Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 01/04/2024

Project end date: 20/12/2024

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- Be as clear as you can about what you want to do using Project Grants funding
- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

Morabe Rural Music (MRM) engages Eyke's rural community, in a suite of learning opps; vocal choir, music classes, west African djembe & percussion, music therapy, recitals & performances; to foster new skills, social & cultural capital, & excellence. It addresses inequity in music education, & widens & improves opps for CYP & community.

MRM develops the sustainability, reach & diversity of its engagement by partnering with a local school as the conduit for its extracurricular & community work.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

Diverse Music Learning Project; Underserved Rural Community; Young People's Excellence

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

My project is about the public taking part

My project is about the public taking part in creative activity, either during the project or in the future.

X

- This means a project that gives the public the opportunity to take an active part in creative activity.
- An active part might be making, learning or contributing to creating something.
- The public includes anyone who isn't working professionally in the cultural sector, and covers all ages from early years to older people.
- Examples could be delivering workshops to the public, the public participating in an event or teaching the public..
- People might be trying something for the first time, or developing their skills and experience.
- It could be that you're developing workshop content that you'll deliver to the public in the future.
- This isn't about the public attending an event as an audience member or visitor to an exhibition.

This matches our Outcome 1: Creative People

My project is about making a difference to a place or community

My project is about making a difference to a place or community, either during the project or in the future.

- This means working in a way that is focused on a specific place or community.
- Often working in a place will mean working with other partners in that place to shape and deliver a project.
- Projects could involve making, showing or performing work that responds to what a particular community is interested in.
- Examples could include a locally developed cultural festival, engaging the community in research and development for a new programme, work or event, or touring an exhibition with support from local partners.
- Projects might connect to or help to deliver existing local strategies or support local partnerships.
- It could also mean touring work into places where there is local demand. .

This matches our Outcome 2: Cultural Communities

My project is about developing professional creative or cultural practice

My project is about developing professional creative or cultural practice, either during the project or in the future.

- This means activity which makes a difference to an individual's, group's, or organisation's creative or cultural practice, or a difference to the wider cultural sector. Examples could be:

 - What's the creative and/or cultural idea behind it?
 - Is there a difference you want to make by doing the project?
 - What steps will you take to achieve this?
-
- Be as clear as you can about what you want to do
 - You can write this in full paragraphs or in bullet points

MRM centres creative/musical development; positing its impact as a life enhancing tool for the wider communities it serves. In a carefully curated music programme delivered by a diverse range of music specialists, MRM delivers on ACE aligned long-term objectives for widening participation in music activities.

Morabe Rural Music (MRM)'s projects pick up music education where Local Authority & school funding stops; providing extracurricular enrichment & development; it has a demonstrable impact on creative skill building, cultural/social capital & wellbeing. In this iteration, MRM will:

- Widen the accessibility of its programme to 100+ CYP via Eyke Primary (EPS) in rural Suffolk
- Increase opps for rurally isolated communities to access high-quality music in a diverse & meaningful way.

As there are NO other community orgs in the isolated village of Eyke, MRM partners with a local school as a conduit, to connect their work with the rural local community; CYP, families, the elderly & vulnerable groups.

MRM will support Eyke Primary's 100+ pupils & broader community to engage with otherwise unavailable musical activities via:

1. Village Hall Community Choir, 1hr p/w x 1 year; increasing participation in high-quality learning & performance opps for Eyke's wider community
2. After school clubs - string ensembles/alumni ensembles; connecting & retaining longitudinal impact of Morabe's work, increasing & upholding musical excellence
3. Mini Music for parents, carers & 0-5y/o; increasing accessibility to music for parents with young children
4. West African djembe drumming & percussion, KS2 CYP for 6 weeks; using rote learning & referencing cultural significance of rhythms taught; developing the breadth & depth of music & cultural education
5. Music therapy sessions for CYP with additional needs; ensuring no barriers to participation for SEND CYP
6. Performances: community assemblies, termly recitals & Snape Maltings (SM) end year recitals (always at capacity of 350 family/audience members; many attending SM for 1st time); raising local ambition & connecting Eyke's community with new creative experiences
7. Annual performance in Rendlesham Care Home; developing relationships that bring music therapy sessions to a dementia care unit; uniting CYP with elder residents to bridge the benefits of music, generationally.

MRM tackles financial/geographical barriers to music education by providing:

- Djembe Drumming as free to access programmes
- Bursaries to cover all PP pupils & families who self-identify as in complex socioeconomic circumstances
- Wooden Roots (WR) bursaries for WR experience weekend
- Bursaries for 1:1 music tuition for 6 (MRM selected) PP CYP.

MRM is a beacon of transformative impact for isolated communities. Through its musical programs with Eyke & impact reporting with the University of Suffolk, MRM will develop future iterations & expand its work to other isolated communities across the region.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

MRM, est'd 2019, evolved in response to gaps between the depth & quality of extra provision across regional schools; according largely, to their economic status & private/state funded capacity. Many had no/minimal music education taught by specialists & minimal community/parent engagement. Through an extra curricular programme, MRM addresses these inequalities.

As a result of its programmes, across 4 years, MRM has seen qualitative improvement in:

- CYP well-being & musical excellence
- Confidence in learning process, leading to cultural/social integration & development; many MRM pupils are now musically literate in classical notation & non-classical rhythms
- Parent/community engagement in CYP education; supervising daily practice & attending performances, building community engagement in culture in rural areas.

With the support of Suffolk County Music Services, & ACE funding, MRM will:

- develop new partners & take performances to care homes
- prevent 'drop off' which statistics demonstrate occurs at yr 5; resulting in low to zero longitudinal learning for low economic status families
- continue & extend the enrichment activities, which will otherwise not be able to continue
- substantiate the development of a replicable MRM model
- broaden the reach of music engagement & ensure representation of underserved communities in professional spaces to improve career pathways.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

Employing a diverse range of teachers, MRM is focused on reach & depth of provision for underserved rural communities. KPI feedback will inform the best possible model & be integral to the planning of MRM outreach into other regional rural communities from 2025 onwards.

Together with the University of Suffolk, MRM are creating a formal impact framework. Currently supported by David James, (Head of Politics, Sociology & Criminology) the framework will measure the impact of the programme on CYP lives and the wider community.

MRM will track the success of its program via:

- CYP behaviour & wellbeing in correlation with engagement in music activity
- Parent engagement; numbers attending CYP's education & performances
- Community engagement: numbers attending choir, community learning & performances.

Feedback mechanisms throughout the programme will include:

- Informal conversation weekly during 1:1 lessons, Mini Music sessions & Community Choir (the Director attends all events to connect with participants)
- Formal written feedback from parents whose CYP engage with the programme to assess impact on local community
- Impact study, framework supported by the University of Suffolk
- Annual community survey
- Formal feedback from Rendlesham Care Home
- Feedback meetings with the MRM team to track progress throughout the year
- Informal conversation with professionals at Snape Maltings
- Film & photography for review & future promo.

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

Morabe Rural Music (MRM) ensures geographical, financial & social accessibility by providing free, hyper local events that would otherwise be inaccessible. Rural village Eyke, (population 362, cite. East Suffolk Council) has no access to a community centre, or performance spaces & limited funds; necessary to access quality art. Without the funding & specialists that MRM support, most CYP & community would not access music making opportunities.

When MRM started, in 2019, 2 pupils received extra curricular music lessons at Eyke Primary School, there was no parent engagement & no music based activity. Now all 103 pupils access culturally diverse & quality engagement via MRM extra curricular programme; weekly music making classes delivered by a diverse range of specialists & 53 of the school families have opted into 1:1 instrumental tuition.

With a diverse range of teachers & facilitators, MRM breaks down traditional barriers between genres & social categorisation, ensuring a democratised & equitable approach by:

- Mindfully engaging wide audiences from all stages of life; 0-5 years, to the elderly in care homes
- Providing pupil premium & means tested bursaries; removing financial barriers for low-income families
- Delivering Music Therapy sessions tailored to SEND needs; advocating for expression through music for all & diversifying access
- Delivering Mini Music sessions to under 5's & parents; a vital strand of MRM's outreach to youngest community members in rural setting where (due to closure of Sure Start Centres) no other family learning activities are available
- Creating opportunities for families to attend Snape Maltings; many have not engaged with the arts or the venue & thereafter contribute to thriving music community
- Placing djembe drumming as a core part of learning & performance; unusual for traditional music education, encourages a broadening of musical mindset & approach
- Arranging music for western classical strings, choir & African djembe; crucially models how all art forms are of value & for everyone
- Arranging ensemble work with a particular focus on diverse & engaging repertoire; breaks out of conventional music learning styles.

MRM will meet with Rendlesham Care Home to discuss the next phase for care home work. CYP currently perform at the home annually. MRM will develop the model to include:

- Music Therapy Session for the dementia care unit; widening accessibility & welcoming elderly & at-risk ppl into music experiences
- Mini Music Sessions in the care home weekly; creating a space where the youngest & oldest in the community are brought together through music.

MRM normalises music making as part of daily life & learning. In 4 years, MRM has democratised music learning for the Eyke community & created measurable legacy impact & social capital. Music learning extends beyond classroom teaching & fosters life long legacy & inter-generational assets for the underserved community.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

Maria Dobing: Founder & Dir. of MRM oversees all operational & artistic delivery. She networks partners & teaches classes. She has worked as a consultant with ASSET education & is an Arts manager with a track record of working at scale. She has curated a team to oversee & protect all areas of the outreach & development. As follows:

Lucie Fairweather: education specialist & headteacher at Eyke Primary School. She advocates for arts in schools, advises on educational engagement & provides input on operational matters. She speaks at conferences on the impact of MORABE & manages fundraising events.

Suffolk Music Therapy: therapeutic music specialist is an MRM partner. Sophie McCumsety leads therapeutic music sessions focusing on SEND CYP & will explore therapeutic music for dementia patients.

Wooden Roots: djembe & cultural engagement, Marcus & Gemma Brown provide whole class west African drum classes; have collaborated with Eyke Community since 2022 & support MRM's cultural alignment & representative teaching.

Charly Jolly: Early Music Specialist delivers MRM's Mini Music Sessions for under 5's. Improves access to musical engagement for CYP.

Steph Wakeman: vocal lead for MRM, directs both choirs. Provides vocal & piano tuition & is the lead for fostering links with other schls.

Christopher Slatter: string lead directs Suffolk Young Strings & coaches for the Ace Foundation. Has a marked impact on MRM's string program which he developed.

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

Risks & Challenges:

R1: Limited proportion of school & community benefit from the programme, due to poor outreach or articulation of values & accessibility

R2: Community participants needing childcare and other access costs as the wider cohort includes low income and isolated families. This demographic is likely to require childcare in order to participate in workshops or perform

R3: Due to the amount of activity there is a risk of development not being scaled in a timely fashion

R4: Relevant audiences may not have as much access to social media or digital marketing campaigns. This could lead to low engagement in instrumental schemes, due to financial barriers

R 5: Lack of provision knowledge to support accessible activity eg. West African Drumming project, Ensembles, Mini Music, Community Choir & Music Therapy

R 6: Damage to instruments or public liability claims

R 7: Safeguarding issues; working with CYP & SEND cohorts. Peer groups have diverse lived experience & may suffer complex issues, the team will need ongoing support to effectively safeguard multiple groups

R 8: Data protection not sufficient to ensure family and CYP data is protected

R 9: Technical difficulties with regards to software, hardware & website

R 10: Building and taking risks with new, more diverse programmes, performances and building a model that can be rolled out to new schools may detract from the solidity of the existing provision.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

M1: Programme partners regularly report to board meetings to ensure that all pupils & members of the community are catered to, & engaging with activity
M 2: Community participants are aware of schedules way in advance, childcare and other access costs are supported by means of low cost and free to access provision enabling finance to be diverted to those areas of concern. The team create a culture of music at the school as a normal part of daily life & accessible to everyone; securing more funding for means tested bursaries
M 3: Partners are experienced, the support is embedded & arises from 4 years of RnD & concept building, ensuring the work is apposite & aligned with the organisational goals
M 4: Advertising via posters & libraries, shops & other community settings, MRM recruit inspiring specialists who delivery quality sessions which draw in participants to ensure connectivity. A quality assurance policy & review of participant numbers is put into place, activity assessment points continue throughout the academic year
M 5: Broaden funding application portfolio & engage professional support which is budgeted for, to finance connection to other providers through the project, such as Wooden Roots
M 6: Secure appropriate insurance for instruments & charity
M 7: All artists working with children receive Safeguarding Training & are DBS checked. Safeguarding Policy is in place
M 8: Create & adopt a GDPR policy. All sensitive information is held at the school

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

We will not use this information to assess your application. For specific programmes, we may use this information as part of our decision-making process. Where this is the case, it will be stated in the Applicant guidance, and we will ask you to ensure this information is up to date before submitting your application.

If you do not know some of the information or you would prefer not to provide it, you can fill in the 'Not known/Prefer not to answer' box. Should a member of senior management also sit on your board/council, please only count them once.

 - e) If we offer you a grant, you will support our work to campaign for arts and culture, contributing (when asked) to important publicity activities during the period we provide funding for. You will also give us, when asked, case studies, images and audio-visual materials that we can use to celebrate artistic and cultural excellence.

4. Subsidy Control

The Subsidy Control rules are the new legal requirements that apply to the award of subsidies in the United Kingdom with effect from 11pm 31 December 2020. They have largely replaced EU State aid rules.

Where a "Subsidy" is present as per the definition of subsidy set out in the Subsidy Control Act 2022 ("the Act") then it is necessary for the award to comply with requirements set out in the Trade and Cooperation Agreement with the EU (and in due course those further requirements set out in the Act).

A "Subsidy" only exists when the following cumulative characteristics are present (only tick those that apply):

- **financial assistance which is given, directly or indirectly, from public resources by a public authority; and**
- **confers an economic advantage on one or more enterprises; and**

- is specific, that is, is such that it benefits one or more enterprises over one or more other enterprises with respect to the production of goods or the provision of services; and
- has, or is capable of having, an effect on —
 - (i) competition or investment within the United Kingdom,
 - (ii) trade between the United Kingdom and a country or territory outside the United Kingdom, or
 - (iii) investment as between the United Kingdom and a country or territory outside the United Kingdom.

If awarded, do you believe that your request for public funding meets all the necessary criteria to be classed as a "Subsidy"? No

Where a "Subsidy" is declared you will be required to provide further information to establish whether the "Subsidy" would be considered lawful.

5. Tick the relevant box if any person involved in the project or writing the application:

I am happy to be contacted by Arts Council England, or by a third-party organisation on behalf of Arts Council England, for feedback to help evaluate the programme.
