Your project

What do we mean by 'project'? For us, a project is something that has:

- A start and end date
- Clear things you want to achieve in that time
- Ways for people to experience or take part in creativity or culture (either as part of the project or in the future)

This section of the application form helps us to understand what you want to do.

It allows you to think about how your project could help to bring creativity and culture to people in England.

When is your project going to happen?

Tell us the start and end dates for your project.

Remember:

- To allow enough time to deliver all the stages of your project
- The dates you give us here should cover the whole project period you're applying for
- We need eight weeks to process applications for £30,000 and under, your start date must be more than eight weeks from the date you submit your application
- To allow enough time for us to make a payment before your start date, if your application is funded

Project start date: 20/05/2024

Project end date: 25/02/2025

Responding to any Time limited priorities

Your project is responding to the following Time limited priority:

Selected priority: - Not applying against any Time Limited Priority -

At a glance

In your own words, give a short, clear overview of your project:

Up to 500 characters

- Be as clear as you can about what you want to do using Project Grants funding
- It's better if this is written as a full paragraph
- It will be available to the public on our website if your application is funded.

If you had to explain the focus of your project to someone, what single words or short phrase would you use?

Up to 100 characters

- You can be as broad or as specific as you like; it's your project
- You might think about this as your project's 'key words' or 'tags'
- Use a maximum of 5 key words or short phrases
- We won't use this response when deciding which applications to fund. It's so we can learn from how you see your project.
- Examples could be: singing; photography; digital work in libraries; South Asian dance; participatory arts; children's theatre; interactive gaming; dynamic collections work; changing business models; environmental theme; writing with older people; etc

Turkish Speaking Diaspora; Theatre & Music Festival; Priority Place Enfield

Our Strategy, Let's Create

Let's Create explains how we want our funding to make a difference. It includes three Outcomes. These Outcomes are what we want to achieve through the projects we fund, so together we can make a difference.

You don't need to read our Strategy to make an application for £30,000 and under.

Telling us what your project focuses on helps us to decide which of the Outcomes your project will make a difference towards.

What does your project mainly focus on?

- this gives us a good sense of how you see your project
- you need to select only one option
- your project may include activity to do with more than one option; we want to know where you feel the main focus is
- the descriptions below are a guide to help you decide
- don't worry if you're not sure – we'll check we agree with the option you've selected when we look at your application

Turkish art represents its geographical origins; drawing on the multiple historical & cultural influences that exist at the creative intersection of Ottoman, Byzantine, Greek, & Roman Empires. Turkish music & theatre is rich with storytelling techniques, mythologies, & music that preserve Turkish folklore, even when transposed into popular culture.

London Turkish Speakers Theatre Festival (LTSTF) delivers its 5th iteration, welcoming Turkish-speaking communities to engage in 5 days of live music, theatre performances, stand-up comedy, workshops, & talks. LTSTF is sited in Enfield (ACE priority place), Edmonton & Stoke Newington, home to the largest Turkish diaspora populations in the UK, with an est. population of 350k. LTSTF offers a demographically-relevant programme, delivered entirely in the Turkish language.

English shownotes & subtitles also enable non-Turkish speakers to be involved, an integrative approach to inc. non-Turkish-speaking RGT communities, which dispels tropes & overcomes cultural boundaries to participation. Thus, the festival improves the creative education/integration of underserved communities & diversifies audiences for the Millfield, Tower & The Pheasantry host theatres.

LTSTF will deliver:

- An opening gala with shows from the iconic Turkish singer Jehan Barbur, pianist James Baysal, & comedian Onur Timur; exposing the Turkish diaspora to their own rich cultural creativity through both international & local acts, & reflecting their own creative & cultural relevance back to them
- 6 professional theatre & comedy shows (inc. MMT Productions, 5m IG followers, & DasDas Theatre 2m IG followers); platforming both British & Turkish classics, broadening creative & cultural associations to theatre, & uplifting the value of Turkish creative excellence in the UK
- 6 free one-off introductory arts workshops with VY Academy; some tailored to CYP & others for adults, to gain taster/intro skills in acting, script writing, musical play, & guidance on arts-based careers; ensuring creative engagement within a diasporic setting, & overcoming financial barriers to participation
- a theatre & art wkshp for 6th Form students at Edmonton Secondary; increasing local CYP's awareness of the festival & associated activities
- a community conversation & Q&A with Metin Akpinar; for festival goers to be inspired by stories of Metkin's 60 years as one of Turkey's most celebrated actors/comedians; inspiring them to pursue their creative endeavors with increased confidence.

LTSTF provides the UK's Turkish-speaking diaspora with creative & cultural representation, raised social / cultural capital, & reinforced international connectivity. The festival supports its participants to integrate into British society with greater ease & connectivity, & ensures continued cultural exchange between Turkey & the UK.

What's led you or your organisation to do this project now?

Up to 1500 characters

- What ideas or experiences have led you or your organisation to this point?
- Is this project helping you or your organisation learn or try new things?
- If you've done something similar before, how is this different?
- You can write this in full paragraphs or in bullet points

Produced by a British-based Turkish team, LTSTF has delivered 4 successful festivals (3 ACE funded) to date. With majority sold-out shows, & standing ovations, they have platformed some of Turkey's biggest artists. LTSTF has a demonstrable effect on the cultural reach of the UK's Turkish-speaking diaspora, & has developed sustainable international connections between Turkey & the UK by 'importing' creative titans of the Turkish industry, (including: Demet Evgar (1.6M), Nurgül Yeilçay (3.7M), Afra Saraçolu (8.9M)); the impact of the festival on career sitelines & local ambition is further amplified through London Emek Theatre, who in partnership with LTSTF deliver CYP community workshops throughout the year, informed by the creative muse of the festival line up.

Wkshp attendees report their attendance is a direct response of LTSTF's festival programme. CYP who attend the wkshps typically live in complex socio-economic living conditions, with high rates of violence & crime. Their participation in theatre has a significant impact on them personally, (evaluated through both LTSTF & partner org eval). In this 5th iteration, LTSTF will continue to employ & train individuals in creative technical skills, prev. leading to full-time work at Millfield Theatre.

A continued focus on (local) performers at the festival will support KPI's re: booking their artists for other local & national line-ups, sustaining Turkish-diaspora careers in the creative sectors.

How will you know if you've achieved what you set out to do?

Up to 1500 characters

- Are there opportunities for learning and reflection during your project?
- How will you know what difference the project has made?
- What steps will you take to understand what people thought of the project?
- You can write this in full paragraphs or in bullet points

LTSTF partners with key community orgs, theatres, Sasolo & local artists to form a Culture & Community board to create an artist policy & festival review framework; to evaluate workshops & performances in relation to tailored KPIs, & gather quantitative statistic inc:

- attendance metrics; measuring participation across venues & line-ups to support curation of future events

- # of participants that are not Turkish speaking, & benefit from inclusion measures; English show notes & subtitles

- # of participants that are returning, having attended a previous festival.

A QR code feedback from will be displayed at every event. Feedback will capture:

- participants' overall experience & demographics

- how they found the show, & suggestions for improvement

- line-up suggestions; ensuring community voices are factored into the future festival curation.

Contacts will be collected & used to stay in communication with the community, developing relationships throughout the year & expanding the festival's extra-curricular reach. Via select long-term case studies, LTSTF will examine the connection between festival participation, & social & creative integration; to review & develop the longitudinal impact that the festival has on its community throughout the year.

Regular check ins & event evaluation will be conducted by a team who understand the cultural ecology of the festival, to minimize cultural miscommunications for international artists & migrant workshop participants.

Inclusivity and Relevance

What steps are you taking to make your project inclusive and relevant?

Up to 3000 characters

Inclusivity

- How will you make sure the communities you want to reach are able to access your project, and feel included and welcomed?
- What things might stop people experiencing or accessing your project, and how will you address them?

Relevance

- How have you involved the people you want to reach in the design and planning of your project?
- What information or data do you have on the place or community your project involves? How have you used this to shape your project?

The Institute of Race Relations states there is a lack of effective monitoring systems & statistics available regarding the Turkish-diaspora. With more emphasis on support for minority groups that are statistically more visible, the Turkish-diaspora's needs are not seen as a priority.

The areas that LTSTF situates itself in are home to the greatest Turkish populations in the UK, & also home to some of the most underserved & underrepresented communities in the UK. According to Crime Rate UK, Enfield (priority place) is among the top 20 most dangerous boroughs in London, & in June 2022 had the worst crime rate in London for possession of weapons with the most common crimes involving violence & sexual offenses.

LTSTF's organizers are Turkish speakers & local to the festival's areas. They are familiar with both the socio-economic landscape of their target audiences, & the cultural differences between Turkish speaking communities in London; (Turkish/Kurdish/Alevi/Cypriot, & broader Eastern European, Middle Eastern communities, & GRT communities.)

LTSTF acts as a vehicle for the networking & strengthening social & creative relations; bettering the connections that Turkish-speaking communities share & ensuring that Turkish cultural expressions & art forms continue to thrive & evolve, even in a different cultural context.

LTSTF partners with local community organizations to reach target demographics & strengthen its community impact. Overcoming socio-economic barriers to participation, the festival will:

- extend 10% of all performance tickets for free to low-income-households & refugees, using the Deputy Leader of Enfield Council as a triage partner for distribution
- include free, hyper local workshops in the programme; encouraging participants to explore their own artistry in a Turkish-speaking setting; overcoming linguistic barriers to participation for immigrants & refugees
- partner with Edmonton Secondary School; creatively engaging local CYP
- host a free community talk & Q&A with Metin Akpinar; inspiring creative ambition for Turkish Speaking participants.

By platforming local Turkish acts alongside international artists in the festival's line up, career sitelines are increased for emerging minority artists, raising the profile of UK-based performers.

Delivering its entire festival programme (marketing, performances & workshops) in Turkish raises social & cultural capital for Turkish-speaking communities across London. By providing a Turkish-speaking context, the festival is better positioned to leverage the power of art to unite the diverse communities brought together by the Turkish language.

Delivering the festival in the Turkish language disrupts normative language culture in the UK, encouraging non-Turkish speakers to immerse themselves in alternative settings; developing understanding & empathy socially. English subtitles & show notes will be shared at theatre events for the inclusion of non-Turkish speakers.

Your planning

You've told us what you want to do and what you hope to achieve. We now need to understand how this will come together to be successfully delivered.

We need to know:

- Your project plan – what you're going to do and when
- Your plans for managing the project – you don't need to have managed a project before, but you need to show you've thought about what you'll do or who will support you
- Who you'll work with and how they'll contribute
- What your budget is and how you've worked it out, including paying everyone fairly
- How you will respond to challenges you might encounter

Project timeline

Project Start Date: 20/05/2024

Project End Date: 25/02/2025

You've told us the start and end date of your project. We need to know what will happen during your project. Creating a timeline shows the key tasks that your project is made up of.

We understand that plans can change over the life of a project, but we need to see that you have a plan in place to deliver your project.

To create the table, click the 'Add new item' icon on the left of the screen to add a project stage. To add more than one stage, use the 'Save and Add another' button.

The table at the bottom of the page will populate with the information you enter about the stages of your project.

Risks and challenges

There are risk and challenges to any project. Our funding can support you to take more risks than you might normally be able to. It may allow you to try new creative or cultural ideas, despite the unknowns and the possible financial or reputational risks.

Taking creative or cultural risk is important because it means that creativity and culture are always growing and changing.

It's important that you've thought about what the risks or challenges are. If they happen, you're then able to manage them and still deliver your project successfully.

If you want to understand more about risk, including the different types of risk, you can have a look at our Practitioners guide to identifying and managing risk information sheet.

What are the main risks and challenges to your project meeting its aims?

Up to 2000 characters

- What could go wrong?
- What might happen differently?

R1 - Technical Issues & Performance Quality: technical issues & and communication barriers between Turkish artists and UK staff could affect the smooth running of the festival's shows.

R2 - Cultural Sensitivity: given the multicultural environment that the festival delivers in, there is risk of cultural insensitivity or misunderstandings.

R3 - Talent Availability: unforeseen circumstances, such as illness, visa issues or scheduling conflicts, may result in last-minute cancellations by performers or workshop facilitators.

R4 - Language Barriers: communication between Turkish & English speakers could affect the festival programme, especially regarding the organization elements & communication among partners & performers.

R5 - Customer Journey: LTSTF comprises multiple performances and workshops that participants can opt into singularly. This runs the risk of inconsistent or low attendance at certain parts of the festival.

R6 - Tropes & Prejudice: Sub-cultures that the festival connects with regularly (eg. RGT communities) face social barriers to participation due to cultural tropes & prejudice.

R7 - Cultural Isolation: The festival runs the risk of reputationally isolating itself to only Turkish speakers welcome.

What will you do to manage these risks?

Up to 2000 characters

- What plans have you put in place?
- Have these actions worked before?

Mitigation 1: Technical Issues & Performance Quality: To ensure the highest performance quality, Turkish (international) artists will come with their own technical sound & lighting teams, & will be provided with a translator for fluid communication with the theatre staff.

M2: Cultural Sensitivity: LTSTF's team is multicultural & has an embodied understanding of the English-Turkish cultural dynamics relevant to the festival. As representatives of their target demographics, the team will ensure cultural sensitivity throughout the festival.

M3: Talent Availability: LTSTF will manage all artists' visas & travel ahead of time, & performer contracts will be secured to ensure agreements are legally binding. In the unlikely event of unforeseen circumstances, the festival will rely on their diverse & high-quality networks to manage risks.

M4: Language Barriers: LTSTF's core festival team are multilingual, as are most of the volunteers that support the festival's running. The festival will provide translation services for communication between venue staff & international performance teams.

M5 - Customer Journey: With multiple singular events, attendees are able to select the intensity of engagement that suits their capacity, schedule, & interest. Individual workshops will be booked in advance to manage numbers, & offer participants the opportunity to very gently try out new things.

M6 - Tropes & Prejudice: LTSTF holds an integrative approach to culture & diversity. By reaching out to communities directly via partner orgs & explicitly stating they are welcome, individuals who may have an aversion to participation are welcomed; countering tropes & prejudices against RGT & other marginalised communities.

M7 - Cultural Isolation: English subtitles & shownotes are provided throughout the festival, ensuring that non-Turkish speakers are not only welcomed, but able to engage the festival programme.

Safeguarding

You acknowledge that safeguarding is important in all projects working with the public. You acknowledge that if your project is funded you must sign up to Terms and Conditions that require you to have appropriate policies and procedures in place – and to put them into effect where needed – to support the safe delivery of the project.

About you / your organisation

We use all of this information in an anonymised way to help us see a clear picture of who we are supporting through Project Grants, and how this might need to change to ensure that, over time, the grants we make reflect the diversity of contemporary England.

We also use some of the information to help us make funding decisions.

Sometimes we prioritise supporting people and organisations who share characteristics that are underrepresented in recipients or beneficiaries of National Lottery Project Grants funding, so it helps us to know the characteristics of the individual or the organisation applying.

We believe that the creativity of each of us should be valued and given the chance to flourish, and every one of us should have access to a remarkable range of high-quality cultural experiences.

Equitable access to arts and culture funding is an important part of this. We believe the spread of who and what we invest in should reflect the makeup of the wider country we live in.

This is about us delivering on our Equality Objective:

We will ensure a more equitable distribution of our investment to improve opportunities for everyone, especially those with under-represented protected characteristics and from disadvantaged socio-economic groups.

We know from our data that Black, Asian and ethnically diverse people and disabled people are underrepresented as recipients and beneficiaries of National Lottery Project Grants funding. If you choose to tell us, information about your ethnicity and whether you identify as a disabled person may be used as part of our decision-making process. (If you're applying as an organisation, we'll use the information you give us about the characteristics of your organisation's board and/or senior management.) We will use this information combined with information about who your project will work with, and all the other information you give us about your project.

We will never share this information with others, except in an anonymised way.

If you're not comfortable sharing any of this information with us for this purpose, you can select 'Prefer not to say'.

Monitoring information

We use the information in this section to report how we have spent our funding from the National Lottery.

In this section, you must answer all the questions. If you prefer not to provide some of the information, you can tick the 'Prefer not to answer' box. We may use this information to report to the Government or to monitor the different backgrounds of people who receive grants.
