Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 29/08/2024

Project end date: 23/11/2024

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

Sefo Kanuteh presents his compositions in a series of 'Sefo & Meriya' (full band) & father+son performances; & a wider series of wkshps in Norwich, emerging from the unique Balafon traditions of the Gambia, West Africa.

Engaging:

- refugees in Norwich
- KS1 CYP at Recreation Road Schl
- neurodivergent CYP at REST

- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

West African Music / Folkloric Music / F2F / Live performance / Outreach

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

My project is about the public taking part

My project is about the public taking part in creative activity, either during the project or in the future.

☐

This matches our Outcome 1: Creative People

My project is about making a difference to a place or community

My project is about making a difference to a place or community, either during the project or in the future.

Sefo Kanuteh's West African outreach & performance series is a 360 cultural project rooted in the rich musical traditions of his heritage, combining the kora & balafon instruments passed down through generations. His deep connection to these instruments honours his ancestors & brings their healing & unifying power to diverse communities, connecting people & places, incl. diaspora communities, celebrating & preserving the rich cultural heritage of West Africa.

His project, Sefo Kanuteh & Meriya Band (meaning 'thought' in Mandinka), integrates Gambian traditions with the unique musical heritage of each band member, crafting an edifying multicultural experience as they perform nationally to build visibility for the music, at:

- The Trades Club , W Yorkshire
- Jam Jar, Bristol, + balafon wkshp

And in line with Griot inherited/lineage culture, Sefo further presents "Father & Son," a duet with his son, Julla Kanuteh, at the Symphony Hall in Birmingham.

Living in Norwich, Sefo is dedicated to developing cultural capital & social cohesion thru outreach sessions with 3 gps via wkly sessions:

- KS1 CYP Children at Recreation Road School. One of Norwich's most diverse schools, where students come from 20+ nations, he will conduct sessions with 4 classes, using the balafon's universal language to foster inclusivity & cultural appreciation via skills building using the unique polyrhythmic modalities of the west African idiom
- partnering with New Routes Integration, Sefo will host sessions with refugee families; building collective dynamics, musical cohesion & breaking language barriers via the accessibility of the balafon
- CYP with mental health issues at REST Norwich receive a multi point entry offer, using non-verbal, rhythmic & melodic teaching.

The project will culminate in "Sefo Kanuteh's West African Community Symposium", a vibrant celebration with:

- local craft stalls, promoting West African small businesses
- professional performances by Sefo & Meriya Band, Father & Son duo, & DJ Michael Gyapong, showcasing diverse music styles centred around the balafon
- debut showcase from participants of the outreach sessions, highlighting their progress & newfound skills
- a wkshp open to the general audience, offering an immersive experience with the balafon
- a celebration of the ancestral tradition of communal gatherings, using the balafon as a unifying thread that transcends societal boundaries

Sefo Kanuteh's project will improve access to cultural opportunities, respond to community needs, & foster cultural engagement. By working collaboratively with venues, local communities & building place-based partnerships, the project supports & involves people in high-quality cultural activities, enhances creative education for CYP, improves health & wellbeing, & strengthens the cultural sector's skills & economic impact.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?

- You can write this in full paragraphs or in bullet points

Sefo Kanuteh has been driven by a deep commitment to his cultural heritage & a desire to share it with the world. Making his instruments by hand & traveling internationally to introduce his culture, he has always believed in the importance of coming together, supporting each other, & slowing down in a fast-paced, often isolated world.

Beyond his musical career, Sefo works as a mental health worker, a role that has shaped his passion for helping people through tough times & supporting the lonely. This dual dedication to music & mental health informs the inclusivity & peace that his performances bring.

Sefo's extensive experience with Mande music, which he has researched, performed, & taught, has allowed him to understand & explore the origins and modern interpretations of its complex polyrhythms & stories.

Having successfully delivered 3 ACE-funded projects, Sefo has demonstrated his ability to teach, record, & perform effectively. Most recently, through his DYCP, he developed a simple studio, enabling him to record, experiment, & retain agency as a musician of color in a diasporic setting.

This project represents a significant opportunity for Sefo to build on his success and articulate his cultural story with greater independence, to fulfil his commitment to performing at respected experimental venues while investing in communities that lack cultural opportunities, thereby creating a lasting social & cultural impact.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?

- You can write this in full paragraphs or in bullet points

The project's aims are clearly defined:

- achieve & disseminate more work & model a disruptive approach to West African music (inclusive/professional = communitiy)
- platform global majority musicians to achieve more pedagogical & performance opps
- employ a range of West African creatives
- support local orgs & deliver 9 wkshps to 120 CYP, & 6 wkshps for disadvantaged families & CYP.

Sefo Kanuteh, in collab. with Tom Lorenzo, will establish an artistic policy & inclusion process, using both qualitative & quantitative objectives, to measure:

- # new audiences via PR partner Gandaia Arts
- # bookings generated through EPK & pitch deck strategies.

Co-developing & measuring KPIs & outcomes re: GLOs & GSOs for CYP will capture:

- performance metrics, & workshop attendance; ambition> 90% attendance rate
- impact of music as a tool for emotional expression & stress relief
- increased confidence in creative process & performing.

Sustained impact & longitudinal change in visibility & opps for under-served artists, measured by:

- Vox pops & QR codes re: professional performances & showcases
- qualitative feedback loops via surveys, focus grp, & informal discussions with participants & stakeholders.

Sefo & Tom will engage in a reflection & evaluation process, this approach ensures the project's impact, & plans for future endeavours are gauged effectively.

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

Sefo Kanuteh, an independent musician, faces exclusion due to elitist networks & white gatekeepers in the music scene, who hold a narrow view of West African music & its programming. Regularly advocating for himself & his communities in venues with minimal racial diversity in programming, staffing, & executive bodies, he exemplifies inclusion & diversity by bringing together a culturally & ethnically diverse band, highlighting the importance of Global Majority representation as they perform in 3 venues across England.

Inclusion:

- partner with 3 organisations in Norwich, REST Norwich, New Routes Integration, & Rec. Road School to deliver bespoke wkshps to underserved & multicultural communities, especially CYP, & refugee families.

Financial accessibility:

- provide 3 wkly free balafon workshops, eliminating financial barriers to participation
- wkshps crafted for students with no prior music knowledge or skills, to ensure that all creative ideas are welcome & participants feels valued
- a resource pack features multiple entry points, hyperlinks, & references to Gambian geography, culture, & Sefo's musical journey, enhancing accessibility.

New demographics:

- local orgs to engage with disadvantaged yng audiences, inclusive for those who might not typically have access to such opps

- insights from Sefo's R&D on experimental processes in West African music via improvisation are incorporated into the project.

Accessibility:

- all performance & outreach venues comply with accessibility standards to accommodate all audience members & participants.
- digital resource packs developed for KS1, KS2 & KS3 are available in both regular & augmented formats.

Partners:

- collab. with local orgs helps identify & engage target youth populations effectively
- working with community centres & schools, Sefo delivers General learning outcomes & General skills outcomes for YP throughout the project lifecycle & beyond.

- data & feedback are used to continuously refine & adapt the project.
- workshops & performances include Q&A sessions, fostering contemporary dialogue & engagement with CYP & families.

Through these comprehensive steps, Sefo Kanuteh's project ensures inclusivity & relevance, making a meaningful impact on the communities it serves.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 29/08/2024

Project End Date: 23/11/2024

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Managing your project

What experience do you have of managing a project? I have managed projects like this before

Who will be working with you to deliver your project

For example this might be:

- A team of people (tell us who they are, and about their role and skills:...)
- A particular artist, practitioner or group (tell us: ...)
- A particular specialist(s) (tell us: ...)
- Other organisation(s) as collaborators, coproducers etc (tell us...)
- Other organisation(s) helping you to manage the project (tell us...)

How will they help you to deliver your project?

Up to 1500 characters

- What skills will they bring?
- If some people's involvement isn't confirmed yet, do you know what you'll do if they can't be involved?

Sefo Kanuteh, a virtuosic Kora & Balafon player from The Gambia, will serve as the lead musician, teacher & project manager. Renowned for his soulful performances he actively engages audiences through workshops. His son, Julla Korafola Kanuteh, a talented Kora musician, continues the legacy of his distinguished griot family, ensuring the rich traditions of Kora and Balafon music are passed on. Together, they represent a unique father-son duo from the renowned Griot music tree, bringing invaluable skills & heritage to the project.

The project will also feature Ansumana Suso, a musician & griot who bridges African tradition with modern times. Additionally, Kib Douglas Misapi, a seasoned bass player & producer known for his contributions to African music education, will provide expertise in production & promotion. Local partners such as Gandaia Arts will manage social media & project promotion, while Mariana Pinho will assist with final event production. Radio producer Tom Lorenzo will produce the project & promote the event through engaging interview on Future Radio, ensuring broad community engagement. Collaborating venues like Recreation Road Infant School, New Routes Integration, & REST Norwich will host workshops, fostering community participation & safeguarding support.

Expenditure questions

What experience do you have of managing a project budget of this size? I have managed a project budget of this size or larger before

How have you worked out the costs for paying people included in your budget?

Up to 1500 characters

The costs for paying individuals involved in our project have been calculated using recognised industry standards to ensure fair & competitive compensation through daily rate related to the services provided. The costume designer's fee is set at £150 per day for 6 days, totalling £900. For the artists' fees, accounted for various performances & workshops: at the Jam Jar in Bristol, Sefo Kanuteh & Miriya (4 artists) are compensated at £300 each, totalling £1,200. At Symphony Hall in Birmingham, Father and Son (2 artists) receive £300 each, amounting to £600. The Trades Club gig fee for Sefo Kanuteh & Miriya (4 artists) is also set at £300 each, totalling £1,200.

For the Norwich outreach sessions with both Recreation Road Infant School & New Routes Integration, the weekly sessions for 3 weeks with 2 artists per session are quoted at £250 each, totalling £1,500 per set of sessions. Similarly, REST Norwich sessions run weekly for 3 weeks with 1 artist per session at £300 each, amounting to £900. The event production assistant is budgeted at £200 per day for one day & the final event includes performance fees for Father and Son (2 artists at £250 each), totalling £500, & musicians in Sefo's band (3 artists at £200 each), totalling £600. Additionally, DJ Michael's fee for the DJ set and sound engineering is £250.

The rates reflects the project's financial sustainability while maintaining high professional standards.

How have you worked out the other artistic or creative costs included in your budget?

Up to 1500 characters

Costume materials are budgeted at £280, & the hire of 15 Balafons for the sessions is set at £200 per instrument, totalling £3,000. Band rehearsals studio hire is calculated for 3 sessions, totalling £135. Transport costs for gigs are based on distance & fuel requirements: £150 for Jam Jar, £100 for Symphony Hall, & £50 for The Trades Club.

For Norwich, transport for artists & equipment for New Routes Integration weekly sessions (2 artists at £30 per session) totals £90, & per diem for participants is £8 per person for 20 people over 3 sessions, totalling £480. Additionally, New Routes Integration weekly sessions themselves are budgeted at £60 per session for 3 sessions, totalling £180. Transport for REST Norwich weekly sessions (artists/equipment) is budgeted at £50 per session for 3 sessions, totalling £150, with refreshments for these sessions at £30 per session, totalling £90.

The final event costs include hall hire at £300 & sound system hire at £500. Transport for REST Norwich involves 2 minibuses at £200 each for a return trip, totalling £400. Transport for 25 New Routes participants totals £200. Refreshments for the event are budgeted for 50 participants from New Routes, REST Norwich, & Rec Road School, totalling £250, & for 7 artists, totalling £70. Finally, decor hire for the final event is estimated at £300 based on a quote.

These carefully calculated costs ensure all creative aspects of the project are well-supported & adequately funded.

How have you worked out the costs of marketing and developing audiences included in your budget?

Up to 1500 characters

The costs have been calculated based on industry standards & specific quotes, to ensure a thorough & effective promotional campaign. The graphic designer's fee for branding & the social media campaign is budgeted at £800. Video recording for two gigs (Jam Jar & Final Event) is set at £400 per event, totaling £800, with video editing for three final reels at £100 each, totaling £300. Additionally, video editing for a 5-minute video is budgeted at £400.

The photographer's fee for two gigs (Jam Jar & Final Event) is £350 per event, totalling £700, & a promotional photography session is also budgeted at £350. The social media assistant is allocated 12 weeks at 8 hours per week at £13 per hour, totalling £1,248. Printed materials include 100 A4 posters at 40p each, totaling £40, and 1000 A6 fliers at £120. A roll-up banner is included based on a quote of £62.

Flier distribution costs are calculated for 2 half-days at £140 per day, totaling £140. An advert in the Norwich Evening News is budgeted based on a quote of £85. These costs ensure a robust & comprehensive approach to audience development & engagement.

How have you worked out the costs of expenditure listed as 'other' in your budget?

Up to 1500 characters

The contingency cost of £1,405 has been calculated to ensure financial flexibility & stability for the project. This amount provides a buffer to cover any unforeseen expenses or variances in estimated costs, essential for managing unexpected challenges, such as last-minute changes, increases in material costs, or additional marketing needs. By including this contingency, the project maintains its financial resilience, to ensure all planned activities can proceed smoothly & any unexpected issues can be addressed promptly without compromising the project's success or quality.

How much of your total project budget is being spent on International costs (such as visas, carnets, freight, travel, accommodation, per diems)? £0

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

We use the information in this section to report how we have spent our funding from the National Lottery.

In this section, you must answer all the questions. If you prefer not to provide some of the information, you can tick the 'Prefer not to answer' box. We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.
