

Introduction

National Lottery Project Grants

Arts Council National Lottery Project Grants is our funding programme for arts, museums and libraries projects. It is always open, so we can respond to people's good ideas.

Application form

In this application form we will ask you questions about:

- your project
- the people and communities who will experience your project
- your planning
- you or your organisation

When we read your answers we will think about how your project will help to make a difference to the creative and cultural lives of the people and communities in England. We will also think about how likely it is to achieve what you want it to.

The information you give us in this application form will help us decide which applications we will fund.

Remember

The first few screens are already completed with information you've provided in your applicant profile. If you need to make changes to these screens, go back to the 'Applicants' section and you can edit your applicant profile.

Throughout the application form, any questions marked with an asterisk (*) must be answered to allow you to submit the form.

The text boxes have a character limit which includes letters, numbers, symbols and spaces. Please stick to this character limit as any additional text won't be saved.

Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 20/09/2024

Project end date: 25/09/2025

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- Be as clear as you can about what you want to do using Project Grants funding
- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

Touki is a UK-French-Senegalese collab between multi-instrumentalists Amadou Diagne & Cory Seznec; producer Oscar Cainer, & guests. Touki now embarks on a rural UK tour, delivering performances & workshops: increasing accessibility to diverse cultural/musical traditions, developing & documenting methods for enhanced performance intimacy in atypical venues, & creating new location-inspired music for their next album based on local folklore, monuments & landmarks.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

UK-French-Senegalese musical collab; rural touring; atypical venues; creating location-based music

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

My project is about the public taking part

My project is about the public taking part in creative activity, either during the project or in the future.

- This means a project that gives the public the opportunity to take an active part in creative activity.
- An active part might be making, learning or contributing to creating something.
- The public includes anyone who isn't working professionally in the cultural sector, and covers all ages from early years to older people.
- Examples could be delivering workshops to the public, the public participating in an event or teaching the public..
- People might be trying something for the first time, or developing their skills and experience.
- It could be that you're developing workshop content that you'll deliver to the public in the future.
- This isn't about the public attending an event as an audience member or visitor to an exhibition.

This matches our Outcome 1: Creative People

My project is about making a difference to a place or community

My project is about making a difference to a place or community, either during the project or in the future.

Project: Touki's rural touring: UK-French-Senegalese musical collab delivers performances & workshops in atypical venues; increasing accessibility to diverse cultural/musical traditions, developing performance intimacy docs, & creating new location-inspired music

- This means working in a way that is focused on a specific place or community.
- Often working in a place will mean working with other partners in that place to shape and deliver a project.
- Projects could involve making, showing or performing work that responds to what a particular community is interested in.
- Examples could include a locally developed cultural festival, engaging the community in research and development for a new programme, work or event, or touring an exhibition with support from local partners.
- Projects might connect to or help to deliver existing local strategies or support local partnerships.
- It could also mean touring work into places where there is local demand. .

This matches our Outcome 2: Cultural Communities

My project is about developing professional creative or cultural practice

My project is about developing professional creative or cultural practice, either during the project or in the future.

X

- This means activity which makes a difference to an individual's, group's, or organisation's creative or cultural practice, or a difference to the wider cultural sector. Examples could be:
- Developing or showing new work or new ideas, including with partners from inside or outside the cultural sector
- Using new technologies to create or distribute work.
- Developing new skills to help those at the beginning of their careers or to help others sustain careers
- Bringing work, publications or collections from abroad to audiences in England.
- Developing international partnerships to do research or to create and present new work

This matches our Outcome 3: A Creative and Cultural Country

In more detail

**Give us a more detailed description of your project: what you want to do and why you want to do it
Up to 3000 characters**

This is a chance for you to tell us about your project in your own words

- What do you hope will be the result of your project?
 - What's the creative and/or cultural idea behind it?
 - Is there a difference you want to make by doing the project?
 - What steps will you take to achieve this?
-
- Be as clear as you can about what you want to do
 - You can write this in full paragraphs or in bullet points

Touki ("journey" in Wolof) is a UK-French-Senegalese collab between multi-instrumentalists Amadou Diagne (Bath-based, Senegalese griot) & Cory Seznec (Paris-based French-American); with producer Oscar Cainer, & guests. Bringing world-class culture to audiences in England, Touki's music blends kora, banjo, guitar, percussion, & multilingual vocals.

Touki now collaborates with rural/grassroots venues; increasing accessibility to diverse cultural/musical traditions in a rural UK tour:

- performing shows; developing new audiences, & bringing world-class culture/music to the UK
- delivering wkshps; introducing traditional folkloric instruments, & their historical/geographic origins; inc. work with Global Music Academy in Brent (Priority Place), Rb&hArts, Artsreach, SOAS Uni, The Library Presents, & schls
- working with refugees & asylum seekers via Celebrating Sanctuary, Birmingham
- collaborating with Krar Collective (Ethiopian); recording new music & in-studio video content
- creating new location-inspired music for Touki's next album
- dev & documenting methods for enhanced performance intimacy in small/atypical venues; village halls, hospitals etc.

For many years Touki has set up whole amp systems in small venues/village halls, & have found it to be counter-productive to the intimacy their music/performances are designed to conjure. Touki now dev ways to increase accessibility & intimacy planning for live music in rural locations & atypical venues:

- hiring a smaller sound-system/equipment; gaining greater control over sound quality & bringing the band to the same level of the audience
- cultivating other intimacy practices; factoring the overall sensory experience, with incense, candles, lighting etc.
- developing a 'Performance Intimacy Planning' (PIP) doc, capturing the many finer details of acoustic performance intimacy; to be distributed via project venues & industry peers; elevating the acoustic music performance ecology.

Throughout their tour, Touki will:

- dev place based improv music; creating new album material inspired by local folklore, monuments & landmarks; naming their songs after the places they were created
- share documentation of their tour & new music in a 'Touki Touring' web-trail; supporting cultural interconnectivity & awareness between UK rural arts spaces/communities, with written updates, audio recordings & videos.

Touki will collab with Krar Collective, an Ethiopian band based in London, (lead by Temesgen Zeleke; former pupil of Ethiopian icon Mulatu Astatke); merging Touki's sound with traditional Ethiopian instruments (Krar, Kebero drums, & Ethiopian vocals.)

Longitudinally, Touki spearheads a new form of ecological diversification; dev new/rural audiences for the sustenance & elevation of their own established music careers, & evolving the performance sector through intimacy planning; raising the quality of live music in atypical venues, & increasing accessibility to world-class folkloric fusion.

world-class folkloric fusion.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

Amadou & Cory met by chance, busking on the streets of Bath in 2007. Despite living in different countries, they were called to collab, blending their many musical influences; Amadou's heritage as a Senegalese griot, and the influences of the UK's global music scene, & Cory's roots in American song, with Malian/Kenyan/Ethiopian musical influence.

Each have forged formidable careers independently, & together have:

- recorded & released a debut album, 'Right of Passage' at Real World Studios (2020)
- released 'Yirmane' single (2023)
- released 'Plastic Man' album (2024)
- explored proof of concept models for touring atypical venues
- developed workshops; exposing audiences to folkloric & fusion instruments & music-making methods.

Touki previously received ACE funding for music recording & touring (2022/23). This project now leverages previous impact:

- deepening connection with communities/audiences by developing new bespoke material based on local cultural assets, signifiers & histories
- developing a PIP doc; formally capturing immersive staging techniques for higher-quality performance experiences in atypical/rural venues
- developing new partnerships & audiences; working with new demographics in workshop & performance settings
- working with Krar Collective
- fine-tuning their set for larger & more energetic audiences; identifying the repertoire best suited for festival/higher capacity established music venues too.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

Touki's touring will diversify audiences, & expose rural UK communities to international folkloric instruments & music; overcoming geographic & socio-economic barriers to participation, & combatting trope-filled associations to non-Western sounds.

Touki will develop a comprehensive artistic policy, & evaluation framework, & regularly capture/reflect on performance metrics, wkshp attendance & social media engagement to measure progress towards goals, inc:

- audience/participant numbers at each performance/workshop (factoring venue cap.)
- intimacy levels at each small venue & subsequent factors; contributing to the PIP doc dev
- # new social media followers after each performance
- # visitors to the Touki Tour webpage; sharing local insights about each place, & footage of new improv music developed
- F2F & written feedback from audiences, & organisers/venues
- venue retainment & referral; how many partners sign for another future gig or pass on recommendations, & bookings generated as a result of in person shows/wkshps/outreach strategies (& # priority place bookings)
- PIP doc & pitch deck distribution & reach

It is common for village halls & arts org spaces to have kitchens. As an innovative way to reach new & existing small audiences, Touki will leave Touki Tea Towels in rural venues, with a Touki QR code on them. The team will track engagement via QR code link to analyse the effectiveness of this ecologically-aware alternative to disposable posters/flyers.

Reaching people

You've told us who will get to experience your project and how they will experience it.

What steps are you taking to make sure your project reaches these people?

Up to 1500 characters

- What steps will you take to make sure people are aware of your project?
- If relevant, what marketing activities are planned?

Touki tours an array of venues, each with their own established audiences & effective outreach strategies. Touki works in collab with each venue in a mindful & relevant way, factoring that:

- smaller towns/communities rely more heavily on word-of-mouth & local info networks
- larger venues utilise mailing lists & social media promo
- schools, unis, hospitals & refugee orgs will triage with their student bodies & in-house networks; supporting the safeguarding process.

Touki works with Arts Reach (rural touring org) to book shows in communities where Touki's style of diasporic/folkloric fusion isn't typically found; arranging shows, & wkshps in local schools & UK priority places, & culturally diversifying the UK's white-dominant areas.

Yorkshire-based music agent, Rich, has taken over as the band's representative; securing concerts for 2024 onwards.

Cornwall-based media manager, Kirstie, helps Touki develop its reach through an active tour campaign, using: social media, print, online media, radio, & television formats to dev new audiences: promoting live events & the 'Touki Touring' web page for international connectivity.

The PIP doc will be distributed to all project partners/venues; directly supporting grassroots venues to elevate the quality of rural/atypical performance; created/distributed knowing the threat that grassroots venues face; a love letter to the smaller music spaces that are vital for the UK's wider music ecology.

Where

Where is your project happening?

We want to know the places that your project will happen.

This table explains the options for telling us where your project is happening, including if it's not happening anywhere specific.

Please select as many options as are relevant.

Select	Location options	Description
X	My project includes an activity happening in one physical place	A creative or cultural activity or event where the people viewing, taking part or working on the activity are physically present. This could be a one-off activity or event or something that happens more than once in the same place. For example a performance, a place you're using to create new work, a research and development space, an exhibition, workshops.
X	My project includes the same or similar work happening in several physical places	A creative or cultural work or event happening in more than one location. This can be either at the same time or one after another. For example Touring a piece of work or an exhibition, or a workshop series. This is where the people viewing or taking part are physically present.
	My project includes streaming or broadcasting	A creative or cultural work or event that is being live streamed on a website or broadcast on tv or radio for example. There may be people physically present at the event, but there are also people viewing or taking part who are not physically present.
X	My project includes a digital experience	A creative or cultural product that is designed to be experienced through a digital platform or hardware. For example cultural learning through gaming, an immersive experience through virtual reality or a phone app.
	My project includes things that aren't happening anywhere specific	For example your project might focus on developing your organisation, you might be creating something new which you'll share with the public after the project end date, you might be doing some research to inform future public-facing work

Location

Here you can build a list of where your project is happening.

The location(s) you add to this list need to match what you've selected on the Where table on the previous screen.

You can select the same option or different options as many times as you want until you have a list of the places that your project will happen.

Using the tool below, please enter the location(s) where activity is happening. To add a location, click the 'Add new item' icon on the left of the screen. To add more than one location, use the 'Save and Add another' button.

If your project is not happening in a specific place, select 'Project includes things that aren't happening anywhere specific' on the Where screen and delete any locations you have added to this list.

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

Grassroots venues (& therefore the wider music ecology) are currently under threat, & home to some of the most underserved audiences & artists in music. Touki's touring supports marginalised & under-resourced communities by:

- intentionally engaging rural/priority place communities; dev long-term relationships with hyperlocal audiences who are typically ostracised from live music due to geographical & socio-economic conditions
- actively holding a high standard for audiences' experience in atypical venues; developing team protocols & practice to deliver reliable, environmental excellence
- delivering relaxed/daytime performances; increasing accessibility for parents & neuro-diverse individuals who require a more gentle performance setting
- making technical/equipment decisions; ensuring sound & lighting quality control
- developing a PIP doc; formally capturing & distributing Touki's learning to uplevel the wider grassroots ecology; supporting other bands/artists to deliver powerful performances in spaces that would typically be rendered as inferior by elitist/commercial mindsets.

Touki's performances & wkshps introduce participants to the rich musical & social narratives embedded in folkloric instruments; overcoming accessibility barriers to world-class live music, combatting racist & elitist tropes embedded in UK music, & diversifying tastes. Wkshp participants will be hyperlocal to the venues, & receive reduced tickets to Touki performances.

Engagement opps are tailored to a diverse range of cohorts inc:

- primary schl CYP; widening & improving schl activities
- uni students; via SOAS
- refugees & asylum-seeker communities; (Celebrating Sanctuary) cultivating connectivity by teaching about instruments & playing music/singing together
- hospital patients & staff; (Rb&hArts) at Royal Brompton & Harefield Hospitals; elevating the environmental quality of performances in "clinical" spaces.

Prior to performances/wkshps, Touki will send a multi-entry-point digital resource (embedded on the Touki Touring webpage); foregrounding & contextualising their music with educational facts & stories. Touki leverages this content; embedding 15-30mins Q&A sessions into many of their live performances.

Despite being griot (born in Senegal, into a lineage of percussionists & praise singers), he was prohibited from studying kora in Senegal as he didn't descend from a lineage of kora players. His signature kora sound is a bold declarations of self-authorship; despite being systemically marginalised in Senegal & UK.

Touki creates new location-inspired music, connecting to the landmarks, histories & people of the places/communities they visit; fostering meaningful exchanges, & forging deeper connections at shows & wkshps. The Touki Touring webpage will share place-based new music material, & educational content; supporting the interconnectivity of small communities across the UK; through world-class, folkloric-fusion wkshps & performances.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 20/09/2024

Project End Date: 25/09/2025

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

Project: Touki's rural touring: UK-French-Senegalese musical collab delivers performances & workshops in atypical venues; increasing accessibility to diverse cultural/musical traditions, developing performance intimacy docs, & creating new location-inspired music

Touki will be accompanied by French violinist, cellist & percussionist, Marius, who regularly tours with them; providing a texture, grooves & extra dynamic range that elevates the Touki experience.

Touki will collab with London based Ethiopian traditional music group, Krar Collective; recording songs & video content as legacy assets that diversify Touki's sound & reach. These will be released online for public streaming; with the intention of further collab opps longitudinally.

Touki's engaging workshops introduce West African music, East African guitar playing, American banjo styles & the concept of creating new, hybrid music.

Triage partners support their workshop outreach, inc:

- Global Music Academy (GMA); who organise music workshops, create teaching resources & produce projects in UK schls

- Celebrating Sanctuary, Birmingham; a diverse music & arts org, supporting, developing & celebrating refugee & migrant artists

- Artsreach; a rural touring org based in Dorset. Touki has already worked with them to great success & nor return for concerts & schl wkshps in rural communities

- Rb&hArts; the arts wing of the Royal Brompton Harefield Hospital charity that brings artists to perform for patients in their rooms, personel in the wards, & to the general hospital public in cafes during lunch time

- The Library Presents; created in partnership with Babylon ARTS, they deliver vibrant & inclusive arts programmes in accessible venues.

Name: Amadou Diagne

Main contact (if organisation):

Email address: toukiamadoucory@gmail.com

Role in project: Lead musician, co-founder, composer: Born into a griot family of percussionists and praise singers in Dakar, Amadou has forged his own identity as a songwriter and multi-instrumentalist. A self-taught kora player and guitarist, he has developed a unique and intricate style to accompany his powerful, rich, high-pitched voice, drawing on his skills as a percussionist. His music has been featured in Songlines, BBC 3 Late Junction and fRoots.

Confirmed or expected: Confirmed

Partners details

Name: Cory Seznec

Main contact (if organisation):

Email address: toukiamadoucory@gmail.com

Role in project: Lead musician, co-founder, and composer: Cory's unique guitar-playing is syncopated and cross-pollinated. He also plays banjo and wades in the deep river of American song. Busking with Malians in Paris led him to Songhai songsters in Timbuktu and omutibo guitarists in Kenya. Feverish touring with roots trio Groanbox gave him his sea legs. A 3-year stint in Ethiopia cracked everything open. He traces the through-line across musical cultures and his songs let the past reverberate in the present.

Email address: oscarbcainer@mac.com

Role in project: London-based production manager, Oscar, plays a key role in Touki's sound and visual aesthetic, as well as a pivotal logistical role in the band's activities. Oscar's ability to "wear several hats" has been instrumental in the growth of the band. As producer and artistic director, he has helped define the band's sound. As tour manager, he is able to drive and sell Touki's merchandise at shows. As manager, he assists with much of the administrative work required in running the band's activities.

Confirmed or expected: Confirmed

Partners details

Name: Marius Pibarot

Main contact (if organisation):

Email address: marius.pibarot@gmail.com

Role in project: A French violinist and cellist, Marius tours regularly with Touki, providing the texture, grooves, and extra dynamic range the band needs. Marius has become a key member due to his ability to play several instruments (cello, violin, percussion) and sing. This versatility allows the band to sculpt their set musically and aesthetically. His boundless energy on stage elevates performances to a new level, and his prowess as a musician adds beautiful texture and dynamic range.

NLPG-00743562-V2

Role in project: London-based Ethiopian traditional musical group, Krar Collective, is a future collaborator with Touki. Touki are very excited at the possibility of working with Temesgen and his group. Touki's music features songs that are highly influenced by Cory's time in Ethiopia, and it only seems natural to bring this out in the form of a collaboration with members of the Ethiopian community in London. The hope is that this encounter will lead to future collaborations with Krar Collective.

Budget: How much are you applying to us for?

We need to know how much money you are applying to us for.

We'll ask you to tell us how much money you'll have to spend on the project (the income) and what you will spend it on (the expenditure). We'll also ask you to think about any challenges for your project and explain how you will respond to these.

Whilst we understand that budgets can change over the life of a project, this information allows us to see how you've planned your budget and how realistic it is that your project will deliver what you want it to.

Please read the Budget section of our Guidance for Applicants for help on completing your budget.

Please tell us the total amount you are applying to us for, including any personal access costs (£): £29,900

How much of this request is for your/your collaborators' personal access costs (£)? £0

What do we mean by 'Personal access costs'?

*If you, or any of the core team of people you are delivering the project with, experience barriers because you identify as:

- D/deaf or disabled
- neurodivergent
- experience learning difficulties
- having a mental health condition
- having a long term health condition

there may be extra costs relating to your access needs. These would be to:

- help you deliver the project; or
- for the online management of your grant.
- Some examples are: a BSL interpreter, a notetaker, or specialist tutor for admin support, or counselling costs.

Costs can only be for the project period (between your project start date and end date).

Costs for caring responsibilities or costs for making your activity accessible to the people experiencing your project, including participants, can be included as part of your project budget but should not be included as personal access costs.

Only include personal access costs that you will have if your application is successful. This does not include costs relating to preparing, planning and submitting your application.

You can find more about personal access costs, and more about how we can support you to submit an application, in our Access Support information sheet.

If your personal access costs take your request over £100,000 we will still treat your application as an application for £30,001 and over

Lottery funding

Do you, or does your organisation object to receiving National Lottery funding for religious, cultural or ethical reasons? No

Fair pay

We are committed to making sure creative and cultural practitioners and those who work in the creative and cultural sector are paid fairly.

Please read the Fair pay section in our Project Grants guidance library for more information.

Have you used a recognised industry standard to work out how to pay creative and cultural practitioners and any other sector professionals involved in your project (including you)? Yes

What industry standard did you use?
Up to 600 characters

Toukis' rates consider Artists Union England/Musician's Union for professional standards for arts administration, workshop delivery & performances. Rates are agreed in advance with each external provider or creative practitioner.

How many people working with you to deliver your project will be employed on a freelance basis? 14

Statutory responsibilities

Tick the option that feels relevant: If there are people being paid or people volunteering as part of your project, you confirm you are aware of your responsibilities

The latest government guidance on employing people is here.

Budget - Income

Income table

Please complete the income table below with all your cash income, as well as any support in kind you will receive.
By support in kind we mean goods or services that you would otherwise have to pay for, but are being provided for free.

Remember:

- Your budget must balance. This means your total income needs to be the same amount as your total expenditure.
- Only include income that relates specifically to this project.
- Do not include personal access costs in the income table. These are automatically included in the total amount you are requesting from us.
- For any earned income you should include how these amounts have been calculated in the description field, for example:
Ticket sales (7 dates @ 60% of 100 capacity x £8 ticket price) £3,360

To add an income line

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

Risk 1: upon project conclusion, Touki will need to sustain the momentum & impact of this work; ensuring legacy assets & community connections established during the project continue to thrive will require ongoing effort.

R2: Touki risks facing artistic differences/ tech issues with Krar Collective for the creation & recording process.

R3: with extensive logistics involved in national touring, issues may occur with transport, accommodation, & scheduling.

R4: there is a risk of ineffectively safeguarding vulnerable communities (CYP, & refugees/asylum seekers) during workshops, or upset caused by cultural miscommunications.

R5: project partners may not implement the info embedded in PIP doc, minimising its intended impact.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

Risk 1: throughout the project, Touki's team will continue to monitor in accordance with longitudinal vision; to deliver more performances & workshops, & record another album from the place-based content recorded throughout this project.

R2: Touki already has a connection with Krar Collective, and there are enough musical & experiential similarities for both bands (touring the UK's Global Music ecology as world-class professionals). Cory spent several years living in Ethiopia, embedded into the musical culture & draws on this inspiration in much of his music.

R3: thorough planning is implemented for the duration of this project. Production manager Oscar will oversee the tour's smooth-running & communications, & in his absence will be substituted by Jake Reynolds (London-based sound engineer with an MA in Ethnomusicology.)

R4: Touki works with triage partners to ensure that safeguarding & cultural awareness are upheld. Both Amadou & Cory have extensive experience as facilitators, & performers, as well as personal immersion into cultural differences.

R5: Touki will sustain contact with project partners/communities & monitor the impact of their PIP doc over time. Touki will advocate for its value by actively embedding it into their own policies; considering it a 'living doc' that develops & reaches further with time.

Safeguarding

You acknowledge that safeguarding is important in all projects working with the public. You acknowledge that if your project is funded you must sign up to Terms and Conditions that require you to have appropriate policies and procedures in place – and to put them into effect where needed – to support the safe delivery of the project.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We use the information in this section to report how we have spent our funding from the National Lottery.

In this section, you must answer all the questions. If you prefer not to provide some of the information, you can tick the 'Prefer not to answer' box. We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.

Data Protection and Freedom of Information

We are committed to being as open as possible. This includes being clear about how we assess and make decisions on Arts Council National Lottery Project Grants and how we will use your application form and other documents you give us. We are happy to provide you with copies of the information we hold about you.

We handle any personal data we receive in accordance with the United Kingdom General Data Protection Regulation, the UK Data Protection Act 2018 and other applicable laws that regulate the use and privacy of personal data (Data Protection Law). For more information about the personal data that we collect, what we use it for, and your data protection rights, please refer to our Privacy Notice.

As a public organisation we also have to follow the Freedom of Information Act 2000.

You must read the Freedom of Information (FOI) guidance on our website (<https://www.artscouncil.org.uk/our-organisation/freedom-information#t-in-page-nav-6>) before you sign your application.

By signing this application form, you acknowledge the following:

1. That we will use this application form and the information you give to us, including any personal data as referred to in our Privacy Notice, for the following purposes:
 - a) To decide whether to give you a grant.
 - b) To provide copies to other individuals or organisations who are helping us assess and monitor grants, including local authorities, other lottery distributors and organisations that award grants. After we reach a decision, we may also tell them the outcome of your application and, if appropriate, why we did not offer you a grant.
 - c) To hold in our database and use for statistical purposes.
 - d) If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of the Department for Digital, Culture, Media and Sport (DCMS) and any partner organisations who have funded the activity with us.
 - e) If we offer you a grant, you will support our work to campaign for arts and culture, contributing (when asked) to important publicity activities during the period we provide funding for. You will also give us, when asked, case studies, images and audio-visual materials that we can use to celebrate artistic and cultural excellence.
 - f) As an organisation that gives out public funds, we may carry out checks on the personal and financial information you provide us. If you provide false, fraudulent or inaccurate information in your application or at any point in the lifetime of any funding agreement we enter into with you, we may share the information about you with other National Lottery distribution bodies and relevant external bodies to prevent fraud and money laundering. If we identify or suspect fraudulent activity we will report this to the police and take appropriate action.
