidating existing partnerships: their tour planning reflects a balanced mix of revisiting familiar venues & exploring new ones, while forging new connections. As individuals, they bring a wealth of experience in delivering instrumental workshops, improvisation sessions & folk ensemble playing workshops, catering to diverse audiences, including those who are neurodiverse or physically disabled.
- Financial prudence: their comprehensive strategy encompasses audience diversification through educational initiatives & a consistent effort to create engaging content. This approach not only addresses the identified risks but also positions them to navigate the challenges of the current music landscape & sustain their momentum in the industry

## About you / your organisation

**We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.**

**We also use some of the information to help us make funding decisions.**

**Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.**

**We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.**

**Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.**

**This is about us delivering on our Equality Objective:**

**We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.**

**We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.**

**We will never share this information with others, except in an anonymised way.**

**If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.**
