

Introduction

National Lottery Project Grants

Arts Council National Lottery Project Grants is our funding programme for arts, museums and libraries projects. It is always open, so we can respond to people's good ideas.

Application form

In this application form we will ask you questions about:

- your project
- the people and communities who will experience your project
- your planning
- you or your organisation

When we read your answers we will think about how your project will help to make a difference to the creative and cultural lives of the people and communities in England. We will also think about how likely it is to achieve what you want it to.

The information you give us in this application form will help us decide which applications we will fund.

Remember

The first few screens are already completed with information you've provided in your applicant profile. If you need to make changes to these screens, go back to the 'Applicants' section and you can edit your applicant profile.

Throughout the application form, any questions marked with an asterisk (*) must be answered to allow you to submit the form.

The text boxes have a character limit which includes letters, numbers, symbols and spaces. Please stick to this character limit as any additional text won't be saved.

Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 31/05/2024

Project end date: 24/01/2025

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- Be as clear as you can about what you want to do using Project Grants funding
- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

'The Water, The Lover' (TWTL) draws together international collaborators (sound-design, choreo, costume, & digital visuals) to create & perform an avant-garde AV stage show. Néfur will present the eco-somatic sounds of her experimental album; produced using only the human voice, & the sound of Icelandic glaciers.

Through a stage show, online course, creator's pack & podcast, TWTL addresses climate change, artistic innovation, & champions women in music.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

experimental-electronic; women in music; eco-somatic sound art; AV live show & album

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

My project is about the public taking part

My project is about the public taking part in creative activity, either during the project or in the future.

☐

- This means a project that gives the public the opportunity to take an active part in creative activity.
- An active part might be making, learning or contributing to creating something.
- The public includes anyone who isn't working professionally in the cultural sector, and covers all ages from early years to older people.
- Examples could be delivering workshops to the public, the public participating in an event or teaching the public..
- People might be trying something for the first time, or developing their skills and experience.
- It could be that you're developing workshop content that you'll deliver to the public in the future.
- This isn't about the public attending an event as an audience member or visitor to an exhibition.

This matches our Outcome 1: Creative People

My project is about making a difference to a place or community

My project is about making a difference to a place or community, either during the project or in the future.

☐

- This means working in a way that is focused on a specific place or community.
- Often working in a place will mean working with other partners in that place to shape and deliver a project.
- Projects could involve making, showing or performing work that responds to what a particular community is interested in.
- Examples could include a locally developed cultural festival, engaging the community in research and development for a new programme, work or event, or touring an exhibition with support from local partners.
- Projects might connect to or help to deliver existing local strategies or support local partnerships.
- It could also mean touring work into places where there is local demand. .

This matches our Outcome 2: Cultural Communities

My project is about developing professional creative or cultural practice

My project is about developing professional creative or cultural practice, either during the project or in the future.

X

- This means activity which makes a difference to an individual's, group's, or organisation's creative or cultural practice, or a difference to the wider cultural sector. Examples could be:
- Developing or showing new work or new ideas, including with partners from inside or outside the cultural sector
- Using new technologies to create or distribute work.
- Developing new skills to help those at the beginning of their careers or to help others sustain careers
- Bringing work, publications or collections from abroad to audiences in England.
- Developing international partnerships to do research or to create and present new work

This matches our Outcome 3: A Creative and Cultural Country

In more detail

Give us a more detailed description of your project: what you want to do and why you want to do it
Up to 3000 characters

This is a chance for you to tell us about your project in your own words

- What do you hope will be the result of your project?
 - What's the creative and/or cultural idea behind it?
 - Is there a difference you want to make by doing the project?
 - What steps will you take to achieve this?
-
- Be as clear as you can about what you want to do
 - You can write this in full paragraphs or in bullet points

'The Water, The Lover' (TWTL) takes Néfur's 2nd experimental-electronic album to new heights; drawing on the artistic excellence of world-class collaborators (majority women) to develop an ambitious, avant-garde audio-visual (AV) stage show; incorporating lead vocals, sound-design, choreography, costume, 5 backing singers & advanced digital visuals.

TWTL presents Néfur's cutting-edge creative methods. As a field-recordist, singer, composer, sound artist & performer, she processes sounds from threatened environments & performs with them to raise environmental awareness. TWTL album is produced using only the sound of Icelandic glaciers & the human voice; creatively platforming the glaciers as both muse & collaborator.

TWTL involves:

- the development & performance of a live stage show; expanding the repertoire of Néfur's work to encompass new modalities
- the sharing of Néfur's creative practice in an online course for Women in Music, creator's pack & 8 podcast eps recorded with TWTL team & environmental experts; developing TWTL legacy assets.

Néfur will launch a new single & music video to build project traction to leverage for later events, & release the full TWTL debut alongside the AV live show; elevating Néfur's unique work & sustaining her career.

The AV live show will be developed through:

- 1 wk choreo residency & open showcase + Q&A at L'Obrador Creation Space
- 1 production residency at Goldsmiths (where Néfur completed her MA in Performance Making)
- 1 developmental show at Spitalfields Music Festival
- 1 short performance + Q&A at CRISAP's 'In the Field 2' conference.

Feedback from Q&As will be incorporated into the development to refine the clarity of message & emotional impact of the show in its experimental context.

The final AV full immersive experience will be performed at Huddersfield Contemporary Music Festival. TWTL will develop a tour kit & pitch deck to apply to national & international theatres & festivals for touring. TWTL is already in conversation with 18 national & international festivals inc.

- CTM (Berlin), Iceland Airwaves, Sonar (Barcelona)
- WSWBH, Milton Keynes Int. Festival, Supernormal (UK).

Néfur's Women in Music 7 week online course will support aspiring, new & mid-career artists to further their creative careers, with:

- new field-recording techniques & production skills
- creative philosophies that underpin TWTL's work
- opportunities to network & receive peer-to-peer feedback on their experimental output.

A 'Seeds to Create' creator's pack will be developed, including a (oracle inspired) card deck & zine; to support aspiring artists to engage with the creative philosophies & themes that underpin Néfur's work through self-led, prompts-based processes.

TWTL forges new terrain in the experimental landscapes; bringing future-facing artistic innovation & important environmental influence to audiences & participants across the UK.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

In 2021, Néfur recorded the sound of glaciers in Iceland on a DYCP funded trip. The mass loss of these glaciers is among the highest in the world & Néfur was struck by the global consequences for humanity. In the 2 years since, Néfur has:

- Produced TLTW album using only the glaciers' sounds, & the human voice (unreleased)
- toured, & presented her work at experimental music festivals, CTM (Berlin) & Sonar (Barcelona)
- released single, 'Vulgia' with Sound Earth Legacy; prod. with the sounds of Menorca's wetlands & the human voice
- been shortlisted for Best Natural Sound in BBC's Sound of the Year Awards & Best Emerging Artist in the Catalan Music Awards.

Now expanding her artistic repertoire, Néfur develops TWTL with a team of international & diverse collaborators to create & present new work. Inc. Estela Oliva who has created for global brands, inc. Instagram, Red Cross, Barbican, UN, BBC & Google. Estela will design advanced digital visual elements for the AV show; bringing commercially-influenced creative elements into TWTL's experimental work.

Through the delivery of her online course & creator's pack, Néfur increases her capacity as creative coach & facilitator; broadening her own career sitelines as a mid-career artist, & shifting the focus from her own process to elevating others'.

TWTL will engage project consultants Sasolo in 6 development sessions; sustaining Néfur's creative career, elevating TWTL live stage show & launching TWTL album.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

TWTL develops a policy supported by Sasolo that outlines:

- creation, feedback & review culture within the development process
- evaluation frameworks, inc. project milestones, qualitative & quantitative KPIs.

In TWTL's production residency, the team will engage in rigorous peer-to-peer feedback as an integral part of the development, & board meetings will be held monthly May-Dec with:

- Estela Oliva (visual artist)
- Yin Cheng-Kokott (choreographer)
- Roberto Olivan (ROPA director)
- Sarah Gee (Spitalfields Music director).

TWTL performs developing work, & engages audiences in post-show surveys, audio-recorded feedback + Q&A sessions, at:

- choreo residency
- Spitalfields Music Festival
- CRISAP conference.

Festivals will provide F2F & written feedback post-performance to capture their informed opinions on the show's qualitative impact & audience numbers; supporting TWTL to present a high-quality, emotionally impactful & original piece.

The Women in Music online course participants will share written feedback before & after the programme to track: course completion, artistic delivery, creative confidence & how inspired/equipped they feel to pursue/further their career in music. Néfur will review feedback to improve the online course for future iterations.

Aligning to TWTL's environmental awareness, Genecon (economic development firm) will help to set carbon emission targets & conduct project evaluation to assess TWTL's eco-impact.

TWTL works with established orgs & festivals relevant to the experimental genres that Néfur's music thrives in. Each will promote TWTL shows, inc.:

- Spitalfields Music; bringing diverse communities through high-quality performances, & an artist development programme
- Creative Research in Sound Art Practice; a research centre of University of the Arts London dedicated to the exploration of sound as an artistic practice
- Huddersfield Contemporary Music Festival; The UK's largest international festival of new and experimental music.

Prescription PR will support Néfur through their media contacts to release:

- a single at the beginning of the project; supporting engagement throughout
- TWTL full album.

Collaborators will share the development process via their social media.

Women in Music orgs will support with outreach for live shows, creator's packs online course & podcast, inc.:

- F-list for Music; supporting women in music and genre diverse people will be able to more successfully start and sustain their careers (2k+ newsletter subscribers and 66% engagement rate)
- WATUA; focused on developing women, WOC, & gender minorities in production and songwriting (newsletter & podcast)
- Shesaid.so; a global community of women, gender nonconforming people & allies in the music industry 12k+ members.

Where

Where is your project happening?

We want to know the places that your project will happen.

This table explains the options for telling us where your project is happening, including if it's not happening anywhere specific.

Please select as many options as are relevant.

Select	Location options	Description
☒	My project includes an activity happening in one physical place	A creative or cultural activity or event where the people viewing, taking part or working on the activity are physically present. This could be a one-off activity or event or something that happens more than once in the same place. For example a performance, a place you're using to create new work, a research and development space, an exhibition, workshops.
☐	My project includes the same or similar work happening in several physical places	A creative or cultural work or event happening in more than one location. This can be either at the same time or one after another. For example Touring a piece of work or an exhibition, or a workshop series. This is where the people viewing or taking part are physically present.
☒	My project includes streaming or broadcasting	A creative or cultural work or event that is being live streamed on a website or broadcast on tv or radio for example. There may be people physically present at the event, but there are also people viewing or taking part who are not physically present.
☒	My project includes a digital experience	A creative or cultural product that is designed to be experienced through a digital platform or hardware. For example cultural learning through gaming, an immersive experience through virtual reality or a phone app.
☐	My project includes things that aren't happening anywhere specific	For example your project might focus on developing your organisation, you might be creating something new which you'll share with the public after the project end date, you might be doing some research to inform future public-facing work

Location

Here you can build a list of where your project is happening.

The location(s) you add to this list need to match what you've selected on the Where table on the previous screen.

You can select the same option or different options as many times as you want until you have a list of the places that your project will happen.

Using the tool below, please enter the location(s) where activity is happening. To add a location, click the 'Add new item' icon on the left of the screen. To add more than one location, use the 'Save and Add another' button.

If your project is not happening in a specific place, select 'Project includes things that aren't happening anywhere specific' on the Where screen and delete any locations you have added to this list.

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

TWTL exists at the intersection of environmental awareness, women in music, & experimental electronic sound art. The project raises awareness of climate change, & combats that experimental music is inaccessible to women.

According to USC Annenberg & Spotify's 2023 report, women constitute only 22.3% of artists, 12.8% of songwriters, & 2.8% of producers. As a woman in the experimental-electronic sectors of music, Néfur's work is a beacon; for women to feel represented & relevant within genre-diverse music, & to take up space creatively.

Contemporary music genres are largely elitist. To combat the inherent gatekeeping & white/male/academic tropes that exist within the experimental scenes, TWTL forges pathways for women to claim their own innovative expression through:

1. THE WOMEN IN MUSIC ONLINE COURSE: Supporting 22 women to engage with the lessons she has learned through the making of TWTL; combatting the marginalisation women face in the experimental-electronic sectors, & giving opps to others to start/further their professional music careers.

The online course is subsidised; removing socio-economic barriers to participation. 2 full scholarships will be given to marginalised artists (low income households / underrepresented Global Majority experimental artists) selected from an open application process.

2. 'SEEDS TO CREATE' CREATOR'S PACK: Supporting women to engage in new creative methods via a modular & prompt-based, self-led process. This carefully curated zine & card deck draws on imagination, play & sensory connection; making experimental creativity feel light-hearted & accessible.

Free creator's packs will be gifted to:

- all 22 online course participants
- 25 marginalised/low-income artists; resourcing underserved individuals & reducing barriers to creative engagement
- 25 industry professionals & education bodies; distributing a new alternative resource for creative practice in academic settings.

3. THE GLACIER'S SONG PODCAST: Giving voice to women & gender nonconforming artists; exploring the intersections of feminism & environmental awareness. The podcast will capture TWTL process, & platform the experiences of women in both experimental art worlds/the environmental activist spaces.

Both the online course & creator's pack will be promoted via triage partners (F-list for Music, WATUA, & Shesaid.so) who specialise in developing women, & gender nonconforming people in music, production, & songwriting; advancing gender equality in music.

TWTL draws together an international & gender-minority team, (women & gender nonconforming) & harnesses the environmental wilderness of the Icelandic glaciers as a muse. Iceland's glaciers are melting at a rate of over 150m p/yr; faster than they can recover. TWTL captures both the power, & fragility of the glaciers, & compares it to the creative power of women in music, & their often-silenced voices.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 31/05/2024

Project End Date: 24/01/2025

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

CORE PERFORMANCE & DEVELOPMENT TEAM

TWTL draws on multi-disciplinary partners' expertise to establish visuals & movement; elevating the impact of TWTL show to reflect Néfur's ambient landscape sounds. AV visual designer Estela Oliva will create the unique immersive visuals for TWTL, in partnership with filmmaker Vala Kjarval, who specialises in filming Icelandic landscapes.

Artistic director, Keeley Forsyth, will oversee the project elements; ensuring choreography (Yin Cheng-Kokott), lighting (Nao Nagai), costume (Aloma Lafontana), & sound design (Francesco Fabris) merge cohesively; bringing a world class performance piece to the world that reflects TWTL themes effectively.

VENUES / FESTIVALS

Néfur has established connections with multiple national & international festivals which act as platforms for effective outreach to target experimental music/sound-art audiences, & build international visibility & connectivity for the show. The project will develop a pitch deck to send out, to solidify a tour of TWTL AV Live show.

CREATOR'S PACK & ONLINE COURSE

The Creator's pack will be made with visual artist, Belen Yáñez & graphic designer, Rose Tara Gold. Promo of the creator's pack, online course & podcast will happen via triage partners.

PODCAST

By platforming environmental writers (Astrida Neimanis, Jemma Wadham, & Stephanie Krzywonos) alongside project artists, TWTL delivers a comprehensive message pertaining to women in art & environmental awareness.

Budget: How much are you applying to us for?

We need to know how much money you are applying to us for.

We'll ask you to tell us how much money you'll have to spend on the project (the income) and what you will spend it on (the expenditure). We'll also ask you to think about any challenges for your project and explain how you will respond to these.

Whilst we understand that budgets can change over the life of a project, this information allows us to see how you've planned your budget and how realistic it is that your project will deliver what you want it to.

Please read the Budget section of our Guidance for Applicants for help on completing your budget.

Please tell us the total amount you are applying to us for, including any personal access costs (£): £29,773

How much of this request is for your/your collaborators' personal access costs (£)? £0

What do we mean by 'Personal access costs'?

*If you, or any of the core team of people you are delivering the project with, experience barriers because you identify as:

- D/deaf or disabled
- neurodivergent
- experience learning difficulties
- having a mental health condition
- having a long term health condition

there may be extra costs relating to your access needs. These would be to:

- help you deliver the project; or
- for the online management of your grant.
- Some examples are: a BSL interpreter, a notetaker, or specialist tutor for admin support, or counselling costs.

Costs can only be for the project period (between your project start date and end date).

Costs for caring responsibilities or costs for making your activity accessible to the people experiencing your project, including participants, can be included as part of your project budget but should not be included as personal access costs.

Only include personal access costs that you will have if your application is successful. This does not include costs relating to preparing, planning and submitting your application.

You can find more about personal access costs, and more about how we can support you to submit an application, in our Access Support information sheet.

If your personal access costs take your request over £100,000 we will still treat your application as an application for £30,001 and over

Lottery funding

Do you, or does your organisation object to receiving National Lottery funding for religious, cultural or ethical reasons? No

Fair pay

We are committed to making sure creative and cultural practitioners and those who work in the creative and cultural sector are paid fairly.

Please read the Fair pay section in our Project Grants guidance library for more information.

Have you used a recognised industry standard to work out how to pay creative and cultural practitioners and any other sector professionals involved in your project (including you)? Yes

What industry standard did you use?

Budget - Income

Income table

Please complete the income table below with all your cash income, as well as any support in kind you will receive.

By support in kind we mean goods or services that you would otherwise have to pay for, but are being provided for free.

Remember:

- Your budget must balance. This means your total income needs to be the same amount as your total expenditure.
- Only include income that relates specifically to this project.
- Do not include personal access costs in the income table. These are automatically included in the total amount you are requesting from us.
- For any earned income you should include how these amounts have been calculated in the description field, for example:
Ticket sales (7 dates @ 60% of 100 capacity x £8 ticket price) £3,360

To add an income line

To add each income line, click the 'Add new item' icon on the left of the screen. To add more than one line of expenditure, use the 'Save and Add another' button.

400 downloads (£0.02 each)

Album

5000 streams (£0.002 each)
500 downloads (£0.02 each)

A contingency is factored into the budget & personal reserves are available in the case of lower sales.

Budget - Expenditure

Expenditure table

Please complete the expenditure table below with all your cash expenditure.

Remember:

- Your budget must balance. This means your total expenditure needs to be the same amount as your total income.
- Only include expenditure that will be spent between the start and end date of your project.
- The table already includes any Support in kind you added on the Income screen so you do not need to add this.
- Include example breakdown for expenditure, for example: Artist fee (£300 per day x 30 days) £9,000

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

R1: Digital Complications: Integrating new digital components into the AV live show may lead to technical difficulties that potentially detract from the audience's immersive experience.

R2: Online Course: Limited enrollment/participation in the Women in Music online course may impact the project's direct impact on women in music & lower than expected sales.

R3: Creator's Packs: Lower than expected sales may compromise the project's budget.

R4: Creative Disagreements: TWTL team may face creative conflict in the creation process, disagreeing on artistic decisions & navigating feedback in ineffective ways.

R5: Festival & partner outreach: TWTL relies on partners to promote TWTL. Lack of effective planning may lead to lower audience & participant numbers; impacting the overall reach & feedback of the project.

R6: Criticism from contemporary communities: TWTL pushes creative boundaries & explores new experimental terrain, this could be met with questioning & a lack of support for TWTL's innovative approaches.

R7: Project Coordination: with a national & international team, & large number of project partners, coordinating logistics for all the project elements may become complex and cause disruptions or delays in planning.

R8: Wellbeing: With multiple project elements, TWTL team may be stressed by the demands/workload; impacting productivity & morale.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

Mitigation 1: Digital Complications: TWTL's team engages industry professionals who are familiar with the potential technical risks & equipped engage tech rehearsals & equipment checks for the smooth running of the show.

M2: Online Course: The Women in Music programme is significantly subsidised, increasing accessibility for women to attend. Throughout the programme, participants will be supported & encouraged, increasing the retention of engagement to see women all the way through.

M3: Creator's Packs: A contingency budget has been factored to mitigate lower sales. The pack will be promoted & distributed via Triage partners, & at Huddersfield festival in conjunction with TWTL album release.

M4: Creative Disagreements: TWTL team will outline their project's feedback culture at the very start; outlining how to offer new ideas, critique, and how to navigate artistic disagreement if it arises. This will ensure effective communication & creative harmony among collaborators.

M5: Festival & partner outreach: TWTL will proactively engage with festival organisers to provide promo materials & assets. Additionally TWTL team will promote through their own networks to engage relevant audiences.

M6: Criticism from contemporary communities: TWTL will engage feedback at various stages of the project to consider how various elements are received by industry experts, peers & students. Continuing a dialogue with audiences will support the project in its development journey.

M7: Project Coordination: TWTL partners are experienced professionals, familiar with the creative industry landscape. TWTL will engage a robust plan to balance all project elements that will accompany the partner contracts, so expectations can be managed.

M8: Wellbeing: TWTL will implement breathing space to manage workload & promote a work-life balance among its team, inc. regular check-ins, support networks, & room for mental-health needs to be communicated if they arise.

Safeguarding

You acknowledge that safeguarding is important in all projects working with the public. You acknowledge that if your project is funded you must sign up to Terms and Conditions that require you to have appropriate policies and procedures in place – and to put them into effect where needed – to support the safe delivery of the project.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We use the information in this section to report how we have spent our funding from the National Lottery.

In this section, you must answer all the questions. If you prefer not to provide some of the information, you can tick the 'Prefer not to answer' box. We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

Data Protection and Freedom of Information

We are committed to being as open as possible. This includes being clear about how we assess and make decisions on Arts Council National Lottery Project Grants and how we will use your application form and other documents you give us. We are happy to provide you with copies of the information we hold about you.

We handle any personal data we receive in accordance with the United Kingdom General Data Protection Regulation, the UK Data Protection Act 2018 and other applicable laws that regulate the use and privacy of personal data (Data Protection Law). For more information about the personal data that we collect, what we use it for, and your data protection rights, please refer to our Privacy Notice.

As a public organisation we also have to follow the Freedom of Information Act 2000.

You must read the Freedom of Information (FOI) guidance on our website (<https://www.artscouncil.org.uk/freedom-information#section-6>) before you sign your application.

By signing this application form, you acknowledge the following:

1. That we will use this application form and the information you give to us, including any personal data as referred to in our Privacy Notice, for the following purposes:
 - a) To decide whether to give you a grant.
 - b) To provide copies to other individuals or organisations who are helping us assess and monitor grants, including local authorities, other lottery distributors and organisations that award grants. After we reach a decision, we may also tell them the outcome of your application and, if appropriate, why we did not offer you a grant.
 - c) To hold in our database and use for statistical purposes.
 - d) If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of the Department for Digital, Culture, Media and Sport (DCMS) and any partner organisations who have funded the activity with us.
 - e) If we offer you a grant, you will support our work to campaign for arts and culture, contributing (when asked) to important publicity activities during the period we provide funding for. You will also give us, when asked, case studies, images and audio-visual materials that we can use to celebrate artistic and cultural excellence.
 - f) As an organisation that gives out public funds, we may carry out checks on the personal and financial information you provide us. If you provide false, fraudulent or inaccurate information in your application or at any point in the lifetime of any funding agreement we enter into with you, we may share the information about you with other National Lottery distribution bodies and relevant external bodies to prevent fraud and money laundering. If we identify or suspect fraudulent activity we will report this to the police and take appropriate action.

I confirm that, as far as I know, the information in this application is true and correct.

X

I confirm that I am 18 years old or over (or will be at the time of accepting any grant offer made)
